The Simpsons Secret Lydia Poulteney, James Hicks, 2021-09-28 Have You Ever Wondered How “The Simpsons” Can Predict Everything? #1 New Release in Animated Movies and Comedy Movies Then *The Simpsons Secret* is the book for you. Delve into some of the biggest predictions that came true on the show, and just how they did it. From three-eyed fish to presidential elections. The Simpsons has been predicting major events with scary accuracy for over three decades. From Donald Trump's presidency to Disney buying 20th Century Fox (...years before it happening!). People just can't seem to get enough and are eager to know what they are going to predict next. This book goes behind the scenes of this adored cartoon series, and the family we've grown to love. Between Homer, Marge, Bart, Lisa, and the rest of the Simpsons family, the show has stolen our hearts, and also left us amazed at how often they predict

the future! So how do they do it? Is it a crystal ball? A fountain of knowledge? Have the writers gained the ability to travel through time? As shocking as it may seem, the answer is actually a little simpler than that. The cartoon crew is not in a secret society that can see the future, nor have they mastered the art of time travel. In *The Simpsons Secret*, learn more about:

- How The Simpsons are able to predict so many major events
- How the show writers and producers come up with these ideas
- And so much more about your favorite old-school cartoon family

The Simpsons Family History Matt Groening, Matt Groening Productions, Inc., 2014-09-23 A history of the famous cartoon family unravels twenty-five years of *Simpsons* facts and fun from the TV show and presents them in a chronological format.

Leaving Springfield John Alberti, 2004 Since its first appearance as a series of cartoon vignettes in 1987 and its debut as a weekly program in 1990, *The Simpsons* has had multiple, even contradictory, media identities. Although the show has featured biting political and social satire, which often proves fatal to mass public acceptance, *The Simpsons* entered fully into the mainstream, consistently earning high ratings from audiences and critics alike. *Leaving Springfield* addresses the success of *The Simpsons* as a corporate-manufactured show that openly and self-reflexively parodies the very consumer capitalism it simultaneously promotes. By exploring such topics as the impact of the show's satire on its diverse viewing public and the position of *The Simpsons* in sitcom and television animation history, the commentators develop insights into the ways parody intermixes with mass media to critique post modern society. In spite of the longevity and high cultural profile of the show, *The Simpsons* has so far attracted only scattered academic attention. *Leaving Springfield* will be of importance to both scholars of media and fans of the show interested in the function of satire in popular culture in general and television in particular.

The Simpsons Matt Groening, 1997

The Simpsons in the Classroom Karma Waltonen, Denise Du Vernay, 2014-01-10 The object of much debate, attention, and scholarship since it first aired

more than 20 years ago, *The Simpsons* provides excellent, if unexpected, fodder for high school and college lesson plans. After all, laughing students are hardly sleeping students! But *The Simpsons* also provides a familiar student knowledge base which instructors can use as a jumping-off point to introduce concepts in literature, composition, linguistics, cultural studies, gender studies, and media appreciation. The authors, both of whom have been teaching *The Simpsons* for more than a decade, share exercises, prompts, and even syllabi that have proven successful in their own courses. Instructors considering this book for use in a course may request an examination copy [here](#).

The Homer Book Matt Groening, 2005-10-18 *The Homer Book* is now being released in hardback, as part of the ongoing series: *The Simpsons Library of Wisdom*. Homer Simpson is a man's man, an 'Average Joe', a loving father and husband, and a devoted beer drinker. But do you know the 'real' Homer? Find out what's on Homer's mind, discover the mysteries of Homer's fridge, hang out in Homer's haunts; meet his friends and enemies; and spend a typical day with the lovable lout who will lift you out of your D'oh-l drums. In *The Simpsons Library of Wisdom*, Matt Groening, the creator of 'The Simpsons', offers an ongoing series of portable and quotable books that will eliminate the need for all religions and philosophies, exalt man's role in the universe and make the world a better place ... sort of. No other television show in history has commented so freely and so humorously on modern times, and there seems to be no end in sight for the sharp satire and pointed parody that 'The Simpsons' serves up every night of the week all around the world.
