Traveling the South-Central States BUDDY.,2020-12 This travel guidebook encompasses a driving trip taken in June 2019 to all eight southeastern states over an eleven- day period! All attractions in this travel guidebook have been personally experienced-some several times. If you choose to replicate the June 2019 trip (which excluded stops in Atlanta and Savannah-other than drive- throughs), it would entail driving 2,992 miles-mostly interstate highways. Happy traveling wherever or whatever you choose for your vacations or even day excursions! For our family, taking a leisure trip has proven to be a memorable experience. Personal feelings of a traveler, at any one time, depend upon many variables that include: being lost, weather, roads, confusing directions, traffic, road conditions, tiredness, and disrespectful drivers.
