

The Great Paranormal Clash

Billy Roberts

The Great Paranormal Clash Ciarán O'Keeffe, 2008 A tense dialogue between two different sides of the paranormal debate. Billy Roberts, one of the UK's leading stage psychics, throws down the gauntlet to Dr. O'Keeffe, sceptical voice to paranormal shows such as Living TV's Most Haunted and Jane Goldman Investigates. The Clairvoyant is saying - Poltergeists, ghosts, telepathic powers - how can you not believe?! And in sections devoted to different paranormal topics, The Clairvoyant and The Parapsychologist provide their opinions, formed from years of experience, and then interrogate each other. Just listen to what each has to say, and then make up your own mind.

Psychology of a Medium Billy Roberts, 2012-08-31 Psychology of a Medium is a look at the paranormal from two very different perspectives, with a consideration of the sceptics as well as the devotees of the paranormal. It explores the implications and advantages of the paranormal, posing the all-important question: 'Why are the majority of people so fascinated with the subject?' The author looks at the so-called 'Haunted House' phenomenon and the psychological factors behind those with an interest in the subject. Psychology of a Medium contains anecdotal evidence as well as the author's own experience and considers 'fake' as well as genuine mediums, with an analysis of various styles and techniques.

So You Want to be Psychic? Billy Roberts, 2012-01-01 Clairvoyance, healing, precognition, and mediumship: these are all examples of psychic powers that anyone can develop--thanks to the simple techniques and exercises developed by renowned psychic Billy Roberts. His methods--refined to perfection in Roberts's extensive workshops--draw upon Eastern and metaphysical traditions

and are adapted to appeal to secular and spiritual seekers alike.

When Spirits Clash Tricia Alley,2022-01-17 Do you sense there's more going on around you than meets the eye? Do you know the ancient Bible confirms you're right and explains the paranormal? Millions of people are intrigued about unexplained super-natural activity and how it relates to aliens. In America, the notorious 1948 alien landing at Roswell still raises questions. Recently, a number of people have demanded the government reveal what's hidden at the desert Air Force Base, called Area 51. They even threatened to gather protesters and storm the area! *When Spirits Clash: Uncovering the Alien Reptile* seeks to explore what the thousands-year-old Bible says about spirits that inhabit the earth, its atmosphere, and beyond. As humans, we too are spiritual beings, and according to the Bible, there's an invisible war among spirits in which humans may be naive participants. These undetected spiritual conflicts produce outcomes that manifest into actual physical realities in our world.

Tales Told at Midnight Along the Rio Grande Valley

Byliners,2006-12 Tales Told at Midnight Along the Rio Grande: A great river with two names forms the southern boundary of Texas. Here, two cultures clash and old world ghosts collide with new. Two peoples create their myths and legends, each with their own heroes and villains, lovers and friends, natural and supernatural. Collected and created by the Valley Byliners are 34 such tales suitable for those darkest hours. The members of the Valley Byliners, whose history as an organization stretches back to the 1940s, have come together to produce a fourth book. The writers sincerely hope you'll be amazed and thrilled. Perhaps you'll feel the chill of something other-worldly at your back as you read their latest offering.

Clash of Kings Faith Gibson,2023-11-24 He's a Gargoyle King. A trusted friend. A fierce warrior. Sebastian Stone is ready to take his place as Gargoyle King. Like his father before him, Bas has the strength of their Clan to aid in his rule. The only thing missing is his Queen. He encountered the she-wolf as a teen, but before they could meet, she vanished. Ten years later, and Bas has resigned himself to living life as a solitary Gargoyle. Things are changing in the shifter world, and Bas has taken it upon himself to search out and meet with other Alphas to keep their secret safe. Things are going well until he runs into a different kind of king - one who is determined to undermine Sebastian at every turn. She's a wolf shifter. A bartender. A romantic fool. Dakota Young is unlike the other single females of her pack who'd do anything to become the Alpha Mate. There's a reason she refuses the bond, one only her family and best friend knows. Dakota believes a man from her past, one who is likely dead, will somehow find her. The notion is far-fetched, but Dakota is

nothing if not stubborn. With each day that passes, it gets harder to stick to her guns and not fall prey to the demands of her pack. With both the Alpha and her father breathing down her neck, Dakota makes a rash decision. Just when she's ready to move on with her life, fate intervenes. Two alphas are vying for the same female. When the claws come out, will either King still be standing? The next generation is here. The kids from The Stone Society and The Hounds of Zeus MC series have grown up, and it's their turn to protect humans while keeping their own existence hidden. And if they find their mates along the way? Even better. It isn't necessary to have read the two original series, but you will find more of the characters' back-stories there.

Ancient Magic and the Supernatural in the Modern Visual and Performing Arts Filippo Carlà-Uhink, Irene Berti, 2015-04-23 To what extent did mythological figures such as Circe and Medea influence the representation of the powerful 'oriental' enchantress in modern

Western art? What role did the ancient gods and heroes play in the construction of the imaginary worlds of the modern fantasy genre? What is the role of undead creatures like zombies and vampires in mythological films? Looking across the millennia, from the distrust of ancient magic and oriental cults, which threatened the new-born Christian religion, to the revival and adaptation of ancient myths and religion in the arts centuries later, this book offers an original analysis of the reception of ancient magic and the supernatural, across a wide variety of different media – from comics to film, from painting to opera. Working in a variety of fields across the globe, the authors of these essays deconstruct certain scholarly traditions by proposing original interdisciplinary approaches and collaborations, showing to what extent the visual and performing arts of different periods interlink and shape cultural and social identities.

Clashes of Knowledge Peter Meusburger, Michael Welker, Edgar Wunder, 2008-04-15 Do traditional distinctions between belief and knowledge still make sense? How are differences between knowledge and belief understood in different cultural contexts? This book explores conflicts between various types of knowledge, especially between orthodox and heterodox knowledge systems, ranging from religious fundamentalism to heresies within the scientific community itself. Beyond addressing many fields in the academy, the book discusses learned individuals interested in the often puzzling spatial and cultural disparities of knowledge and clashes of knowledge.
