The Creator Revolution Catherine Yeo, 2022-05-04
When author Catherine Yeo started publishing content online nearly a decade ago, she was stunned when she learned she could build an audience of hundreds of thousands and make money from the venture. While she didn't realize she was a creator then, Yeo did recognize the impending movement and power content creation had on our future. *The Creator Revolution: How Today's Creative Talents Are Shaping Our Tomorrow* examines the historic rise of digital content creators and their impact on transforming both our present and our future. You'll hear incredible stories from creators such as... Issa Rae, star and co-creator of HBO's *Insecure*, who launched her filmmaking career on YouTube. Claudine James, a teacher who went from instructing twenty-two students in her

classroom to over 3 million on TikTok. Ryan Kaji, who earned \$30 million in 2020 as a nine-year-old creator and entrepreneur. Today, over 50 million people consider themselves creators and more than 200 million pieces of content are published every minute. Yeo predicts a new golden age of opportunities as our technological world continues to evolve. Welcome to the Creator Revolution - we are only just beginning.

The Creative Turn Anne M. Harris, 2014-04-16 The conundrum of understanding, practising and teaching contemporary creativity is that it wants to be all things to all people. Almost all modern lists of creativity, creative thinking and how-to 'becoming creative' books begin with one premise: the creative individual/artist is not special, rather each of us is creative in a special way and these skills can – and must - be nurtured. Increasingly, industry and education leaders are claiming that creativity is the core skill to take us into a prosperous future, signalling the democratisation of creativity as industry. Yet centuries of association between aesthetics, mastery and creativity are hard to dismantle. These days, it is increasingly difficult to discuss creativity without reference to business, industry and innovation. Why do we love to think of creativity in this way and no longer as that rare visitation of the muse or the elite gift of the few? This book looks at the possibility that creativity is taking a turn, what that turn might be, and how it relates to industry, education and, ultimately, cultural role of creativity and aesthetics for the 21st century. In proliferating

discourses of the commodification of creativity, there is one thing all the experts agree on: creativity is undefinable, possibly unteachable, largely unassessable, and becoming the most valuable commodity in 21st-century markets.

Life Creative Wendy Speake, Kelli Stuart, 2016-09-27 A celebration of motherhood, creativity, and the faith that binds them In our Pinterest age of handcrafted children's parties, artistic Instagram photos, tutorials for renovating old furniture into new treasures, and blogs filled with poetry, prose, and other creative expression, it is clear that a brand-new generation of creative women is rising up. It is a renaissance born not in Italian cathedrals or Harlem jazz clubs but in kitchens and nurseries and living rooms around the world. But when Christian women become mothers, they often feel expected to lay down their creative pursuits in order to properly parent. Wendy Speake and Kelli Stuart know that struggle. While they acknowledge that some seasons of mothering require setting artistic pursuits aside, they also argue that these seasons don't have to last until empty nest time. Instead, mothers with creative gifts are called to actively use them in order to bless their families, their communities, and everyone they encounter. Inspiring and encouraging, Life Creative celebrates the ways mothers can live their art in the midst of their mothering. They tell the stories of women such as author and speaker Angie Smith, recording artist Ellie Holcomb, and jewelry designer Lisa Leonard who do just that. By following God's leading to embrace

His gifts, renaissance moms can model the joy of obedience for their families.

Creative God, Colorful Us Trillia J.

Newbell, 2021-02-02 "This book could literally change a generation, change the trajectory of our culture, change a whole world of broken toward hope." - Ann Voskamp, New York Times bestselling author of *The Broken Way* God could have made us all exactly the same, but He didn't. And our differences are good! As His children, those called by God to belong to His family, we can actually use our differences to help each other. Here's some more great news: There are no rules about how we look or sound to be in His family. We have a delightfully different family on purpose. Every person is made by God, in His image, and therefore is equal in value and worth. Kids, somehow, already know this to be true. This short, colorful book (written with grade-schoolers in mind) will share the truth of God's Word with them. The truth about how we were made with differences, how we sinned, how God rescued us, and how—if we understand that God's diverse creation will be together in Heaven—it should motivate us to love one another on earth!

Break the Good Girl Myth Majo Molfino, 2020-07-28
“Molfino explores female empowerment in her zesty debut. Women searching for ways to increase their self-worth and confidence will find many gems.”
—Publishers Weekly Women: it’s time to break the good girl myths that are holding you back and

share your true gifts with this groundbreaking book from Stanford University-trained designer and women's leadership expert Majo Molfino. For thousands of years, women have been taught to be "good" instead of powerful. But when we embody the good girl, we hold back their voices and gifts in a world that desperately needs female perspectives. Drawing on countless coaching sessions and conversations with female leaders, Majo identifies five self-sabotaging tendencies ("the five Good Girl Myths") every woman must overcome to unleash her power and design a more purposeful life: The Myth of Rules The Myth of Perfection The Myth of Logic The Myth of Harmony The Myth of Sacrifice While there are many women's leadership books, Majo uses her knowledge and training in design thinking (which is used by the world's most innovative people and companies) to help you build creative confidence and break free from these disempowering myths once and for all. Discover how each myth negatively affects your relationships, career, and well-being and identify your primary good girl myth—the blindspot that's zapping most of your power as a creative badass. "An elegant, powerful framework for female liberation." —Amber Rae, author of Choose Wonder over Worry "Smart, empowering, and practical . . . guides you in creating a better future for yourself—and the planet." —BJ Fogg, PhD, New York Times—bestselling author
