**Japonia w regionie i regionalizmie Azji Wschodniej w XXI wieku** Sebastian Bobowski,2018-09-03 Celem autora było scharakteryzowanie roli Japonii w regionie i regionalizmie Azji Wschodniej w XXI wieku z uwzględnieniem uwarunkowań endogenicznych oraz egzogenicznych aktywności kraju na arenie międzynarodowej w dziedzinach handlu, finansów i dyplomacji, w tym przesłanek oraz przejawów rywalizacji o przywództwo regionalne w gronie państw o takich aspiracjach. Studium doktryny politycznej i gospodarczej Japonii towarzyszy analiza wskaźników makroekonomicznych kraju, międzynarodowych przepływów handlowych i inwestycyjnych, jak również przegląd inicjatyw instytucjonalnych w każdej z trzech form regionalizmu z perspektywy strony japońskiej oraz studium partnerstwa gospodarczego i politycznego Japonia – ASEAN w XXI wieku. Rozważania osadzone są w dyscyplinie nauk ekonomicznych (szczególnie ekonomii międzynarodowej), z uwzględnieniem dorobku nauk humanistycznych i społecznych (szczególnie subdyscypliny nauk o polityce, tj. stosunków międzynarodowych) w celu uchwycenia czynnika instytucjonalnego, politycznego oraz społecznego studiowanej problematyki. Intencją autora było odwołanie do możliwie aktualnych informacji i danych dostępnych w oficjalnych bazach międzynarodowych organizacji, instytutów badawczych, czasopism oraz administracji publicznej w celu uzyskania pełnego, aktualnego stanu opisywanych zjawisk.

**Regional Environmental Politics in Northeast Asia** Jeongwon Bourdais Park,2018-11-12 The share of global CO2 emissions from the core Northeast Asian (NEA) countries in 2015 was estimated to be as high as 33.63 percent. Representing 28.21, 3.67, and 1.75 percent of total global emissions, China, Japan, and South Korea were ranked the first, fifth, and seventh largest contributors, respectively. Some parts of China, the Republic of Mongolia, the Russian Far East, and Southeast Asia have long been on serious alert due to accelerated deforestation. With their rapid population growth and economic development, the core countries of Northeast Asia are responsible both directly and indirectly for numerous environmental problems. Urgent individual and collective action is required from the region's governments. Against the backdrop of debate on how to understand Northeast Asia as a region, Park focuses on the major regional economies of China, Japan, and South Korea, along with Russia, North Korea, and the Republic of Mongolia, due to both their geopolitical proximity and their significance to the region. The author attempts to answer the questions: How far has regional environmental cooperation progressed in Northeast Asia?; and Why are Northeast Asian countries reluctant to cooperate further on urgent transboundary and regional environmental issues?

**Feminist (Im)Mobilities in Fortress(ing) North America** Amy Lind,Marianne H. Marchand,2016-04-15 Since the establishment of the North American Free Trade Agreement (NAFTA) tensions concerning immigration trends and policies, which continued to escalate at the turn of the millennium resulted in revised national security policies in Mexico, Canada, and the United States. These tensions have catalyzed the three governments to rethink their political and economic agendas. While national feminist scholarship in and on these respective countries continue to predominate, since NAFTA, there has been increasing feminist inquiry in a North American regional frame. Less has been done to understand challenges of the hegemonies of nation, region, and empire in this context and to adequately understand the meaning of (im)mobility in people's lives as well as the (im)mobilities of social theories and movements like feminism. Drawing from current feminist scholarship on intimacy and political economy and using three main frameworks: Fortressing Writs/Exclusionary Rights, Mobile Bodies/Immobile Citizenships, and Bordered/Borderland Identities, a handpicked group of established and rising feminist scholars methodically examine how the production of feminist knowledge has occurred in this region. The economic, racial, gender and sexual normativities that have emerged and/or been reconstituted in neoliberal and securitized North America further reveal the depth of regional and global restructuring.

*Everybody Wants to Rule the World* R "Ray" Wang,2021-07-13 Which kinds of companies will thrive and which will get crushed by the powerful forces in the global business landscape now at work? This groundbreaking new guide will help you adapt and change your business to thrive among digital giants, including Google, Facebook, and Amazon. Drawing on considerable original research and case studies from Wang's acclaimed firm, Constellation Research, this groundbreaking guide reveals which kinds of companies will thrive and which will get crushed by the powerful forces now at work. Ultimately, you will understand how the business world is changing in the face of extreme competition and, most importantly, you will learn how to adapt now to stay relevant and in demand. *Everybody Wants to Rule the World* will help you: Understand the power of Data-Driven Digital Networks and how they have driven the most successful companies of our time. Learn how extreme consolidation is changing the global business landscape and what this means for businesses of all types and sizes in terms of understanding where you fit in the value chain. Gain insights into what innovative companies are doing right now to position themselves in this new reality. Take your business from status quo to market leader.

**The Corporate Directory of US Public Companies 1995** Elizabeth Walsh,2016-06-11 This valuable and accessible work provides comprehensive information on America's top public companies, listing over 10,000 publicly traded companies from the New York, NASDAQ and OTC exchanges. All companies have assets of more than \$5 million and are filed with the SEC. Each entry describes business activity, 5 year sales, income, earnings per share, assets and liabilities. Senior employees, major shareholders and directors are also named. The seven indices give an unrivalled access to the information.

**Foreign Aid for Indian NGOs** Pushpa Sundar,2020-11-29 This book explores what difference development aid has made to the size, complexity, style of functioning, values and future direction of the NGO sector in India. It does this, first, by giving a comprehensive documentation of the experience of Indian NGOs with foreign aid since Independence. Simultaneously, it also analyses, in a broad historical perspective, some of the issues which are the subject of contemporary debate regarding the voluntary sector and aid, such as who decides 'what' is development and 'how' it should be brought about; whether foreign donors have hidden agendas, and if their aid amounts to cultural imperialism; and whether aid has made NGOs more self-reliant. The book also looks at the tripartite relationship between NGOs, donors, and governments, examining, for instance, whether the government is justified in imposing restrictions on receipt of funds by NGOs on the grounds that terrorist activities and religiously motivated communal strife are often financed with funds from abroad, with NGOs being used as fronts for both.
