The Wonders of the Jungle, Book One Kumar Ghosh,2020-03 My dear, I shall tell you all about the wonders of the jungle. You have seen many animals in the zoo or in a circus-elephants, bears, lions, tigers, leopards, and many others. But the jungle is the place where these animals live before they are brought to the zoo or the circus. In fact, jungle really means a wild place; that is, a place where trees and bushes grow quite wild, so that men never cut down the trees or clear away the bushes. That is the natural home for all sorts of animals. Now I am going to tell you about the wonderful way in which they live there with their families, as we do in¹⁷our homes; for the Papas and Mamas among the animals are just as fond of their children as ours are. So you must imagine that you are going into the jungle with me, so that I can show you everything. You see, it is just like a game of pretending, that we are going to play. There is actually a place in the jungle where you can see all the animals at once. In fact, that place is so wonderful that King George and Queen Mary of England went to see it; that was a few years ago, when they went to India, which is a far-away country. For in India there is a huge jungle where many thousands of animals live.¹⁸So you must pretend that I am taking you to the Royal party, and that you are sitting with the King and Queen and all the fine men and lovely ladies; and we are watching the animals, while I tell you all about them. First, I must tell you that it is midnight, and all the animals are coming to a stream of water to drink. This stream is a river about twice as wide as a large street in your home town. We are sitting on the bank, on one side of the stream; and the animals are coming to drink on the bank on the other side.

The Wonders of The Jungle Book One Sarath Kumar Ghosh,2021-03-18 The Wonders of the Jungle by Sarath Kumar Ghosh is the story of How do elephants drink? What is the Law of the Jungle at the water hole? How does an elephant baby learn to feed and learn to swim? How do they walk under water? In what order do buffaloes drink? How do buffaloes fight the tiger? These and other wild inhabitants of the Indian jungle such as pigs, wild dogs, deer, camels, bears and birds are discussed in lively stories to entertain but mainly educate children of school age. One of the great thinkers of the world has said that all the sciences are embodied in natural

history. Hence natural history should be taught to a child from an early age. Perhaps the best method of teaching it is to set forth the characteristics of animals in the form of a narrative. Then the child reads the narrative with pleasure and almost as a story, not as a tedious lesson. In this book the animals are described in their daily life, and the main scientific facts and principles concerning each animal are woven into the narrative as a part of that daily life.

The Wonders of the Jungle, Book 1 Ghosh Prince,2013-07-11 I have just told you that, after drinking, the elephants jump into the water and have a bath and a swim. That is, all the grown-up elephants do that, while the little ones stay on the bank and play about. But, you may ask, why does not the tiger try to grab one of the little ones then? Because even when the Mamas go into the water they keep their eyes on the babies, who play quite near by, so that the Mamas can come to them any minute. And the Mamas can smell a tiger a little before he gets there, so that they have enough time to climb out of the water. Besides, the babies themselves can smell the tiger when he is coming; then they call out to their Mamas by making a queer rumbling sound in their throats, and the Mamas come to them at once, before the tiger can get there. So all the grown-up elephants can go into the water, without any worry. And at first they have a regular shower bath. How do they do that? Why, each elephant fills his trunk with water;.....

The Jungle Book Rudyard Kipling,1920

The Jungle Books Rudyard Kipling,2013-05-30 The story of the man-cub Mowgli who is raised by wolves in the Indian jungle, guided by his mentors Baloo the bear, Bagheera the black panther and the ancient python Kaa, and who confronts his arch-enemy Shere Khan the tiger, is one of the greatest literary myths ever created. Mowgli's adventures are juxtaposed with other animal stories set in the British Empire, ranging from the heroic battle of 'Rikki-tikki-tavi' and the Himalayan pastoral 'Purun Bhagat' to the drama of survival in 'The White Seal'. With The Jungle Books Rudyard Kipling drew on ancient beast fables, Buddhist philosophy and memories of his Anglo-Indian upbringing to create a rich, symbolic portrait of man and nature, and an eternal classic of childhood that has had a lasting impact on our imaginations. Part of a series of new editions of Kipling's works in Penguin Classics, this volume contains a General Preface by Jan Montefiore and an introduction by Kaori Nagai discussing the many imperial, Indian and literary contexts of The Jungle Books.

The Jungle ,2018 Out of the morning mist a vast ocean of leaves appears. What lies beneath--the varied and teeming life of animals and plants--is vividly portrayed through the cycle of day and night in the jungle world. Considered Helen Borten's masterpiece,The Jungle was inspired by a trip to Guatemala in 1967, when few others were going there--let alone a woman--to seek out images and stories to share with children back in the US.

And while at times it is clear he doesn't quite fit in, he could never imagine leaving it. But when a vengeful tiger makes a vow to remove the man-cub from the Jungle, Mowgli's world is turned upside down. With help from his new friend Baloo the bear, Mowgli finds himself on a journey to protect his wolf family and himself--a journey that could change things forever. Will the man-cub be able to find his place in the Jungle?
