No More Teaching a Letter a Week Rebecca McKay, William H. Teale, 2015 Letter-a-week may be a ubiquitous approach to teaching alphabet knowledge, but that doesn't mean it's an effective one. In No More Teaching a Letter a Week, early literacy researcher Dr. William Teale helps us understand that alphabet knowledge is more than letter recognition, and identifies research-based principles of effective alphabet instruction, which constitutes the foundation for phonics teaching and learning. Literacy coach Rebecca McKay shows us how to bring those principles to life through purposeful practices that invite children to create an identity through print. Children can and should do more than glue beans into the shape of a B; they need to learn how letters create words that carry meaning, so that they can, and do, use print to expand their understanding of the world and themselves.

A Letter from Your Teacher Shannon Olsen, 2022-03 From the author and illustrator of Our Class is a Family, this touching picture book expresses a teacher's sentiments and well wishes on the last day of school. Serving as a follow up to the letter in A Letter From Your Teacher: On the First Day of School, it's a read aloud for teachers to bid a special farewell to their students at the end of the school year. Through a letter written from the teacher's point of view, the class is invited to reflect back on memories made, connections formed, and challenges met. The letter expresses how proud their teacher is of them, and how much they will be missed. Students will also leave on that last day knowing that their teacher is cheering them on for all of the exciting things to come in the future. There is a blank space on the last page for teachers to sign their own name, so that students know that the letter in the book is coming straight from

them. With its sincere message and inclusive illustrations, *A Letter From Your Teacher: On the Last Day of School* is a valuable addition to any elementary school teacher's classroom library.

*When You Learn the Alphabet* Kendra Allen, 2019-04-15 Kendra Allen's first collection of essays—at its core—is a bunch of mad stories about things she never learned to let go of. Unifying personal narrative and

cultural commentary, this collection grapples with the lessons that have been stored between parent and daughter. These parental relationships expose the conditioning that subconsciously informed her ideas on social issues such as colorism, feminism, war-induced PTSD, homophobia, marriage, and “the n-word,” among other things. These dynamics strive for some semblance of accountability, and the essays within this collection are used as displays of deep unlearning and restoring—balancing trauma and humor, poetics and reality, forgiveness and resentment. When You Learn the Alphabet allots space for large moments of tenderness and empathy for all black bodies—but especially all black woman bodies—space for the underrepresented humanity and uncared for pain of black girls, and space to have the opportunity to be listened to in order to evolve past it.

**Learning About Animals Through the Alphabet** Vicki L. Scheiderer, 2015-11-11 Teach your child or class letters and phonics while also learning about animals. Children learn their letters and sounds best when they can associate them with something they enjoy. In this unit study, each letter is associated with an animal; which goes along with a snack, craft, song or fingerplay, reading list, worksheets and information sheets covering each animal. Your student will learn where the animal is located in the US, some of their habits, including their diet and sleeping habits, as well as an interesting fact about each animal. Have fun while learning/teaching your child or an entire classroom! You can either use the sheets directly out of the book for use with one child or make as many copies as you'd like to use with an entire classroom of children. All of the research and work has been done for you. All you have to do is open the book and go! You have enough material to cover an entire year's worth of teaching preschool or

kindergarten.
