For fans stirred by the cerebral lyrics of SOAD albums *Hypnotize*, *Mesmerize*, *Steal This Album!*, *Toxicity*, and their first, self-titled breakthrough—and for everyone enthusiastic about Serj's solo album, *Imperfect Harmonies*—this essential, one-of-a-kind collection of Tankian's innermost thoughts and feelings is a must-read. Unique illustrations punctuate nearly 70 poems—almost none of which have ever been published before. *Glaring through Oblivion* is an indispensable find for any true fan.

Cool Gardens Serj Tankian,2002-10 In this previously self-published book of poems, the lead singer of the Grammy-nominated metal band, System of a Down, gives readers a glimpse into his life and thoughts over the past eight years. Includes original artwork by Sako Shahinian, a young Los Angeles-based artist. Full color.

Down with the System SERJ. TANKIAN,2024-05-14 The incredible first memoir by System Of A Down frontman Serj Tankian With nearly 40 million record sales, three albums topping the Billboard charts, a Grammy win and a legion of fans, System Of A Down are one of the biggest metal bands on the planet. At their core has always been Serj Tankian, whose journey from the streets of Beirut to rock superstardom is as remarkable and unlikely as you'll get. By dint of luck, circumstance, struggle, and more than a little talent, Serj has had the chance to live an extraordinary life. In *Down With the System*, he retraces this remarkable and unlikely journey, and explores what it's taught him - about music, about art, about activism, and about himself. From teaming up with Tom Morello to push social justice causes on unsuspecting metalheads, arguing with LAPD officers over the best way to quell his rioting fans, and traveling with Anthony Bourdain through Armenia one meal at a time, *Down With the System* is an immigrant's tale, an activist's awakening, and rock memoir unlike any other.

System of a Down System of a Down,2002 The All Music Guide calls SOAD's 2002 release heavy without being a burden, political without being condescending, and in some cases, downright beautiful. Our matching folio features note-for-note guitar transcriptions with tab for all 16 songs: A.D.D. * Boom! * Bubbles * Chic 'N' Stew * Ego Brain * Highway Song * Pictures * Roulette * Streamline * Thetawaves * and more. System of a Down - Right Here in Hollywood Ben Myers,2016-04-27 THE FIRST AND ONLY BOOK ON ONE OF THE WORLD'S BIGGEST SELLING BANDS Spewed forth from the loins of mid-1990s southern California, System of a Down have evolved from a cult band whose demo tapes swapped hands voraciously on the metal underground to one of the world's biggest acts. Relentless early gigging spread a word-of-mouth hype around them that soon created major label interest and the gold-selling eponymous debut album. Despite their ultra-hard music and dark undertones, SOAD have always managed to break out of the underground. Show-stealing support slots with Ozzy Osbourne and Slayer propelled the band to new heights, but it was their second album, the seminal *Toxicity*, that turned SOAD from an underground phenomenon into a mainstream smash. After the release of their globally acclaimed hit album *Mesmerize*, SOAD had shifted in excess of 25 million albums. With exclusive new interviews with the band and major players involved in their story; Ben Myers' book will be the first and the definitive account of this remarkable band.

Down with the System Serj Tankian,2024-05-14 An exhilarating, thoughtful, and beautifully written memoir by musician, songwriter, and lead singer-lyricist of Grammy award-winning metal band, System Of A Down, Serj Tankian. Serj Tankian will be the first to

admit that his band, System Of A Down, was “unlikely a chart-topper as had ever existed in modern music history: a band of Armenian-Americans playing a practically unclassifiable clash of wildly aggressive metal riffs, unconventional tempo-twisting rhythms, and Armenian folk melodies, with me alternately growling, screaming, and crooning lyrics that could pivot from avant-garde silliness to raging socio-political rants in the space of a single line.” After all, as Serj concedes, “it’s not easy listening.” Even so, there’s no doubt that System’s music had struck a chord with millions of listeners across the globe ever since they burst on the scene in the mid-1990s. With nearly 40 million album sales, three albums topping the Billboard charts, and a devoted legion of fans, the band dominated the alt-rock and metal scenes just as the world hurtled into a new millennium, redefining the very idea of what rockstars could and couldn’t talk about, could and couldn’t do, could and couldn’t represent. In *DOWN WITH THE SYSTEM*, Serj presents readers with a memoir that is far more than just a rock ‘n’ roll fable. It’s an immigrant’s tale, it’s an activist’s awakening, and it’s a spiritual journey from darkness toward light. And all of this comes down to the fact that Serj himself has had the chance to live an extraordinary life—thanks to a combination of luck, circumstance, struggle, talent, and spiritual awakening. Born to Armenian parents in Beirut, Serj grows up hearing bombs drop outside his childhood home during the country’s civil war, before moving to Los Angeles at the age of seven. As a young man, he is immersed in the SoCal community of “Little Armenia,” learning more and more about the brutal genocide faced by his ancestors while helping his parents adapt to the constraints and contradictions of the American Dream. Then, during a pivotal drive home from an LSAT class, Serj decides to turn away from a promising future in business and law to make music instead—a decision that leads him to touring five continents as the lead singer of a hugely popular rock band, hitting number #1 on the Billboard album charts the morning of 9/11, and then having the hit single from the same album banned from radio two days later. In the years that follow, his uniquely singular story continues, as he evades glass bottles hurled at a cancelled show by angry Slayer fans, teams up with Tom Morello to push social justice causes on unsuspecting metalheads, argues with LAPD officers over the best way to quell rioting fans, and defines new sounds and singing tactics with Rick Rubin. Braiding together Serj’s thought-provoking insight with heartfelt and poetic prose, *DOWN WITH THE SYSTEM* retraces Serj’s remarkable and unlikely journey, and explores what it’s taught him—about music, about art, about activism, and about himself. It’s an unforgettable ride that will leave you breathless—and an absolute delight for new fans and old ones alike.

Dumbing Down Magnus Henrekson, Johan Wennström, 2022-02-20 This open access book examines the challenges and issues caused by a move to a marketized education system in Sweden. Observing the introduction of the school voucher system and a postmodern social constructivist view of knowledge, the move away from objective knowledge is identified as the core reason for Sweden's current education crisis. The impact of declining education standards on the labor market is also discussed. This book highlights the issues seen in Sweden and suggests policies that can improve education in the rest of the Western world as well. It will be relevant to students and researchers interested in education and labor economics.

An Elegant Puzzle Will Larson, 2019-05-20 A human-centric guide to solving complex problems in engineering management, from sizing teams to handling technical debt. There's a saying that people don't leave companies, they leave managers. Management is a key part of any organization, yet the discipline is often self-taught and unstructured. Getting to the good solutions for complex management challenges can make the difference between fulfillment and frustration for teams—and, ultimately, between the success and failure of companies. Will Larson's *An Elegant Puzzle* focuses on the particular challenges of engineering management—from sizing teams to handling technical debt to performing succession planning—and provides a path to the good solutions. Drawing from his experience at Digg, Uber, and Stripe, Larson has developed a thoughtful approach to engineering management for leaders of all levels at companies of all sizes. *An Elegant Puzzle* balances structured principles and human-centric thinking to help any leader create more effective and rewarding organizations for engineers to thrive in.
