Star Worlds William Sims Bainbridge,2016-10-19 A ground-breaking look at the paradox of technology to both liberate and enslave our current culture by noted scholar William Sims Bainbridge

Computer Simulations of Space Societies William Sims Bainbridge,2018-06-09 At the intersection of astronautics, computer science, and social science, this book introduces the challenges and insights associated with computer simulation of human society in outer space, and of the dynamics of terrestrial enthusiasm for space exploration. Never before have so many dynamic representations of space-related social systems existed, some deeply analyzing the logical implications of social-scientific theories, and others open for experience by the general public as computer-generated virtual worlds. Fascinating software ranges from multi-agent artificial intelligence models of civilization, to space-oriented massively multiplayer online games, to educational programs suitable for schools or even for the world's space exploration agencies. At the present time, when actual forays by humans into space are scarce, computer simulations of space societies are an excellent way to prepare for a renaissance

of exploration beyond the bounds of Earth.

Star Wars: Knights of the Old Republic Vol. 1--Commencement John Jackson Miller, Brian Ching, Travel Foreman; Travis Charest, 2006 Thousands of years before Luke Skywalker would destroy the Death Star in that fateful battle above Yavin 4, one lone Padawan would become a fugitive hunted by his own Masters, charged with murdering every one of his fellow Jedi-in-training! From criminals hiding out in the treacherous undercity of the planet Taris, to a burly, mysterious droid recovered from the desolate landscape of a cratered moon, Padawan Zayne Carrick will find unexpected allies in his desperate race to clear his name before the unmerciful authorities enact swift retribution upon him! • Collects Knights of the Old Republic #0-#6. • Set during the era of the smash-hit video games, Knights of the Old Republic features all-new characters in an action-packed adventure essential to any serious Star Wars devotee and the perfect introduction for anyone interested in exploring the universe beyond the movies!

Star Wars the Old Republic Encyclopedia Ian Ryan,Charles Boyd,James B. Jones,Hall Hood,Joanna Berry,Zach Bush,2012 A guided tour of the mysterious Star Wars™ galaxy during the turbulent times of the Old Republic Enter the world of The Old Republic, the new online Star Wars™ game franchise, with Star Wars™ The Old Republic Encyclopedia. Explore the characters, weapons, vehicles, events, locations and planets of the galaxy in the times of the Old Republic. Created in collaboration with LucasArts, this is more than just an encyclopedia - it is a guided tour of a dangerous, compelling and mysterious universe featuring amazing stills and plans from the groundbreaking video game. Star Wars™ The Old Republic Encyclopedia is a must-have for Star Wars™ fans of all ages.

Deceived: Star Wars Legends (The Old Republic) Paul S. Kemp,2011-03-22 The second novel set in the Old Republic era and based on the massively multiplayer online game Star Wars®: The Old Republic™ ramps up the action and brings readers face-to-face for the first time with a Sith warrior to

rival the most sinister of the Order's Dark Lords—Darth Malgus, the mysterious, masked Sith of the wildly popular “Deceived” and “Hope” game trailers. Malgus brought down the Jedi Temple on Coruscant in a brutal assault that shocked the galaxy. But if war crowned him the darkest of Sith heroes, peace would transform him into something far more heinous—something Malgus would never want to be, but cannot stop, any more than he can stop the rogue Jedi fast approaching. Her name is Aryn Leneer—and the lone Knight that Malgus cut down in the fierce battle for the Jedi Temple was her Master. And now she's going to find out what happened to him, even if it means breaking every rule in the book. Features a bonus section following the novel that includes a primer on the Star Wars expanded universe, and over half a dozen excerpts from some of the most popular Star Wars books of the last thirty years!

On Station, 2003

I Am a Sith (Star Wars) Golden Books, 2016-07-12 Meet Darth Vader, Darth Maul, Darth Sidious, and all of the villainous Sith from the epic Star Wars space saga! Featuring stunning retro illustrations,

this book is perfect for Star Wars—and Little Golden Book—fans of all ages.

Dynamic Secularization William Sims Bainbridge, 2017-05-11 This book discusses secularization, arguing that it may be more complex and significant than is generally recognized. Using a number of online exploration methods, the author provides insights into how religion may be changing, and how information technology might be energized in this process. Working from the premise that the relationship between science and religion is complex, the author demonstrates that while science has contradicted some specific religious beliefs, science itself may have been facilitated by beliefs formed many centuries ago. Science assists engineers in the development of powerful new technologies, and asserts that the universe is based on a set of fundamental principles that can be understood by humans through the assistance of mathematics. The challenging ideas discussed will benefit readers through sharing a variety of Internet-based research methods and cultural discoveries. The book provides a balance between quantitative methods, illustrated by 24 tables of statistics, and qualitative methods, illustrated by 30 screenshots of computer-generated virtual worlds. Analysis interweaves with

description, creating a sense of involvement in the experience of exploring online realities at the same time as radical insights are shared.

