

# Uanews

Ulrich Schmid, Oksana Myshlovska

**Digital Forensics and Cyber Crime** Joshua I. James, Frank Breiting, 2015-10-02 This book constitutes the refereed proceedings of the 7th International Conference on Digital Forensics and Cyber Crime, ICDF2C 2015, held in Seoul, South Korea, in October 2015. The 14 papers and 3 abstracts were selected from 40 submissions and cover diverse topics ranging from tactics of cyber crime investigations to digital forensic education, network forensics, and international cooperation in digital investigations.

**Language Policy and Discourse on Languages in Ukraine Under President Viktor Yanukovich** Michael Moser, 2014-04-15 Declared the country's official language in 1996, Ukrainian has weathered constant challenges by post-Soviet political forces promoting Russian. Michael Moser provides the definitive account of the policies and ethno-political dynamics underlying this unique cultural struggle.

**The Zelensky Effect** Olga Onuch, Henry E. Hale, 2022-12-01 With Russian shells raining on Kyiv and tanks closing in, American forces prepared to evacuate Ukraine's leader. Just three years earlier, his apparent main qualification had been playing a president on TV. But Volodymyr Zelensky reportedly retorted, 'I need ammunition, not a ride.' Ukrainian forces won the battle for Kyiv, ensuring their country's independence even as a longer war began for the southeast. You cannot understand the historic events of 2022 without understanding Zelensky. But the Zelensky effect is less about the man himself than about the civic nation he embodies: what makes Zelensky most extraordinary in war is his very ordinariness as a Ukrainian. The Zelensky Effect explains this paradox, exploring Ukraine's national history to show how its now-iconic president reflects the hopes and frustrations of the country's first

'independence generation'. Interweaving social and political background with compelling episodes from Zelensky's life and career, this is the story of Ukraine told through the journey of one man who has come to symbolize his country.

*Civil Resistance* Kurt Schock, 2015-08-15 In the past quarter century the world has witnessed dramatic social and political transformations, due in part to an upsurge in civil resistance. There have been significant uprisings around the globe, including the toppling of communist regimes in Eastern Europe, the Color Revolutions, the Arab Spring, protests against war and economic inequality, countless struggles against corruption, and demands for more equitable distribution of land. These actions have attracted substantial scholarly attention, reflected in the growth of literature on social movements and revolution as well as literature on nonviolent resistance. Until now, however, the two bodies of literature have largely developed in parallel—with relatively little acknowledgment of the existence of the other. In this useful collection, an international and interdisciplinary group of scholars takes stock of the current state of the theoretical and empirical literature on civil resistance. Contributors analyze key processes of nonviolent struggle and identify both frictions and points of synthesis between the narrower literature on civil resistance and the broader literature on social movements and revolution. By doing so, *Civil Resistance: Comparative Perspectives on Nonviolent Struggle* pushes the boundaries of the study of civil resistance and generates social scientific knowledge that will be helpful for all scholars and activists concerned with democracy, human rights, and social justice.

*LGBTI Politics and Value Change in Ukraine and Turkey* Maryna Shevtsova, 2021-04-22 *LGBTI Politics and Value Change in Ukraine and Turkey* focuses on

the impact of European Union promotion of LGBTI rights in Turkey and Ukraine, offering a re-evaluation of the mechanisms used by the EU and the domestic and external conditions that result in different outcomes. With the protection of LGBTI rights becoming one of the core principles of the EU, the last two decades have seen a consistently growing commitment of the Union to defending the human rights of LGBTI people, not only in its member states but also internationally. Drawing on rich empirical data, this work uses the cases of Turkey, a candidate state, and Ukraine, a state in the European Neighbourhood, to evaluate the ability of the EU to promote tolerance and diversity in countries where the population has not experienced a radical shift of attitudes toward LGBTI people. Examining the export of 'European values', politics of LGBTI rights in the enlarged European Union, the development of LGBTI rights in Turkey and the transformation of its political system, competing normative powers and LGBT rights in Ukraine, Maryna Shevtsova traces the 'Europeanization' of rights beyond Europe. This book will be of interest to researchers in LGBTI Studies, Eastern European Politics, the European Union and Gender Studies.

