**The Art of Public Speaking** Dale Carnegie, Wyatt North, 2013-09-08 *The Art of Public Speaking* is a fantastic introduction to public speaking by the master of the art, Dale Carnegie. Public speaking is the process of speaking to a group of people in a structured, deliberate manner intended to inform, influence, or entertain the listeners. It is closely allied to presenting, although the latter has more of a commercial connotation. In public speaking, as in any form of communication, there are five basic elements, often expressed as who is saying what to whom using what medium with what effects? The purpose of public speaking can range from simply transmitting information, to motivating people to act, to simply telling a story. Good orators should be able to change the emotions of their listeners, not just inform them. Public speaking can also be considered a discourse community. Interpersonal communication and public speaking have several components that embrace such things as motivational speaking, leadership/personal development, business, customer service, large group communication, and mass communication. Public speaking can be a powerful tool to use for purposes such as motivation, influence, persuasion, informing, translation, or simply entertaining. A confident speaker is more likely to use this as excitement and create effective speech thus increasing their overall ethos. Dale Breckenridge Carnegie (originally Carnagey until 1922 and possibly somewhat later) (November 24, 1888 – November 1, 1955) was an American writer, lecturer, and the developer of famous courses in self-improvement, salesmanship, corporate training, public speaking, and interpersonal skills. Born in poverty on a farm in Missouri, he was the author of *How to Win Friends and Influence People* (1936), a massive bestseller that remains popular today. He also wrote *How to Stop Worrying and Start Living* (1948), *Lincoln the Unknown* (1932), and several other books. Perhaps one of Carnegie's most successful marketing moves was to change the spelling of his last name from "Carnagey" to Carnegie, at a time when Andrew Carnegie (unrelated) was a widely revered and recognized name. By 1916, Dale was able to rent Carnegie Hall itself for a lecture to a packed house. Carnegie's first collection of his writings was *Public Speaking: a Practical Course for Business Men* (1926), later entitled *Public Speaking and Influencing Men in Business* (1932). His crowning achievement, however, was when Simon & Schuster published *How to Win Friends and Influence People*. The book was a bestseller from its debut in 1936, in its 17th printing within a few months. By the time of Carnegie's death, the book had sold five million copies in 31 languages, and there had been 450,000 graduates of his Dale Carnegie Institute. It has been stated in the book that he had critiqued over 150,000 speeches in his participation in the adult education movement of the time. During World War I he served in the U.S. Army. One of the core ideas in his books is that it is possible to change other people's behavior by changing one's reaction to them.

*The Art of Public Speaking* Joseph Berg Esenwein, Dale Carnegie, 1915 ACQUIRING CONFIDENCE BEFORE AN AUDIENCE There is a strange sensation often experienced in the presence of an audience. It may proceed from the gaze of the many eyes that turn upon the speaker, especially if he permits himself to steadily return that gaze. Most speakers have been conscious of this in a nameless thrill, a real something, pervading the atmosphere, tangible, evanescent, indescribable. All writers have borne testimony to the power of a speaker's eye in impressing an audience. This influence which we are now considering is the reverse of that picture--the power \_their\_ eyes may exert upon him, especially before he begins to speak: after the inward fires of oratory are fanned into flame the eyes of the audience lose all terror.

**I Have Something to Say** John Bowe, 2020-08-11 A veteran journalist discovers an ancient system of speech techniques for overcoming the fear of public speaking—and reveals how they can profoundly change our lives. In 2010, award-winning journalist John Bowe learned that his cousin Bill, a longtime extreme recluse living in his parents' basement, had, at the age of fifty-nine, overcome a lifetime of shyness and isolation—and gotten happily married. Bill credited his turnaround to Toastmasters, the world's largest organization devoted to teaching the art of public speaking. Fascinated by the possibility that speech training could foster the kind of psychological well-being more commonly sought through psychiatric treatment, and intrigued by the notion that words can serve as medicine, Bowe set out to discover the origins of speech training—and to learn for himself how to speak better in public. From the birth of democracy in Ancient Greece until two centuries ago, education meant, in addition to reading and writing, years of learning specific, easily taught language techniques for interacting with others. Nowadays, absent such education, the average American speaks 16,000 to 20,000 words every day, but 74 percent of us suffer from speech anxiety. As he joins Toastmasters and learns, step-by-step, to successfully overcome his own speech anxiety, Bowe muses upon our record levels of loneliness, social isolation, and political divisiveness. What would it mean for Americans to learn once again the simple art of talking to one another? Bowe shows that learning to speak in public means more than giving a decent speech without nervousness (or a total meltdown). Learning to connect with others bestows upon us an enhanced sense of freedom, power, and belonging.

Public Speaking for Success Dale Carnegie, 2006-05-04 Dale Carnegie, author of the legendary *How to Win Friends and Influence People*, began his career as the premier life coach of the twentieth century by teaching the art of public speaking. Public speaking, as Carnegie saw it, is a vital skill that can be attained through basic and repeated steps. His classic volume on the subject appeared in 1926 and was revised twice—in shortened versions—in 1956 and 1962. This 2006 revision—edited by a longtime consultant to Dale Carnegie & Associates, Inc., and the editor in charge of updating *How to Win Friends and Influence People*—is the definitive one for our era. While up-to-date in its language and points of reference, *Public Speaking for Success* preserves the full range of ideas and methods that appeared in the original: including Carnegie's complete speech and diction exercises, which follow each chapter, as the author originally designated them. This edition restores Carnegie's original appendix of the three complete self-help classics: *Acres of Diamonds* by Russell H. Conwell, *As a Man Thinketh* by James Allen, and *A Message to Garcia* by Elbert Hubbard. Carnegie included these essays in his original edition because, although they do not directly relate to public speaking, he felt they would be of great value to the readers. Here is the definitive update of the best-loved public-speaking book of all time.