Property and Sovereignty James Charles Smith, 2016-04-15 This book explores the relationships between property and the concept of sovereignty from a number of different perspectives. It distinguishes between the dual meaning of 'sovereignty' in property discourse - political sovereignty and owner sovereignty. The contributors discuss the nature of sovereignty in both senses, applying it to a wide range of topics such as the evolution of property rights in fragile and conflict-affected nation states, and notions of sovereign property in new worlds. A section on the Arts illuminates the relationships between property, sovereignty, and culture, and a further section investigates regulatory property and governmental control over resources. The book concludes with an exploration of sovereign shaping of private property entitlements to achieve instrumental ends. This interesting collection will be valuable to those in the fields of legal philosophy, property theory, international and comparative law, and political sociology. Star Wars: Force and Destiny RPG Core Rulebook Fantasy Flight Games (Firm), 2015-05-15
Darkness engulfs the galaxy. Under the rule of the Dark Lords of the Sith, the Empire controls

countless star systems through fear and oppression. With the Jedi destroyed, seekers and sentinels, wardens and warriors, pathfinders and peacekeepers must learn to use the Force and restore peace and justice to the galaxy.

The Weirld (large-Print Edition) Mary Sisson, 2018-04-25 Treenie is seven years old and loves her doll Bear. She also loves her oldest sister and her brother, Violet and Dougie, who are always sweet and kind-at least on the weekends when they are home. Treenie feels somewhat less love for Becky, her surly, makeup-wearing, bug-fearing, 14-year-old sister who-like it or not-is home all the time. But Violet, Dougie, Becky, and even Bear have secrets-lots of secrets. An entire world of secrets, as Treenie is about to discover in this young-adult novel. A spell goes wrong, and Treenie finds herself in the magical, strange, and dangerous land her siblings have dubbed The Weirld! This large-print edition features 18-pt. sans serif type (Helvetica), 125% leading, block paragraphs, no word breaks, black print on white paper, and 1-inch margins.

Star Wars: The Old Republic Volume 2—Threat of Peace Rob Chestney, Alex Sanchez, Benjamin

Carr, É©, A look at the era of Star Wars: The Old Republic, written by one of the writers behind LucasArts and BioWare's massive multiplayer online game, Threat of Peace unveils a galaxy on the brink of destruction three hundred years after the events of Knights of the Old Republic! For decades, the Galactic Republic and the Sith Empire have been at war. The Sith have gained control of the Outer Rim, but their efforts to penetrate the Core Worlds have so far been thwarted. Now, representatives from both sides attempt to negotiate a peace treaty—but deception by the Sith puts the Jedi in an unfortunate position. • Collects Star Wars: The Old Republic #1-#27, which appeared originally online at swtor.com. • Bonus behind-the-scenes content found nowhere else! • Written by Rob Chestney, one of the writers behind the game! • Critical events prior to LucasArts and BioWare's massive multiplayer online game! • Discover more of the newest Star Wars era!

The Latecomer Jean Hanff Korelitz,2022-05-31 *A New York Times Notable Book of 2022* *A Washington Post Notable Work of Fiction* *An NPR Best Book of the Year* *A New Yorker Best Book

of 2022* From the New York Times bestselling author of *The Plot*, Jean Hanff Korelitz's *The Latecomer* is a layered and immersive literary novel about three siblings, desperate to escape one another, and the upending of their family by the late arrival of a fourth. *The Latecomer* follows the story of the wealthy, New York City-based Oppenheimer family, from the first meeting of parents Salo and Johanna, under tragic circumstances, to their triplets born during the early days of IVF. As children, the three siblings – Harrison, Lewyn, and Sally – feel no strong familial bond and cannot wait to go their separate ways, even as their father becomes more distanced and their mother more desperate. When the triplets leave for college, Johanna, faced with being truly alone, makes the decision to have a fourth child. What role will the “latecomer” play in this fractured family? A complex novel that builds slowly and deliberately, *The Latecomer* touches on the topics of grief and guilt, generational trauma, privilege and race, traditions and religion, and family dynamics. It is a profound and witty family story from an accomplished author, known for the depth of her character studies, expertly woven storylines, and plot twists.
