📖 **When Your Horse Rears: How to Stop It** Keith Hosman,2012-07-15 Does it scare the devil out of you when your horse throws himself in the air? It should! Wanna make riding fun again? You can! But how? How do you fix this -- when the very touch of the reins sends your horse up and over? When things escalate so fast? Start by asking yourself what you were doing seconds before your horse reared the last time. The odds are pretty good you were trying to stop or back up - and you were applying even pressure on both reins as you asked. In **When Your Horse Rears: How to Stop It** we'll train your horse to accept pressures typically associated with stopping and backing and the like. We'll learn the theory and practice allowing us to soften and relax our horse, giving us greater control over his mind and various body parts. We'll teach respect for the bit while building smooth transitions from standing to walk to trot to lope. In the end, you'll be able to make ordinary requests, (to stop or back, for instance), without fear that your very pressure is an overt invitation to rear up. In fact, once you've put the time in, you'll be amazed at the difference made in your overall control, safety and enjoyment. With this guide, you will teach your horse to: - Keep his feet on the ground! - Deal (well) with increased pressure - Pick up the correct leads - Move his hips independently - Drop his head immediately - You can't make your horse stop rearing with a bigger, badder bit. You've got to retrain the brain. This downloadable book shows you the steps you must take to put an end to this scary and very dangerous habit: - Greatly improve your ground control - Get your horse amazingly soft on the bit - Greatly improve your brakes - Follow easy, step-by-step exercises for lasting changes - Cure a nightmare situation that could put you in the E.R.! This is true Do It Yourself training - and only you can decide if this is something you, personally, are up for. Horse training can be a dangerous activity - so if you have any doubts whatsoever in your abilities, then I suggest you purchase and read this book simply for the deeper understanding you will glean - and then hire a pro for help and guidance. **When Your Horse Rears: How to Stop It** is broken down into five days or sessions: - Day 1: Start turning your horse's first thoughts from fight to give - Day 2: Teach your horse respect for rein pressure -- and do it where you're safest: on the ground - Day 3: He can't rear with his head on the ground! Teach your horse to drop his head and calm down now - Day 4: Gain control of the hips and get a great way to calm or slow any horse in a bad situation - Day 5: Teach perfect transitions, tune up your brakes and nail your lead departures Plus, the second half of the book offers 9 more chapters you should know if you ride a rearing horse: - How to Pick Up Your Reins Like a Pro - The Reins: 5 Ways to Improve Your Use - Rider Checklists - Whoever Moves First, Loses - How to Teach a Horse to Pivot on Its Hindquarters - When You Get On, Do This First - Is My Horse Hard to Train... Because of His Feet? - See Yourself Leading When Riding - Training Magic: Release on the Thought See the first half of this book as a set of detailed instructions designed to fix your horse; see the second half as a way to develop and improve you the rider/trainer, your training habits and methods.

📖 **You Have to Stop This** Pseudonymous Bosch,2012-06-01 Do you want to finally, conclusively, and at (very) long last, learn the secret? Are you REALLY sure? Because now's your chance to escape... No? You're staying put? Have you any idea of what lies between these perilous pages? (How could you? ... except perhaps if you were to smell that faint aroma of musty mummy, or catch a glance of the deviously despicable Lord Pharaoh). Well, if you really want to learn the secret I suppose you'll have to read this. But you won't like it. The fifth and final fantastical adventure in the 'Secret' series in which Cass, Max-Ernest and Yo-Yoji are accused of stealing a very-valuable-and-not-to-be-touched ancient Egyptian mummy from the local museum. They are determined to clear their names, but after getting accidentally trapped in a crate with a mummified cat, the three youngest members of the Terces Society unwittingly find themselves on their way to the great pyramids of...Las Vegas. 📖 **Stop Missing Your Life** Cory Muscara,2019-12-31 Many of us live on autopilot, often so guarded that we don't experience the richness that life has to offer--so how can we find real happiness amid the chaos, so we don't reach the end of our life and feel like we missed it? In *Stop Missing Your Life*, mindfulness teacher Cory Muscara takes us on a journey into the heart of what is required for real change, growth, and happiness. He exposes how the phrase be present has become little more than a platitude, imbued with the misguided message to be present just for the sake of being present, and reveals how to achieve true presence: a quality of being that is unmistakably attractive about a person, and one that only comes when we've peeled back the layers of guarding that prevent us from being our full, honest, and integrated selves in the world. Muscara shows how we build internal walls, what he describes as a Pain Box inhibiting us from living a deeply connected and meaningful life. He offers a four-part FACE model (Focus, Allow, Curiosity, and Embodiment) that helps chip away at those walls and builds our capacity to experience the richness of our lives *Stop Missing Your Life* ultimately teaches how we can find peace in the chaos and become better people for our families, our communities, and our world.

