A Stopwatch from Grampa Loretta Garbutt,2020-04-07 A touching portrayal of the loss of a grandparent. "When summer started, I got Grampa's stopwatch," a small child says. "I don't want his stopwatch. I want him." Grampa used to time everything. A race to the end of the street and back: 24 seconds. Eating bubblegum ice cream: 1 minute, 58 seconds. But now, Grampa's gone. "There are no more Grampa minutes, Grampa seconds," the child says. "Time just stops." But as time goes on, the stopwatch becomes a cherished symbol of remembrance, and the child uses it to carry on Grampa's favorite pastimes and traditions. A treasured ritual from the past can sometimes offer the perfect bridge to the future.

Stopwatch Marketing John Rosen,AnnaMaria Turano,2008-01-31 How long does it take to buy a loaf of bread? A pair of shoes? A car? These are trick questions. Imagine a hundred potential customers in the same store, each holding a stopwatch. Some of their stopwatches are ticking very fast (grabbing a bottle of wine before a party), some glacially

slow (agonizing over the perfect bottle for a first date). Some, in fact, aren't ticking at all. For today's savvy marketers understanding how much time and energy consumers are willing to spend shopping for their product or service is the single most important (yet overlooked) factor in maximizing sales. After years of advising clients who sell everything from all-natural fruit juice to health insurance, John Rosen and AnnaMaria Turano have learned that capturing a consumer's attention at precisely the right time and holding it through the purchase decision requires a strategy that they call Stopwatch Marketing. It is the method of adjusting your marketing strategies to match the shopping styles of your customers. Stopwatch Marketing unveils a systematic way to capitalize on four different types of shopping styles—Recreational, Painstaking, Impatient, and Reluctant. Rosen and Turano also share the stories of how America's top brands put the concept of Stopwatch Marketing to work for them. You'll learn how: Goodyear turned Assurance with TripleTred tires into a billion-dollar success story built on a shopping cycle that takes less than an hour. Roto-Rooter became the only legitimate brand in its category by controlling the typical Yellow Pages users' 50-second search pattern. Whole Foods reinvented the supermarket shopping experience to slow down their customers' clocks. Microsoft exploits shoppers' reluctance to spend time researching alternatives to their Office software. Lexus begins targeting customers up to a year before they set foot inside a dealer showroom. In a world where consumers are assaulted with thousands of different marketing messages every day, the biggest challenge is to align the content and timing of your messages to the amount of time buyers have for hearing them. Stopwatch Marketing shows how to do just that and increase your bottom line as a result.

Fairy Stopwatch Emily Martha Sorensen,2017-10-03 Eileen comes from a long line of people who've had fairy senses. So when she gets a magic stopwatch that gives her the sense of chronoception, she knows exactly what she wants to do. A 12,000 word children's fantasy story.

Stopwatch Puzzles Helene Hovanec,2004 A deluxe package that will please young puzzle-lovers: An exciting collection of timed brainteasers, complete with a real stopwatch. Here is an awesome collection of timed brainteasers, complete with a real stopwatch. Ready, set, go! Set the stopwatch that comes with the book and find out how quickly you can correctly solve any one of these puzzles. You may think the questions are easy. But there's a catch: each puzzle is timed, and as the minutes tick away, keeping calm and cool becomes more and more challenging. Think fast! Time's up!

Grandpa's Stopwatch Loretta Garbutt,2021-10-28 Grandpa's favourite thing is a stopwatch, and he and his grandchild use it to time everything: racing to the end of the street and back (best speed: 24 seconds); the time it takes to eat a whole bubble gum ice

cream cone (1 minute, 58 seconds - brain freeze: 6 seconds); a snore-filled nap on the couch (20 minutes). When Grandpa dies, his grandchild inherits the beloved stopwatch. But the child doesn't want the stopwatch... 'I want him.' The child throws the stopwatch into the back of a drawer, sadness overwhelms, and everything feels different. Nothing seems right, now that Grandpa is gone. But with the passage of time, the comforting tick, tick, tick of the stopwatch, and happy memories, life does move forward...
