Hope for Hard Times Leader Guide Magrey deVega, 2019-04-02 We've all been there. Rock bottom. The end of our rope. The last straw. During hard times, it often seems like the only option is to throw in the towel. In *Hope for Hard Times*, author Magrey deVega examines the lives of the great biblical prophets Elijah and Elisha and reveals a consistent message in their stories: Don't give up, and don't lose hope. Trust that God will help you find a way. When you look closely at the accounts of Elijah and Elisha from 1 Kings 17 to 2 Kings 8, you will find amazing stories of God's provision. God provides for Elijah, as he faces down opposition in a mountaintop showdown and when he feels alone and ready to give up while hiding in a cave listening for God's still, small voice. God provides for Elisha, when he brings healing to Naaman and when he is surrounded by enemies and praying for spiritual eyes to be opened to hope. There is hope for you in hard times. Your story of hurt, heartache, and hopelessness has been heard, and God has a message for you. Read these stories, pray through them, and listen as you receive encouragement and guidance for whatever you are facing today. Open your eyes, and open your hands. For just like ravens at the Brook Cherith, God is with you, giving you everything you need. The Leader Guide contains everything needed to guide a group through the four-week study including session plans, activities, and discussion questions, as well as multiple format options.

Congressional Record United States. Congress, 1965 The Congressional Record is the official record of the proceedings and debates of the United States Congress. It is published daily when Congress is in session. The Congressional Record began publication in 1873. Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States (1789-1824), the Register of Debates in Congress (1824-1837), and the Congressional Globe (1833-1873)

Fighting for the Union Label: The Women's Garment Industry and the ILGWU in Pennsylvania ,

The garment industry gained a foothold in Pennsylvania's hard-coal region as mines were closing. Runaway factories, especially from Manhattan, set up shop in mining towns where labor was plentiful and unions scarce. By the 1930s, garment factories employed thousands of wives and daughters of unemployed or underemployed coal miners. Organizing these workers proved difficult for the International Ladies' Garment Workers' Union (ILGWU).

Boxed out of the NBA Syl Sobel, Jay Rosenstein, 2021-04-14 The Eastern Professional Basketball League (1946-78) was fast and physical, often played in tiny, smoke-filled gyms across the northeast and featuring the best players who just couldn't make the NBA—many because of unofficial quotas on Black players, some because of scandals, and others because they weren't quite good enough in the years when the NBA had less than 100 players. In *Boxed out of the NBA: Remembering the Eastern Professional Basketball League*, Syl Sobel and Jay Rosenstein tell the fascinating story of a league that was a pro basketball institution for over 30 years, showcasing top players from around the country. During the early years of professional basketball, the Eastern League was the next-best professional league in the world after the NBA. It was home to big-name players such as Sherman White, Jack Molinas, and Bill Spivey, who were implicated in college gambling scandals in the 1950s and were barred from the NBA, and top Black players such as Hal "King" Lear, Julius McCoy, and Wally Choice, who could not make the NBA into the early 1960s due to unwritten team quotas on African-American players. Featuring interviews with some 40 former Eastern League coaches, referees, fans, and players—including Syracuse University coach Jim Boeheim, former Temple University coach John Chaney, former Detroit Pistons player and coach Ray

Scott, former NBA coach and ESPN analyst Hubie Brown, and former NBA player and coach Bob Weiss—this book provides an intimate, first-hand account of small-town professional basketball at its best.

Good Times, Bad Times Harold Evans,2011-09-20 A renowned journalist's "vivid" account of his battle with Murdoch after the global media baron bought the Times of London (Chicago Tribune). In 1981, Harold Evans was the editor of one of Britain's most prestigious publications, the Sunday Times, which had thrived under his watch. When Australian publishing baron Rupert Murdoch bought the daily Times of London, he persuaded Evans to become its editor with guarantees of editorial independence. But after a year of broken promises and conflict over the paper's direction, Evans departed amid an international media firestorm. Evans's story is a gripping, behind-the-scenes look at Murdoch's ascension to global media magnate. It is Murdoch laid bare, an intimate account of a man using the power of his media empire for his own ends. Riveting, provocative, and insightful, *Good Times, Bad Times* is as relevant today as when it was first written. With details on the scandalous deal between Murdoch and Margaret Thatcher, this updated ebook edition includes an extensive new preface by Evans, the New York Times–bestselling author of *Do I Make Myself Clear?*, discussing the Rupert Murdoch phone-hacking scandal.

