Entertainment and Society Shay Sayre,Cynthia

King,2010-04-05 The second edition of this innovative textbook introduces students to the ways that society shapes our many forms of entertainment and in turn, how entertainment shapes society. Entertainment and Society examines a broad range of types of entertainment that we enjoy in our daily lives - covering new areas like sports, video games, gambling, theme parks, travel, and shopping, as well as traditional entertainment media such as film, television, and print. A primary emphasis is placed on the impact of technological and cultural convergence on innovation and the influence of contemporary entertainment. The authors begin with a general overview of the study of entertainment, introducing readers to various ways of understanding leisure and play, and then go on to trace a brief history of the development of entertainment from its live forms through mediated technology. Subsequent chapters review a broad range of theories and research and provide focused discussions of the relationship between entertainment and key societal factors including economics and commerce, culture, law, politics, ethics, advocacy and technology. The authors conclude by highlighting innovations and emerging trends in live and mediated entertainment and exploring their implications for the future. The new edition features updated examples and pedagogical features throughout including text boxes, case studies, student activities, questions for discussion, and suggestions for further reading.

50 Years Of Transportation In Singapore: Achievements And Challenges Tien Fang Fwa,2016-07-22 This unique volume presents the achievements of the land, sea and air transport industry of Singapore in the last 50 years after Singapore gained its independence in 1965. It provides a comprehensive overview of Singapore's progress in transportation from a typical third world system in the 1960s to one that is currently in the top league globally in all aspects of passenger and freight transportation.

Singapore's successes in land transport planning, urban traffic management, and public transport systems provide valuable experience for major cities worldwide. The emergence of the Singapore Port as the most efficient container port in the world is another success story that inspires both established and up-and-coming port operators alike. The ambitious goal of Singapore to develop itself into a maritime knowledge hub of the future is a bold and exciting undertaking catching worldwide attention. In air transport, Singapore is well known for its efficiency as a major regional hub. This book examines in detail the important milestones and background developments that have led to the highly advanced state of transportation systems in the land, sea and air transport of Singapore today. Each chapter is written by professionals who are themselves part of the success stories presented. The chapter authors are specially invited to provide a professional account of the topics of their expertise. The authors have been able to draw on extensive amounts of published and unpublished documents and reports to present a comprehensive picture for the subject of interest in each chapter. As a whole, the book offers a holistic and informative professional reference book on the major happenings and achievements of Singapore in the transportation sector.

The New Blackwell Companion to Social Theory Bryan S. Turner, 2016-09-26 A comprehensive new collection covering the principal traditions and critical contemporary issues of social theory. Builds on the success of *The Blackwell Companion to Social Theory*, second edition with substantial revisions, entirely new contributions, and a fresh editorial direction Explores contemporary areas such as actor network theory, social constructionism, human rights and cosmopolitanism Includes chapters on demography, science and technology studies, and genetics and social theory Emphasizes key areas of sociology which have had an important impact in shaping the discipline as a whole

People of the State of Illinois V. Giere ,1990

Pollution Prevention Ryan Dupont,Kumar Ganesan,Louis Theodore,2016-11-18 This new edition has been revised throughout, and adds several sections, including: lean manufacturing and design for the environment, low impact development and green infrastructure, green science and engineering, and sustainability. It presents strategies to reduce waste from the source of materials development through to recycling, and examines the basic concepts of the physical, chemical, and biological properties of different pollutants. It includes case studies from several industries, such as pharmaceuticals, pesticides, metals, electronics, petrochemicals, refineries, and more. It also addresses the economic considerations for each pollution prevention approach.

OECD Economic Surveys: Austria 1973 OECD,1973-08-01 OECD's 1973 Economic Survey of Austria examines recent economic trends and prospects, causes of accelerating prices, and the role of stabilisation policies.

The Complete Travel Detective Bible Peter

Greenberg, 2007-10-02 This ultimate physician's desk reference for travelers addresses the questions, anxieties, concerns, and desire for essential information that are common to seasoned and novice travelers alike. Peter Greenberg, best-selling author, trusted Today show travel editor, and the man that writer Paul Theroux calls the liberator and defender of the traveling public, offers an encyclopedic look at every aspect of the travel process, both domestically and internationally, from the true definition of travel terms to in-depth explanations of how things really work. Do you want to know which airline seats are the best and worst? How you can vacation in a lighthouse, a monastery, or even a converted prison? Which countries require you to get visas before you visit? Or won't let you in even if you have a passport? Which airlines are the worst bumping offenders? How you can avoid hidden fees? The Complete Travel Detective Bible offers up answers to these questions and much more. Everything is cross-referenced and each chapter is filled with useful charts, lists, and diagrams, making for an easily accessible format. Greenberg, who has been to more than 146 countries, is an expert without equal at outplaying the travel industry at its own games, securing the best fares, accommodations, and service at the lowest possible prices. He shares every one of these hard-won, ingenious insider secrets

in this book, making The Complete Travel Detective Bible the ultimate word on travel today.

Research Companion to Organizational Health

Psychology Alexander-Stamatios G. Antoniou, Cary L.

Cooper, 2005-01-01 The rapid and sweeping changes in the economy, technology, work practices and family structures mean that organizational health psychology has never been so essential for understanding stress in the workplace. This timely Research Companion is essential reading to advance the understanding of healthy behaviors within working environments and to identify problems which can be the cause of illness. Containing both theoretical and empirical contributions written by distinguished academics working in Europe, North America and Australia, the book covers leading edge topics ranging from current theories of stress, stress management, and stress in specific occupational groups, such as doctors and teachers, to the relationship of stress with well-being. It provides systematic approaches towards practical actions and stress interventions in working environments and a solid theoretical framework for future research. It will be an essential companion to research on psychology and medicine as well as stress.
