Top Gear Ultimate Supercars Jason Barlow,2019-10-17 Guaranteed to rev the engines of car fans everywhere. Supercars are the purest and most extreme expression of automotive performance there is - and no one knows the territory better than the TopGear team. With ever-increasing power outputs, radical new designs, and eye-popping price tags, this book is a celebration of the supercar in all its fabulous glory. Supercars also brings this incredibly fast-moving, hi-octane world bang up to date. The world's best writers and photographers explore the latest developments in thrilling style - from the new generation of pure-electric cars that have raised the bar for zero emissions performance, to the crazy machines hell-bent on breaking the 300mph barrier ... this is TopGear Supercars. Buckle up. Are you ready?

The Top Gear Years Jeremy Clarkson,2013-05-23 We now know all about the world according to Clarkson. In a series of bestselling books, Jeremy has revealed it to be a puzzling, frustrating place where all too often the lunatics seem to be running the asylum. But in The Top Gear Years, we get something rather different.

And On That Bombshell Richard Porter,2015-10-22 I was Top Gear's script editor for 13 years and all 22 series. I basically used to check spelling and think of stupid gags about The Stig. I also got to hang around with Jeremy Clarkson, Richard Hammond and James May. It didn't feel like something you should get paid for. From the disastrous pilot show of 2002 to the sudden and unexpected ending in 2015, working on Top Gear was quite a rollercoaster ride. We crossed continents, we made space ships, we bobbed across the world's busiest shipping lane in a pick-up truck. We also got chased by an angry mob, repeatedly sparked fury in newspapers, and almost killed one of our presenters. I realised that I had quite a few stories to tell from behind the scenes on the show. I remembered whose daft idea it was to get a dog. I recalled the willfully stupid way in which we decorated our horrible office. I had a sudden flashback to the time a Bolivian drug lord threatened to kill us. I decided I should write down some of these stories. So I have. I hope you like them. And now, a quote from James May: 'Richard Porter has asked me to write a quote for his new book about the ancient history of Top Gear. But this is a ridiculous request. How can one write a quote? Surely, by definition, a quote must be extracted from a greater body of writing, for the purpose of illustrating or supporting a point in an unrelated work. I cannot write a quote any more than I could film an out-take. 'Porter, like Athens, has lost his marbles.'

Top Gear Portfolio TOP GEAR MAGAZI,2011 For the petrolheads at Top Gear Magazine, car photography is about more than just a car on a stretch of tarmac. It's about ultimate escapism. For Top Gear, a truly great photograph should instantly transport you to the location and behind the wheel, delivering the speed, power and atmosphere of the moment in one shot. In this collection of Top Gear's finest car photography, we get up close and personal with the hottest cars of recent years in some of the most stunning locations. You'll see the world reflected in gleaming bodywork, raindrops on windcreens at 90mph, and the blur of wheels against a backdrop of epic vistas. Portfolio is the perfect coupling of automotive masterpieces of design and world-class photography. If the speed, power and craftsmanship of the world's finest, fastest cars can be captured in a moment, this is it.

*The Top Gear Story - The 100% Unofficial Story of the Most Famous Car Show... In The World* Martin Roach,2011-02-07 From humble beginnings as a 1970s motoring show, Top Gear has gone on to achieve diesel-powered world domination. After Clarkson and producer Andy Wilman successfully pitched a new format to BBC bosses, Top Gear returned to become the irreverent, funny and often controversial show we now know and love. The Star in a Reasonably Priced Car, the Cool Wall and Power Laps by the mysterious Stig have all become staples of Britain's favourite Sunday evening entertainment. Recent series have been defined by their madcap challenges such as driving across Africa in clapped-out bangers - with predictably hilarious results. However, the show's most shocking moment came in 2006, when Hammond suffered serious head injuries while driving a Vampire turbojet drag racing car at over 300mph. Clarkson, Hammond and May; they are the politically-incorrect-joking, stone-washed-denim-wearing, bloke-hero trio for the modern(ish) age. This brilliant, detailed book is fitting tribute to the show, its presenters and its most memorable moments.

