Things Mother Used to Make Lydia Gurney, 2020-03-30 The *Things Mother Used to make* consist of old fashioned recipes, which have been for the most part handed down by word of mouth from one generation to another, extending over a period of nearly one hundred years. The author, a New England woman, has during her life tested out in her own kitchen the greater part of these recipes, which represent the best cookery of those times.

Things Mother Used to Make a Collection of Old Time Recipes, Some Nearly One Hundred Years Old and Never Published Before Gurney Lydia Maria, 2016-06-21 Unlike some other reproductions of classic texts (1) We have not used OCR (Optical Character Recognition), as this leads to bad quality books with introduced typos. (2) In books where there are images such as portraits, maps, sketches etc We have endeavoured to keep the quality of these images, so they represent accurately the original artefact. Although occasionally there may be certain imperfections with these old texts, we feel they deserve to be made available for future generations to enjoy.

Things Mother Used to Make Annotated and Illustrated Lydia Gurney, 2018-04-28 This historical recipe book consists of a collection of really old recipes, as compiled by New Englander, Lydia Maria Gurney and published in 1914. This early 1900's recipe collection was handed down from generation to generation. They are all very straight forward with no fancy descriptions and are great to browse through when looking for something you may have had in the past, or if you want to try something completely different. To keep it's historical value in tact, it is necessary to keep the book true to the author's own words, thus needless to say that the terminology and measurements used in this book are very old, as all these recipes were developed over a century ago. Things like soured milk, or butter measured in nut sizes. A simple google search should be able to clear up most questions, but below is a list with basic tips that should be of help to clarify some of the questions the reader might have. For those readers brave enough to take a walk down memory lane, page through this book and learn the way in which our great-grand-mothers used to do things. You will find recipes for breads and cakes, desserts, sweets, soups, sauces and more. Many ideas on the preserving of meats and veggies are also shared. Those readers who are nostalgic will greatly enjoy this book. If read from this perspective, one will have a joyful walk to a different time, and truly be able to appreciate its historical value...

Mother Grains: Recipes for the Grain Revolution Roxana Jullapat, 2021-04-20 Finalist for the IACP Cookbook Award in Baking and the James Beard Foundation Book Award in Baking and Desserts Named a Best Cookbook of the Year by Bon Appétit, NPR, Washington Post, Epicurious, WBUR Here & Now, and Five Books Named a Best Cookbook of the Spring by Eater, Epicurious, and Robb Report The key to better, healthier baked goods is in the grain. Barley, buckwheat, corn, oats, rice, rye, sorghum, and wheat will unlock flavors and textures as vast as the historic lineages of these ancient crops. As the head baker and owner of a beloved Los Angeles bakery, Roxana Jullapat knows the difference local, sustainable flour can make: brown rice flour lightens up a cake, rustic rye adds unexpected chewiness to a bagel, and ground toasted oats enrich doughnuts. Her bakery, Friends & Family, works with dedicated farmers and millers around the country to source and incorporate the eight mother grains in every sweet, bread, or salad on the menu. In her debut cookbook, Roxana shares her greatest hits, over 90 recipes for reinventing your favorite cakes, cookies, pies, breads, and more. Her chocolate chip cookie recipe can be made with any of the eight mother grains, each flour yielding a distinct snap, crunch, or chew. Her mouthwatering buckwheat pancake can reinvent itself with grainier cornmeal. One-bowl recipes such as Barley Pumpkin Bread and Spelt Blueberry Muffins will yield fast rewards, while her Cardamom Buns and Halvah Croissants are expertly laid out to grow a home baker's skills. Recipes are organized by grain to ensure you get the most out of every purchase. Roxana even includes savory recipes for whole grain salads made with sorghum, Kamut or freekeh, or easy warm dishes such as Farro alla Pilota, Toasted Barley Soup, or Gallo Pinto which pays homage to her Costa Rican upbringing. Sunny step-by-step photos, a sourcing guide, storage tips, and notes on each grain's history round out this comprehensive cookbook. Perfect for beginner bakers and pastry pros alike, *Mother Grains* proves that whole grains are the secret to making any recipe so much more than the sum of its parts.

What Mothers Do Especially When It Looks Like Nothing Naomi Stadlen, 2007-09-06 Instead of preaching what mothers ought to do, psychotherapist Naomi Stadlen explains what mothers already do in the course of any exhausting day's work. Drawing from countless conversations with hundreds of mothers spanning more than a decade, *What Mothers Do* provides lucid insight into the true experience of motherhood and answers the perennial question common to mothers everywhere: What have I done all day? Stadlen's wise reflections, threaded throughout with the voices of real mothers, explore unsentimental reactions to motherhood-resentment, guilt, splintered identity, crippling inefficiency, and deadening fatigue. Yet the overriding sentiment is one of empowerment and wonder, as Stadlen illustrates how seemingly insignificant skills such as responding to a baby's colicky cry, being instantly interruptible, or soothing an overstimulated child to sleep profoundly contribute to an individual's socialization, self-worth, and curiosity. Remarkably perceptive and heartening, *What Mothers Do* will resonate with mothers everywhere in search of understanding and wisdom.

Like Mother Used to Make Christine Terhune Herrick, 2015-06-25 Excerpt from *Like Mother Used to Make* In the first place the mother did not make all the things herself. At least, my mother did not, except when an emergency arose in the kitchen. But she knew how it all ought to be done, and when a dish came to the table and was not what it should have been she could go out to the cook afterwards and tell her just what was the matter and how the trouble was to be avoided the next time. If the failure occurred again she would make the dish herself and let the cook follow her movements and see what had caused the difficulty. There were certain things that she always made with her own hands or else had done directly under her personal supervision.
