Selected works of Arthur Conan Doyle Arthur Conan Doyle,2021-02-01 Selected works of Arthur Conan Doyle from the series Best of the Best is the book that everyone should read to understand themselves and each other. The authors and works for this book series were selected, as a result of numerous studies, analysis of the texts over the past 100 years and the demand for readers. It must be read in order to understand the world around us, its history, to recognize the heroes, to understand the winged expressions and jokes that come from these literary works. Reading these books will mean the discovery of a world of self-development and self-expression for each person. These books have been around for decades, and sometimes centuries, for the time they recreate, the values they teach, the point of view, or simply the beauty of words.

Sherlock Holmes Handbook Christopher Redmond,2009-09-28 Sherlock Holmes Handbook sums up a Canadian scholar’s lifetime expertise about Sherlock Holmes – the characters and themes, the publishers and readers, Victorian London and the Houdini connection, radio actors and cartoonists, the fans who cling to Holmes’s reality and the professors who tease out motifs from the fifty-six short stories and four novels. The first edition of Sherlock Holmes Handbook appeared in 1993. This edition catches up on new films, new books (a few with a hint of the supernatural) and the advent of the Internet, which has spread Holmes’s fame and Sherlockian fun even further worldwide. The intervening years have brought three multi-volume editions of the Sherlock Holmes stories, with hundreds of footnotes providing new insights and new amusement. They have also seen Holmes repeatedly on the amateur and professional stages, including a few Canadian productions. And there have been changes to everything from copyright rules to libraries, booksellers and audio recordings.

From cases involving a strange group for red-headed men to a missing thumb, Holmes uses his powers of observation and deduction to solve even the weirdest mysteries.
