**The Half a Million Pound Girl** Sarah Burge,Derek Clements,2011 Sarah Burge has led no ordinary life. Perhaps better known as the 'Real Life Barbie' owing to her extensive plastic surgery. Sarah has become a darling of the press but her life hasn't always been easy and her autobiography is a mix of heart wrenching highs and lows.

*The Barn* Edmund Romilly,2011-05-18 Kelly was an ordinary and honourable man, stuck in a boring job as an office clerk in London, with little that made him stand out in a crowd in terms of either personality, looks or dress, but he did have one talent that set him apart – he was a poet.

*The Autobiography of Liza Goddard* Liza Goddard,2011-05-12 Liza Goddard is one of the country's best loved and hardest working actresses, but few people know the real woman behind the ‘dizzy blonde’ image. In this much-anticipated autobiography, Liza talks about her work, her loves and the real-life dramas that have shaped her as a woman and an actress. The book charts her early life in England and follows her to Australia, where her beloved father played a key role in helping to set up the country's fledgling television industry. As a young actress, Liza was cast in the long-running children’s drama series, Skippy the Bush Kangaroo. She later returned to England, where she appeared in a host of classic TV series, including Pig In The Middle, The Brothers, Bergerac, Dr Who and Midsomer Murders. Liza talks about her working relationship with Alan Ayckbourn and explains how a planned move to America failed to materialise. Find out how Liza got together with her first husband, actor Colin Baker on the set of The Brothers, why her marriage to ‘70s rocker Alvin Stardust failed and how she eventually found true love with producer David Cobham. Liza also reveals the truth about her alleged affair with Bergerac star John Nettles, and reveals how she successfully sued a tabloid newspaper over the allegations. She describes her courageous battle against breast cancer and reveals how beating the disease has given her a new perspective on life. Liza explains why animals continue to play an important part in her life and recounts some hilarious stories about the assortment of creatures that have featured in her life. A warts and all account from one of Britain’s most popular actresses, Working With Children And Animals will have you laughing and crying in equal measure.

Criminals, Idiots, Women, & Minors - Second Edition Susan Hamilton,2004-07-26 “Pardon me; I must seem to you so stupid! Why is the property of the woman who commits Murder, and the property of the woman who commits Matrimony, dealt with alike by your law?” So ends the “little allegory” in conversational form with which Frances Power Cobbe opens the 1868 essay that gives this collection its title. Cobbe was a widely read essayist of remarkable lucidity and power; her pieces display incisive wit and remarkable focus as she returns repeatedly to “the woman question,” but it was typical of the time that when Cobbe died she was described in the Wellesley Index to Victorian periodicals as a “miscellaneous writer.” Cobbe was not alone; as much as 15 per cent of the essays in Victorian periodicals were written by women, yet even the best of these pieces were allowed by the male-dominated world of scholarship to disappear from print. This anthology makes available again some of the best Victorian writing by women. The second edition has been revised and updated; additions include a chronology and an essay by Frances Power Cobbe on the education of women.

**The Hogarth Conspiracy** Alex Connor,2014-04-15 Could a single scandalous painting rock two British monarchies, centuries apart... and threaten the lives of everyone who knows of its existence? It could--if the painting contains proof of a liaison between a prostitute and a prince. The evidence, a painting by William Hogarth done in 1732, was supposedly destroyed. But hundreds of years later, on a private jet, Sir Oliver Peters learns that it still exists. Dying of cancer, and desperate to secure his family's well-being, Sir Oliver resolves to find the missing work. But when a fellow passenger who also knows the secret is murdered, he realizes he's battling more than time.

**Global Perspectives on Rural Childhood and Youth** Ruth Panelli,Samantha Punch,Elsbeth Robson,2007-11-21 This collection of international research and collaborative theoretical innovation examines the socio-cultural contexts and negotiations that young people face when growing up in rural settings across the world. This book is strikingly different to a standard edited book of loosely linked, but basically independent, chapters. In this case, the book presents both thematically organised case studies and co-authored commentaries that integrate and advance current understandings and debates about rural childhood and youth.

Legacy of Blood Alex Connor,2011-12-22 A centuries-old conspiracy is about to be blown open . . . The flight to London was supposed to be a short cut home, but for seven of the delegates gathered at an art convention it becomes the most terrifying journey they will ever make. An incident on the flight reveals the existence of a priceless artefact - and blows open a conspiracy that has been kept hidden for centuries. Every passenger on the plane is now caught up in a race to find the prize for themselves - but within 24 hours of the flight, three people have been silenced by someone who knows the devastating consequences should the full story ever come to light. The race is on. The body count is rising. No one can be trusted.

**Women Who Dared** Jeremy Scott,2019-02-07 Victoria Woodhull, Mary Wollstonecraft, Aimee Semple McPherson, Edwina Mountbatten, Margaret Argyll and Chanel were all women who dared. They had no time for what society said they could and couldn't do and would see the world bend before they did. In 1872 a mesmerising psychic named Victoria Woodhull shattered tradition by running for the White House. Had she won the ensuing spectacle would surely have rivalled that of our own era. Abhorring such flamboyance, Mary Wollstonecraft inspired a revolution of thought with her pen as she issued women's first manifesto – still to be fulfilled. From Aimee Semple McPherson, the first female preacher in America, to Coco Chanel, designer of an empire, these women became the change they wanted to see in society. In *Women Who Dared*, Jeremy Scott pays tribute to them all with wit, verve and reverence.

**A History of Nineteenth-Century American Women's Poetry** Jennifer Putzi,Alexandra Socarides,2016-12-15 A History of Nineteenth-Century American Women's Poetry is the first book to construct a coherent history of the field and focus entirely on women's poetry of the period. With contributions from some of the most prominent scholars of nineteenth-century American literature, it explores a wide variety of authors, texts, and methodological approaches. From these essays, a rich story emerges about a diverse poetics that was once immensely popular but has since been forgotten.