📖 **Touch Him And Stop That Bleeding** Sebastien Fonji Kema,2022-06-13 Everyone in this lifetime has bled in one or more areas of life: be it physical, emotional, or spiritual. Many have been able to stop these bleedings, but for most, the bleedings persist to the point of limiting them from living their full potential and thereby fulfil destiny. This book draws inspiration from the Woman with the Issue of Blood in the Bible and sets out principles by which one can bring a stop to any bleeding area in life. As you immerse yourself in the reading of the content of this insightful book, you will know the various areas of life where you can bleed and learn how to stop the bleeding in these areas by touching Jesus. You will learn how to touch Jesus in this dispensation that He is not physically present, by touching the Word of God. There is no need for you to bleed anymore in any area of your life. You do not have to spend your life savings to stop any form of bleeding in your life. Jesus paid it all on the cross. If you can touch the Lord Jesus by touching His Word, in other words, believe His Word and act on the Word, then, the bleeding will stop. Chew the content of this book and see every bleeding in your life stop, to the glory of God.

🔍 **It’s Not the End** Matt Moore,2018-06-19 “Moore is a gardener of nightmares, artlessly turning over the dark soil in which the horrors that entangle ordinary people in their killing grasp bloom” (Michael Rowe, award-winning author of October). All these worlds, and more, await you . . . Only able to recall the memories of others, a ghost must solve the mystery of his own death. The zombie apocalypse is the gateway to a higher human consciousness. An amusement park of the future might turn you into the attraction. An engineer-turned-mercenary races to kill the savior of mankind. After the sky falls, can anyone still hope? Twenty-one horror and science fiction tales of the bizarre, the terrifying, the all-too-near future. “Subtle power, intelligence, and humanity are the hallmarks of Moore’s work. These stories are apt to stick in your mind like quills. They did in mine.”—Nick Cutter, national bestselling author of The Troop “Moore takes us on a multitude of wild rides. If there is one thing I can say about these, it’s that they are action-packed . . . Moore is also very good at wrenching emotion out of his readers, whether abject horror or discomfort, the effect is visceral and real.” —The Ottawa Review of Books “Like the best science fiction or horror writers out there, Moore’s talent doesn’t stop at combining the everyday with the speculative—the real magic is his character work.” —Black Gate

🔍 **Cutting the Fuse** Robert A. Pape,James K. Feldman,2010-10-07 Cutting the Fuse offers a wealth of new knowledge about the origins of suicide terrorism and strategies to stop it. Robert A. Pape and James K. Feldman have examined every suicide terrorist attack worldwide from 1980 to 2009, and the insights they have gleaned from that data fundamentally challenge how we understand the root causes of terrorist campaigns today—and reveal why the War on Terror has been ultimately counterproductive. Through a close analysis of suicide campaigns by Al Qaeda and other terrorist organizations in Iraq, Afghanistan, Pakistan, Lebanon, Israel, Chechnya, and Sri Lanka, the authors provide powerful new evidence that, contrary to popular and dangerously mistaken belief, only a tiny minority of these attacks are motivated solely by religion. Instead, the root cause is foreign military occupation, which triggers secular and religious people alike to carry out suicide attacks. Cutting the Fuse calls for new, effective solutions that America and its allies can sustain for decades, relying less on ground troops in Muslim countries and more on offshore, over-the-horizon military forces along with political and economic strategies that empower local communities to stop terrorists in their midst.

🔍 **STOP IT!**Mary Lansing, M.A., M.F.T.,2013-11 Have you ever witnessed an adult abusing a child in a public place and silently stood by because you didn’t know what to say or how to intervene? Stop It! will help the reader know how, when and whether to speak up when coming upon such a situation. It will guide you into developing non-confrontive intervention skills. Real stories supply you with anecdotes and strategies for shifting the tension, refocusing potentially violent situations. Reports of actual situations come from people who attempted to intervene, and from people experienced at intervening who provide innovative methods for stepping in. A five-step plan of action is introduced to take the witness from first awareness of the abuse scene to determining if and when to intervene in a compassionate manner. Encompassed in the plan is how to overcome fear, which often causes people to freeze during such an event, triggering inaction. Steps I and II, Awareness and Self Appraisal instruct the reader how to move through the fear. Step III Situation Appraisal will help you know when speaking up will be helpful or when staying silent is more appropriate. Steps IV and V, Rehearsal and Intervention, the final two steps, encourage the reader to take action with confidence and boldness.
