A Management System for Evaluating the Virginia Periodic Motor Vehicle Inspection Program Deborah Mitchell, Jerry L. Korf, Philip S. Harris, 1978 This report deals with the Periodic Motor Vehicle Inspection Management Evaluation System software documentation and implementation procedures. A companion report entitled **A Management System for Evaluating the Virginia Periodic Motor Vehicle Inspection Program** by Deborah Mitchell gives the genesis of this project, describes the development of the sampling procedure, and explains the results of the pilot study used to test the system. It should be noted that the authors designed this present document expressly for the use of the Department of State Police and not for general distribution. The report is thus appropriately narrow in scope and would be of limited value outside the Department.
