*John Wayne Speaks* Mark Orwoll, 2021-11-09 With more than 1,100 impeccably sourced quotes from throughout John Wayne's 172-film career, *John Wayne Speaks: The Ultimate John Wayne Quote Book* provides what has often been missing from other Duke Wayne reference books: accuracy, context, and comprehensiveness. These quotations offer a deep dive into Wayne's films and acting persona—the iconic American man of action whose sense of values and decency are a veneer covering a boiling pot of determination, courage, outrage, and even violence. The quotes in *John Wayne Speaks* are at once inspirational, humorous, touching, and revealing. Author and veteran journalist Mark Orwoll has created an overlay of categories into which each quote fits, making the manuscript easy for readers to find the type of quote—or even the exact quote, footnoted to identify its film—they may be searching for. But *John Wayne Speaks* is more than just a collection of the actor's movie lines. Orwoll has researched and written an in-depth introduction to Wayne's film career to put the quotes in a broader context. Movie-lovers will also appreciate the author's opinionated capsule reviews and production notes from Wayne's complete filmography. *John Wayne Speaks* is the quote book that every fan of the Duke needs and a delightful addition to any cinephile's library.

**The Quote Manual** Robert G. Moscatelli, 2005-07-15 THE TROUBLE WITH QUOTE BOOKS, to paraphrase something Napoleon once said about books in general, is that in them one has to read so many bad quotes to find some that are really good. Most authors of quote books include in their pages numerous forgettable quotes among the few that are really worth remembering. Not so with this quote book. This book is an unpadded collection of carefully selected quotes. Each quote is guaranteed to cause the reader to think, learn, grow or, in some cases, laugh. Open this book to any page and you will find selected gems of the spoken and written word that you will use again and again. It is a comprehensive resource that will give you an appropriate quote for almost any subject you want to address in your speaking or writing. Bob Moscatelli is a 1958 graduate of West Point. He accumulated the quotes in this book over a fifty-year period which included twenty-six years as a career Army officer, eight as a financial programmer and four in politics. He is also the author of *Too Soon Old, Too Late Smart*, a book on the fundamentals of personal finance. This book is an ideal gift for readers of all ages. Buy a copy for yourself and for everyone you care about who will appreciate a useful gift that will have a beneficial influence on his or her life for years to come.

The Quote Jarmel Bell, Mse, Jarmel Bell Mse, 2011-01 The words of the wise, famous, or simply experienced, can have a profound impact upon the behaviors and attitudes of others. Often, we underestimate the impressions made by carefully chosen words; words that have the power to embolden, encourage, uplift, and motivate one to greatness. With these concepts in mind, I have undertaken the task of composing this book with the intent to inspire young people to make better choices in their daily interactions with others. This will help build strong, permanent character traits that will help guide them to success and happiness. Throughout this written work are direct quotes of learned individuals, whose opinions and philosophies have spanned generations, yet have lost none of their intrinsic value as words to live by. The purpose behind using quotes is two-fold: 1.) To supplement the lesson being taught, and 2.) to inspire the reader to pay close attention to the words of others; in effect, to be an effective listener. I might also stress that, the quality of some one else's words is not determined by whether they are famous or not. Wisdom can be harvested from the most humble of individuals, as well as the most celebrated. It is not confined to those known for the greatest intellect, but it is found within a vast array of socio-economic circles - among the great and the small. What matters most is whether one's words are meaningful and if they can be of beneficial to others.
