Arab Television Today Naomi Sakr,2007-10-24 There is a great deal at stake for everyone in the future of Arab television. Political and social upheavals in this central but unsettled region are increasingly played out on television screens and in the tussles over programming that take place behind them. Al-Jazeera is of course only one player among a still-growing throng of satellite channels, which now include private terrestrial stations in some Arab states. It is an industry urgently needing to be made sense of; this book does exactly this in a very readable and authoritative way, through exploring and explaining the evolving structures and content choices in both entertainment and news of contemporary Arab television. It shows how owners, investors, journalists, presenters, production companies, advertisers, regulators and media freedom advocates influence each other in a geolinguistic marketplace that encompasses the Arab region itself and communities abroad. Probing internal and external interventions in the Arab television landscape, the book offers a timely and compelling sequel to Naomi Sakr's *Satellite Realms: Transnational Television, Globalization and the Middle East*, which won the Middle Eastern Studies Book Prize in 2003.

This definitive guide is the best resource for any fan who is intrigued and enthralled by one of the all-time classic television situation comedies. The contents have been thoroughly researched and all 275 episodes meticulously analyzed to develop an unabridged, credible reference source. Individual chapters are devoted to biographies of the cast (Ted Danson, Shelley Long, Kirstie Alley, Kelsey Grammar, Woody Harrelson, Rhea Perlman, George Wendt, John Ratzenberger, Bebe Neuwirth, Nicholas Colasanto) and narratives of their respective characters (Sam Malone, Diane Chambers, Rebecca Howe, Frasier Crane, Woody Boyd, Carla Tortelli-LeBec, Norm Peterson, Cliff Clavin, Lilith Sternin-Crane, Coach) to provide a thoughtful examination of their persona. Additional chapters are committed to a biography of the show from its inception through the series finale, and a narrative of the fictional Cheers bar, including bar regulars and memorable patrons (Robin Colcord, John Hill, Eddie LeBec, Nick Tortelli, Kelly Gaines, Melville's, Gary's Olde Towne Tavern, Bull & Finch Pub). Another section offers a detailed description of each Cheers episode in chronological order based on airing dates from 1982 to 1993. The summaries contain technical credits, episode writers, directors, and guest actors (with highlights of significant movie and television credits). The final chapter provides a listing of the Emmy nominations and awards earned over the show's eleven-year span of television dominance. In sum, this book is the most extensive analysis of Cheers available on the market. No other source is more complete, accurate, or extensive. Photos included.

Cult Television Sara Gwenllian-Jones,Roberta E. Pearson,2004 A television series is tagged with the label cult by the media, advertisers, and network executives when it is considered edgy or offbeat, when it appeals to nostalgia, or when it is considered emblematic of a particular subculture. By these criteria, almost any series could be described as cult. Yet certain programs exert an uncanny power over their fans, encouraging them to immerse themselves within a fictional world. In *Cult Television* leading scholars examine such shows as *The X-Files*; *The Avengers*; *Doctor Who*, *Babylon Five*; *Star Trek*; *Xena, Warrior Princess*; and *Buffy the Vampire Slayer* to determine the defining characteristics of cult television and map the contours of this phenomenon within the larger scope of popular culture. INSIDE THE CHI LITES MUSIC Darren Cubie ,2022-12-26 The son of an R&B legend tells the incredible but true story of a family torn apart by greed, corruption and the systematic abuse of black artists in the United States. Darren Cubie grew up in St. Louis not knowing why assassination attempts, FBI investigations, and witness protection programs weren't supposed to be a 'normal' part of life. With the hall of fame success of the iconic soul group known as the Chi-Lites, Darren's father, founding member Creadel "Red" Jones came a terrible price. Like so many other black artists of the day, the devil was in the details in the form of contracts and agreements with the mob filtered thru corrupt record executives and banksters. The bitter ending of Creadel's journey in 1994, penniless on the streets of L.A., has spurred Darren on to become a champion for artists everywhere who've suffered from this decades-old system of abuse

Terrorism TV Stacy Takacs,2012-04-30 The Fox-TV series 24 might have been in production long before its premier just two months after 9/11, but its storyline—and that of many other television programs—has since become inextricably embedded in the nation's popular consciousness. This book marks the first comprehensive survey and analysis of War on Terror themes in post-9/11 American television, critiquing those shows that—either blindly or intentionally—supported the Bush administration's security policies. Stacy Takacs focuses on the role of entertainment programming in building a national consensus favoring a War on Terror, taking a close look at programs that comment both directly and allegorically on the post-9/11 world. In show after show, she chillingly illustrates how popular television helped organize public feelings of loss, fear, empathy, and self-love into narratives supportive of a controversial and unprecedented war. Takacs examines a spectrum of program genres—talk shows, reality programs, sitcoms, police procedurals, male melodramas, war narratives—to uncover the recurrent cultural themes that helped convince Americans to invade Afghanistan and Iraq and compromise their own civil liberties. Spanning the past decade of the ongoing conflict, she reviews not only key touchstones of post-9/11 popular culture such as 24, Rescue Me, and Sleeper Cell, but also less remarked-upon but relevant series like JAG, Off to War, Six Feet Under, and Jericho. She also considers voices of dissent that have emerged through satirical offerings like The Daily Show and science fiction series such as Lost and Battlestar Galactica. Takacs dissects how the War on Terror has been broadcast into our living rooms in programs that routinely offer simplistic answers to important questions—Who exactly are we fighting? Why do they hate us?—and she examines the climate of fear and paranoia they've created. Unlike cultural analyses that view the government's courting of Hollywood as a conspiracy to manipulate the masses, her book considers how economic and industry considerations complicate state-media relations throughout the era. Terrorism TV offers fresh insight into how American television directly and indirectly reinforced the Bush administration's security agenda and argues for the continued importance of the medium as a tool of collective identity formation. It is an essential guide to the televisual landscape of American consciousness in the first decade of the twenty-first century.

Spy ,1989-03 Smart. Funny. Fearless.It's pretty safe to say that Spy was the most influential magazine of the 1980s. It might have remade New York's cultural landscape; it definitely changed the whole tone of magazine journalism. It was cruel, brilliant, beautifully written and perfectly designed, and feared by all. There's no magazine I know of that's so continually referenced, held up as a benchmark, and whose demise is so lamented --Dave Eggers. It's a piece of garbage --Donald Trump.
