A Trip to the Stars Nicholas Christopher, 2011-10-12 "A large, lavishly inventive novel . . . an American descendant of The Arabian Nights . . . erudite and artful entertainment."—The New York Times Book Review At a Manhattan planetarium in 1965, ten-year-old Enzo is whisked away from his young adoptive aunt, Mala. His abductor turns out to be a blood relative: his great-uncle Junius Samax, a wealthy former gambler who lives in a converted Las Vegas hotel surrounded by a priceless art collection and a host of fascinating, idiosyncratic guests. In Samax's magical world, Enzo receives a unique education and pieces together the mystery of his mother's life and the complicated history of his adoption. Back in New York, Mala only knows that Enzo has disappeared. After a yearlong search proves fruitless, she enlists in the Navy Nursing Corps and on a hospital ship off Vietnam falls in love with a wounded B-52 navigator, who disappears on his next mission. Devastated again, Mala embarks on a restless, adventurous journey around the world, hoping to overcome the losses that have transformed her life. Fusing imagination, scholarship, and suspense with remarkable narrative skill, Nicholas Christopher builds a story of tremendous scope, an epic tale of love and destiny, as he traces the intricate latticework of Mala's and Enzo's lives. Each remains separate from each other but tied in ways they cannot imagine—until the final miraculous chapter of this extraordinary novel. "A writer of remarkable gifts."—The Washington Post Book World "This labyrinthine novel . . . is animated by an encompassing lust for beauty."—The New Yorker "[Nicholas] Christopher is North America's García Márquez; Borges with emotional weight. . . . This is one of those rare books that, by connecting the stars, catches you in its web."—The Globe and Mail Includes an excerpt of Nicholas Christopher's *Tiger Rag*

**Star Trip** Eric Senabre, 2017-05-10 1968, Idaho. Dans sa maison perdue au milieu des champs de patates, May, 15 ans, s'occupe comme elle peut de son petit frère, depuis que ses parents sont partis précipitamment en mission. Pour le distraire de son handicap, elle lui fabrique en secret la navette spatiale de sa série préférée : Star Trip. Quelle n'est pas alors sa surprise de voir débarquer chez elle l'acteur principal de la série ! Le capitaine Burke se révèle très désagréable, mais il joue son rôle à la perfection et le petit garçon confond fiction et réalité... Sous l'impulsion de l'acteur, commence un voyage rocambolesque et drôlatique jusque dans l'Utah pour le lancement de la navette ! L'adolescente rebelle n'est pas dupe. Elle doute des bonnes intentions du capitaine Burke mais va tout faire pour fuir cette Amérique rurale profonde qui l'étouffe. Lauréat du Prix des Ados du Festival Livres et Musiques de Deauville.

If we could hop into a special ship and blast off, traveling billions of miles away from Earth, we'd see the Milky Way galaxy. In this book, readers take an incredible journey through that galaxy, exploring the universe and learning how it was formed and what will one day happen to these enormous groups of stars. From mysterious dark matter to the black holes at the center of galaxies, readers will also dive into the mysteries of the universe scientists have spent years trying to decipher.

*The Shooting Star* Shivya Nath,2018-09-14 Shivya Nath quit her corporate job at age twenty-three to travel the world. She gave up her home and the need for a permanent address, sold most of her possessions and embarked on a nomadic journey that has taken her everywhere from remote Himalayan villages to the Amazon rainforests of Ecuador. Along the way, she lived with an indigenous Mayan community in Guatemala, hiked alone in the Ecuadorian Andes, got mugged in Costa Rica, swam across the border from Costa Rica to Panama, slept under a meteor shower in

the cracked salt desert of Gujarat and learnt to conquer her deepest fears. With its vivid descriptions, cinematic landscapes, moving encounters and uplifting adventures, The Shooting Star is a travel memoir that maps not just the world but the human spirit.

Pour ne rien arranger, elle doit s'occuper seule de son petit frère Sam, handicapé et fou de science-fiction. Pourtant, un matin, tout bascule. L'idole de Sam, le capitaine Burke de la série culte Star Trip, débarque dans leur ferme sans crier gare. Le garçon n'en croit pas ses yeux. Quant à May, elle se demande bien pourquoi l'acteur insiste autant pour les entraîner dans une folle équipée. Et si c'était, malgré tout, le moyen d'échapper aux champs de patates et aux sermons ? Un sorcier indien, un shérif acharné et des joyeux dingues en série... C'est le début d'un rond trip mouvementé et psychédélique !