**Top Gear: Daft Cars** Matt Master,2012-07-31 From flying cars to amphibious vehicles, solar-powered saloons to rockets on wheels, these are over 50 of the most wacky cars ever devised. Fancy a car that drives sideways? Try the Jeep Hurricane. Or maybe a car in which the windows change colour according to your mood for a more serene and health-giving driving experience? That'll be the Toyota RiN. And if you like a flutter, you'll need the Chrysler Town and Country Black Jack, which contains a mini onboard casino. Some concept cars are designed to demonstrate alternative materials and energy sources, or to showcase the gadgets of the future, or even cater for specific lifestyles or groups of people. Many don't even get beyond the prototype stage - for reasons of cost or practicality, or, in the case of the nuclear-powered Ford Nucleon of 1958, the danger of causing a small atomic explosion. Featuring everything from practical experiments such as the hatchback fire engine, and ideas that have managed to make it into production, to stunning yet impractical supercar concepts, this book both celebrates and cringes at some of motoring's most daft - and even idiotic - ideas.

Top Gear: The Alternative Highway Code Ministry of Top Gear,2012-06-30 As everyone knows, there are three ways of doing things. The right way, the wrong way and the Top Gear way. Although, on reflection, that's usually just the wrong way, but faster and with more shouting. Anyway, the good news is that this third way of doing things can be applied to almost anything, and that includes motoring in general. All you need is the right guidance, which is where the brand new Top Gear Alternative Highway Code comes in. Top Gear's Altnernative Highway Code will show you how to bring the ambitious but rubbish philosophies of the world's most popular TV programme to your driving, containing advice on general motoring, as well as specific tips on how to deal with common eventualities like a rapidly sinking amphibious camper van, a caravan airship that's just crashed into a small bush, or a stupid home-made limousine that's snapped in half while transporting a top celebrity to an awards ceremony. Road users should not leave home without it.

*Or Is That Just Me?* Richard Hammond,2009-12-10 More antics from the much-loved TOP GEAR presenter, and the No.1 bestselling author of ON THE EDGE. There is, I discovered, a technique to performing a low-rent, comedy motorcycle jump with a bad hip joint following a low-speed fall off a horse on to your wife's Land Rover keys... More of the wry, honest and often hilarious chronicles of Richard Hammond - TV presenter, adventurer and general drawer of the Short Straw. Continuing where AS YOU DO left off, OR IS THAT JUST ME? focuses on just a few of the many hair-raising stunts, expeditions and encounters experienced by Richard Hammond over the last eventful year.

*Top Gear: Ambitious but Rubbish* ,2015-08-27 Ambitious but Rubbish reveals the off-camera secrets behind some of Top Gear's most memorable creations. From the challenge of turning a Reliant Robin into a rocket and the genesis of the Hammerhead-i Eagle Thrust electric car to the complexities of building a

caravan airship and the inspiration for destruction-testing a Toyota Hilux, this book is packed with the previously untold stories behind dozens of classic TV moments. Top Gear has never shied away from trying to answer questions no one has even thought to ask. Questions like ‘Can you make a convertible people carrier?’, ‘Can you cross the Channel in a pick-up?’ and ‘Can you turn a combine harvester into a snow plough?’. Ambitious but Rubbish reveals how those insane ideas came about with remarkable tales of ingenious invention and idiotic engineering. This book is essential reading for any Top Gear fan and a terrific insight into the creation of the world’s biggest car show. It’s also a terrifying window into the minds of Jeremy Clarkson, Richard Hammond and James May. Don’t say you weren’t warned about that last one.

**Top Gear: Motor Mania** Ivan Berg,Nik Berg,2012-04-30 Did you know that Jasons and Tracies crash more cars than Jacqueline's and Dams? Or that a boomerang can be used to repair a knackered clutch? Have you ever wanted to visit a naked car show, wondered what it's like to drive on the world's most dangerous road, or receive the world's most expensive speeding ticket? Want to read about flying cars, amphibious cars, or atomic cars? What about the Accord that can actually strike a chord, or the love car park? Dip inside to find all these plus stacks of other stuff, including cars in films, cars on TV, cars in songs - even cars as coffins. Top Gear: Motor Mania is a car book like no other. It's full of the strangest stories, fascinating facts and spectacular stats - a must for any car nut.

**The Top Gear Guide to Britain** Richard Porter,2013-11-01 For over ten years, Top Gear has been travelling all over Britain in the course of making the world’s best programme about cars, driving, and three men in smart-casual clothes shouting at each other. So, who better to assemble a guide to Britain itself with all its glories, quirks and multiple words for bread rolls? This book is not only a guide for outsiders; it is an invaluable reference manual for Britons themselves, like a mirror held up to our very souls.\* Join us then, as we travel from A-Z cataloguing and making moderately flippant remarks about every aspect of life and living in the best country in the world after New Zealand, Denmark, probably Canada and some bits of France. \*Although in this case, a mirror that has been dropped and then run over by a small lorry but don’t worry, some bits of it still just about work.

