Acoustic Properties Tom McEnaney, 2017-06-15 *Acoustic Properties: Radio, Narrative, and the New Neighborhood of the Americas* discovers the prehistory of wireless culture. It examines both the coevolution of radio and the novel in Argentina, Cuba, and the United States from the early 1930s to the late 1960s, and the various populist political climates in which the emerging medium of radio became the chosen means to produce the voice of the people. Based on original archival research in Buenos Aires, Havana, Paris, and the United States, the book develops a literary media theory that understands sound as a transmedial phenomenon and radio as a transnational medium. Analyzing the construction of new social and political relations in the wake of the United States' 1930s Good Neighbor Policy, *Acoustic Properties* challenges standard narratives of hemispheric influence through new readings of Richard Wright's cinematic work in Argentina, Severo Sarduy's radio plays in France, and novels by John Dos Passos, Manuel Puig, Raymond Chandler, and Carson McCullers. Alongside these writers, the book also explores Che Guevara and Fidel Castro's *Radio Rebelde*, FDR's fireside chats, Félix Caignet's invention of the radionovela in Cuba, Evita Perón's populist melodramas in Argentina, Orson Welles's experimental New Deal radio, Cuban and U.S. "radio wars," and the 1960s African American activist Robert F. Williams's proto-black power *Radio Free Dixie*. From the doldrums of the Great Depression to the tumult of the Cuban Revolution, *Acoustic Properties* illuminates how novelists in the radio age converted writing into a practice of listening, transforming realism as they struggled to channel and shape popular power.

**The Beast in the Boudoir** Kathleen Kete, 2023-11-10 Kathleen Kete's wise and witty examination of petkeeping in nineteenth-century Paris provides a unique window through which to view the lives of ordinary French people. She demonstrates how that cliché of modern life, the family dog, reveals the tensions that modernity created for the Parisian bourgeoisie. Kete's study draws on a range of literary and archival sources, from dog-care books to veterinarians's records to Dumas's musings on his cat. The fad for aquariums, attitudes toward vivisection, the dread of rabies, the development of dog breeding—all are shown to reflect the ways middle-class people thought about their lives. Petkeeping, says Kete, was a way to imagine a better, more manageable version of the world—it relieved the pressures of contemporary life and improvised solutions to the intractable mesh that was post-Enlightenment France. The faithful, affectionate family dog became a counterpoint to the isolation of individualism and lack of community in urban life. By century's end, however, animals no longer represented the human condition with such potency, and even the irascible, autonomous cat had been rehabilitated into a creature of fidelity and affection. Full of fascinating details, this innovative book will contribute to the way we understand culture and the creation of class. This title is part of UC Press's *Voices Revived* program, which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice, reach, and impact. **Creating the Creole Island** Megan Vaughan, 2005-02 The island of Mauritius lies in the middle of the Indian Ocean, about 550 miles east of Madagascar. Uninhabited until the arrival of colonists in the late sixteenth century, Mauritius was subsequently populated by many different peoples as successive waves of colonizers and slaves arrived at its shores. The French ruled the island from the early eighteenth century until the early nineteenth. Throughout the 1700s, ships brought men and women from France to build the colonial population and from Africa and India as slaves. In *Creating the Creole Island*, the distinguished historian Megan Vaughan traces the complex and contradictory social relations that developed on Mauritius under French colonial rule, paying particular attention to questions of subjectivity and agency. Combining archival research with an engaging literary style, Vaughan juxtaposes extensive analysis of court records with examinations of the logs of slave ships and of colonial correspondence and travel accounts. The result is a close reading of life on the island, power relations, colonialism, and the process of cultural creolization. Vaughan brings to light complexities of language, sexuality, and reproduction as well as the impact of the French Revolution. Illuminating a crucial period in the history of Mauritius, *Creating the Creole Island* is a major contribution to the historiography of slavery, colonialism, and creolization across the Indian Ocean.