Typhoon Louise vs. the United States Navy Gene Eric Salecker,2023-07-05 World War II was over and the U.S. was still using the captured Japanese island of Okinawa as a major naval base. Hundreds of vessels dotted the numerous bays and inlets, and thousands of military personnel occupied the island. In October 1945, Typhoon Louise tore into Okinawa, slamming ships together and tossing them onto reefs and beaches. Terrible winds tore up tent cities and disintegrated corrugated tin Quonset huts. One hundred people died and 383 ships of all sizes were sunk or damaged. This book tells the full story of the typhoon historian Samuel Eliot Morison called the most furious and lethal storm ever encountered by the United States Navy.

Remembering Lattimer Paul A. Shackel,2018-09-19 On September 10, 1897, a group of 400 striking coal miners--workers of Polish, Slovak, and Lithuanian descent or origin--marched on Lattimer, Pennsylvania. There, law enforcement officers fired without warning into the protesters, killing nineteen miners and wounding thirty-eight others. The bloody day quickly faded into history. Paul A. Shackel confronts the legacies and lessons of the Lattimer event. Beginning with a dramatic retelling of the incident, Shackel traces how the violence, and the acquittal of the deputies who perpetrated it, spurred membership in the United Mine Workers. By blending archival and archaeological research with interviews, he weighs how the people living in the region remember--and forget--what happened. Now in positions of power, the descendants of the slain miners have themselves become rabidly anti-labor and anti-immigrant as Dominicans and other Latinos change the community. Shackel shows how the social, economic, and political circumstances surrounding historic Lattimer connect in profound ways to the riven communities of today. Compelling and timely, *Remembering Lattimer* restores an American tragedy to our public memory.

Confessions of a Domestic Failure Bunmi Laditan,2017-05-02 From the creator of *The Honest Toddler*

comes a fiction debut “perfect for readers looking for a funny, realistic look at motherhood” (Booklist, starred review). There are good moms and bad moms . . . and then there are hot-mess moms. Confessions of a Domestic Failure introduces readers to Ashley Keller, career girl turned stay-at-home mom who’s trying to navigate the world of Pinterest-perfect mommies. When Ashley gets the chance to enroll in a mommy-blog maven’s Motherhood Better boot camp, she jumps at the chance to become the perfect mom she’s always wanted to be. But the pursuit of perfection has a way of going perfectly wrong. With her razor-sharp wit, Bunmi Laditan creates an unforgettable and hilariously relatable character while lambasting the social pressures every new mother faces. “Freaking hilarious. This is the novel moms have been waiting for.” —Jenny Lawson, #1 New York Times–bestselling author of *Let’s Pretend This Never Happened*

Just Checking Scores Marisa Burke, 2021-12-16 Marisa Burke is a top-rated, local anchorwoman at one of the most respected local ABC affiliates in the country. She enjoys celebrity status, six-figure salaries, a gorgeous home, and beautiful family. But rather than reporting the news, Marisa suddenly becomes the subject of it when her husband, an admired educator, the father of her two young girls, and the man she truly believed was her loving soulmate, was arrested for unlawful sexual relationships with underage boys. What was even more excruciating, Marisa was forced to endure the shame and embarrassment of anchoring the same newscasts in which the personally gut-wrenching news stories about her husband’s charges were reported. Marisa Burke’s shocking memoir, *Just Checking Scores* reveals what happens when a person at the top is brought down by public humiliation into a world of deep despair and what Burke did to channel her suffering and anguish into defiance and strength.

