Investigation of The Baltimore City Police Department U. S. Department of Justice,2017-01-27 Throughout our investigation, we received the full cooperation and assistance of BPD and the City of Baltimore. We interviewed current and former City leaders, including current BPD Commissioner Kevin Davis and former commissioners. We also interviewed current and former officers throughout the BPD command structure. We participated in ride-alongs in each district, interviewed numerous current and former officers individually, and met with the leadership of the Baltimore City Lodge No. 3 of the Fraternal Order of Police, which represents all sworn BPD officers. We also heard from hundreds of people in the broader Baltimore community who shared information with our investigation. We met with religious organizations, advocacy groups, community support organizations, neighborhood associations, and countless individuals who provided valuable information about their experiences with BPD. We thank everyone for sharing their experiences and insights with us.

Frontline Policing in the 21st Century Sheldon F. Greenberg,2017-11-29 This book provides the “how to’s” of police patrol, focusing on how officers on the front line perform their duties (covering both skills and techniques), meet day-to-day challenges, and manage the tasks and risks associated with modern police patrol. Drawing on theory, research, and the experience of numerous practitioners, it provides practical daily checklists and guidance for delivering primary police services: • Conducting mobile and foot patrols • Completing a preliminary investigation • Canvassing a neighborhood • Developing street contacts • Building and sustaining trust • Delivering death notifications, and more. It features interviews with frontline officers, as well as both police chiefs and supervisors to examine the role of police officers in the 21st century and their partnership with, and accountability to, the communities they serve. In addition, this book explores how modern policing has evolved by examining the research, innovation, tradition, and technology upon which it is based. It provides new perspectives and ideas as well as basic knowledge of daily practices, offering value to new and experienced police and security personnel alike; students in criminal justice, law and public safety; community leaders; and others involved in advancing police operations and community well-being.