**Top Gear: How to Parachute into a Moving Car** Richard Porter,2013-07-26 Life is full of complications. From buying petrol and driving on a motorway to using a microwave oven and becoming a Formula 1 driver, all men have suffered from the stresses and inconveniences of the modern world. Happily, this handy book will solve all of these problems by applying the unique brand of Top Gear logic to a range of everyday situations, such as making a ham sandwich, designing a supercar, receiving directions and, of course, how to parachute into a moving car.

**The Man in the White Suit** Ben Collins,2011 Ever since Black Stig disappeared off the front of HMS Invincible in 2003, one question has captivated 350 million viewers of Top Gear around the world: Who is the man in the white suit?

**Top Gear Drives of a Lifetime** Dan Read,2015-10-15 Every year, Top Gear dispatches correspondents to cover many serious stories around the world. Wherever they go, they ask tough questions and leave no stone unturned in search of the cold, hard truth. Questions such as: Is it possible to drive a Ferrari up a Scottish ski slope? Exactly how far can you drive a bulldozer across the Antarctic before it falls down a big crack? And what happens when you drive a small 4X4 up a volcano, during an earthquake, with a high chance of eruption? The answers to all of the above – and more – can be found in Top Gear Top Drives, a new book featuring Top Gear’s best adventures, neatly arranged in precise geographic order: top, middle and bottom. These are not Sunday drives to country pubs. You will not find any mentions of freshly cut grass and picnics under oak trees. In fact, you are more likely to encounter roadside landmines and a pack of Chilean llamas with a relaxed approach to personal hygiene. Of course you will also find supercars on winding mountain passes, but this book goes much further, bringing you the most unusual combinations of car and tarmac – or lack of it – from across our planet. All of which are accompanied by a surprisingly useful collection of travel tips, featuring such useful advice as when to go, what the weather’s like and where to find a reasonably priced beer. Like any classic travel guide, you really shouldn’t leave home without it. Unless you write down the really important bits, in which case you’ll probably be OK.

**Top Gear Supercars** ,2010 Ask any man the first thing he would buy if he won the lottery and we guarantee you the answer would be a supercar. It is what every real man and every alpha woman aspires to a blisteringly fast V8 engine, achingly high-tech design and style that snaps

**Top Gear's Midlife Crisis Cars** Matt Master,2012-05-31 Following up on Crap Cars and My Dad Had One of Those, Top Gear celebrates the midlife crisis with the definitive collection of the flashiest, fastest, most impractical cars ever to be found in the driveways of otherwise perfectly sensible men. Drawing on the high level of expertise in this area, Top Gear explores the phenomenon of motoring and the midlife crisis, identifying over 50 classics of the genre across four desperate decades. From Ford Capri to Ferrari Testarossa, it celebrates the flashiest, fastest and most ridiculous attempts to cover a bald spot, meanwhile offering a profound insight into the complex psychology of a middle-aged man and his quest for eternal youth. Top Gear's Midlife Crisis Cars both rejoices and recoils at the time-honoured tradition of flushing the children's inheritance on something you're too arthritic to get into in the first place.

**Ambitious But Rubbish** Richard Porter,2012 Crossing the channel in a battered pick-up truck. Cruising the streets in a convertible people-carrier. Firing up a snowbine harvester to clear a runway for a plane to (crash) land.

*The Big Book of Top Gear 2009* BBC Books,Richard Porter,2008 RHYMES & CHIMES FROM MOTHER GOOSE was published originally between 1863 and 1870 by McLoughlin Brothers, New York, New York.

The Top Gear Story Martin Roach,2017-02-02 With Jeremy Clarkson, Richard Hammond and James May at the helm, Top Gear became a true global phenomenon. However, after the infamous 'fracas' involving Clarkson and one of the show's producers, it's all change in the Top Gear universe. Top Gear's devoted viewers around the world (at its peak; 350 million in 170 countries) await its new incarnations with expectation, intrigue and some apprehension. It remains to be seen whether Clarkson, Hammond and May can re-create their old madcap genius on Amazon Prime, and the new BBC presenters have already had to deal with tabloid controversies and rumours. Whatever happens, it's going to make for fascinating viewing. This is an in-depth, fully up-to-date tribute to one of Britain's biggest TV exports and will be a must-read for any fan of the show.