Nittany Nightmare Derek J. Sherwood, 2019-06-27 As the Great Depression hit, Penn State College was cash-strapped and dilapidated. Cuts to athletic scholarships left the football program a shambles and the school a last resort for many students. In 1937, underfunded state police, fighting a losing battle against striking miners and steel workers in Johnstown, called in the National Guard. There were not enough police to cover the state, and it showed. Then someone started killing young women in the area. Between November 1938 and May 1940, Rachel Taylor, Margaret Martin and Faye Gates were abducted and sexually assaulted, their bodies dumped within 50 miles of the college. As the school grew into Pennsylvania State University and the Nittany Lions became a world-class team, two demoralized police agencies were merged, forming the precursor of the Pennsylvania State Police. Gates’s murderer was captured and convicted. The killer(s) of Taylor and Martin, however, have gone unidentified to this day.

In a Madhouse’s Din Susan M. Weill, 2002-03-30 Mississippi is a unique case study as a result of its long-standing defiance of federal civil rights legislation and the fact that nearly half its population was black and relegated to second-class citizenship. According to the vast majority of Mississippi daily press editorials examined between 1948 and 1968, the notion that blacks and whites were equal as races of people was a concept that remained unacceptable and inconceivable. While the daily press certainly did not advocate desegregation, in contrast to what many media critics have reported about the Southern press promoting violence to suppress civil rights activity, Mississippi daily newspapers never encouraged or condoned violence during the time periods under evaluation. Weill places coverage of these important events within a historical context, shedding new light on media opinion in the state most resistant to the precepts of the civil rights movement. This is the first comprehensive examination of civil rights coverage and white supremacist rhetoric in the Mississippi daily press during five key events: the 1948 Dixiecrat protest of the national Democratic platform; the *Brown v. Board of Education* Supreme Court decision to desegregate public schools in 1954; the court-ordered desegregation of Ole Miss in 1962; Freedom Summer in 1964; and the assassination of Martin Luther King, Jr., in 1968. From nearly 5,000 issues of Mississippi daily

newspapers, more than 1,000 editorials and 7,000 news articles are documented in this volume.

Editorial and Opinion Steven M. Hallock, 2006-11-30 In 1930 there were 288 competitive major newspaper markets in the United States. Today, there are fewer than 30. The diminishing diversity of opinion and voices in newspapers editorials is taking place even as technological advances seemingly provide more sources of (the same) information. As Hallock shows, the concentration of media ownership in fewer and fewer hands allows those individuals and entities an inordinate amount of influence. In this intriguing book, he examines 18 newspaper markets to show us exactly how and where this troubling trend is occurring, what it means for the political landscape, and, ultimately, how it can affect us all. Newspaper editorials say a lot about the society in which we live. They are not just an indication and reflection of the issues of the day and of which way the political wind is blowing. They are also a part of the political climate that sets the agenda for politicians, and helps them discern which are the hot-button issues and which side people are on. Journalists and politicians enjoy a level of symbiosis in their relationships—they influence each other indirectly. It therefore follows that when fewer ideas, and a narrower range of opinions, are expressed in the nation's newspapers, there is a real danger that our thinking can become more simplistic as well.

The Great Leader Jim Harrison, 2011-10-04 “A wild ride . . . [and] a thoroughly enjoyable tale of religion, sex and money . . . this is not your grandfather's detective novel.” —Tim McNulty, *The Seattle Times* New York Times—bestselling author Jim Harrison has won international acclaim for his masterful body of work, including *Returning to Earth*, *Legends of the Fall*, and over thirty books of fiction, nonfiction, and poetry. In this enthralling, witty, and expertly crafted novel, he follows one man on a hunt for an elusive cult founder, dubbed “The Great Leader.” On the verge of retirement, Detective Sunderson begins to investigate a hedonistic cult, which has set up camp near his home in Michigan's Upper Peninsula. At first, the self-declared Great Leader seems merely a harmless oddball, but as Sunderson and his sixteen-year-old sidekick dig deeper, they find him more intelligent and sinister than they realized. Recently divorced and frequently pickled in alcohol, Sunderson tracks his quarry from the woods of Michigan to a town in Arizona, filled with criminal border-crossers, and on to Nebraska, where the Great Leader's most recent recruits have gathered to glorify his questionable religion. But Sunderson's demons

are also in pursuit of him. “Jim Harrison is unsurpassed at chronicling man’s relationship with wilderness . . . The Great Leader is hugely enjoyable.” —Tom Bissell, Outside Magazine