**Poop Culture** Dave Praeger, 2007-05-01 Is "The Origin of Feces" a Darwinian concern? Perhaps not, but it is the title to the preface of this tongue-in-cheek and unexpectedly revealing exploration of human behavior by the webmaster behind the popular PoopReport.com. This book is not a history of poop, but a study of today. Its goal is to understand how poop affects us, how we view it, and why; to appreciate its impact from the moment it slides out of our anal sphincters to the moment it enters the sewage treatment plant; to explore how we've arrived at this strange discomfort and confusion about a natural product of our bodies;

to see how this contradiction—the natural as unnatural—shapes our minds, relationships, environment, culture, economics, media, and art. Paul Provenza, the director of *The Aristocrats*, says in his foreword: “It’s shocking to think that a book about poop can be considered an act of courage. But it is. Most of us have knee-jerk responses to the topic that we are not even aware of. Attitudes that, like the awful stench of poop itself, permeate all of society and culture. This book has some very profound and beautiful things to say. It takes a dirty, smelly, unpleasant subject like shit and brings forth ideas that are empowering, dignifying and life affirming.”

*The Authoritarian International* Stephen G. F. Hall, 2023-05-25 Focusing on Russia and Eastern Europe, Hall argues that democracies can preserve their norms and values by better understanding how authoritarian regimes learn. It will be of interest to scholars, advanced students, and policymakers concerned with the politics of authoritarianism, and the politics of Russia, and Central and Eastern Europe.

*Public Service Evolution in the 15 Post-Soviet Countries* Alikhan Baimenov, Panos Liverakos, 2022-01-31 A unique study of public service evolution in the 15 post-soviet countries from independence to date. It reveals the diversity in their transformation shaped by historical and cultural traditions and the soviet legacy they inherited, as well as by the impact of the political will of ruling elites, all of which influenced the socio-economic and governance models these countries adapted. Its value lays with the fact that it is a collaborative outcome of prominent practitioners, who actively participated in the transformation process, and leading scholars representing all 15 post-soviet countries. It is valuable addition to the body of knowledge of public administration, allowing for

improved understanding of the complexity and depth of change that has taken place over the past 30 years. It provides an in-depth analysis of the public service reform process; a subject relevant to the countries of the Region and beyond.

Encyclopedia Paranoiaca Henry Beard, Christopher Cerf, 2013-11-19 A co-founder and contributing editor of the National Lampoon celebrate the perils of everyday life while identifying hazards associated with ubiquitous objects, from the radioactive properties of bananas and the biohazards in bottled water to the number of people hospitalized from escalator accidents and the cancer-causing dangers of candlelit dinners. 35,000 first printing.

**Encyclopedia Paranoiaca** , 2012-11-20 An informative compendium of surprising ways you might die a horrible death at any moment from humor writers Henry Beard and Christopher Cerf.

**Historical Memory and Foreign Policy** Lina Klymenko, Marco Siddi, 2022-10-13 This book explores the uses of the past in foreign policy-making. It outlines why and how political leaders refer to historical events in contemporary foreign policy discourses; the goals they hope to achieve; and the sometimes unintended foreign policy consequences of their (ab)use of historical memory. Furthermore, it looks at how political leaders shape domestic collective memories in pursuit of their international agendas, and highlight historical events leaders forget, reinterpret or obscure through selective narratives. The chapters explore a variety of theoretical concepts that shed light on how memory and foreign policy are linked in a complex and reciprocal way. The following mechanisms are discussed: the application of historical analogies; the construction of historical narratives; the creation of memory sites; the marginalisation and forgetting of the past; and

the securitisation of historical memory. Through the use of a number of methodological approaches (such as discourse analysis, narrative analysis and content analysis of securitising moves) and a broad range of qualitative and quantitative data (newspaper articles, policy documents, commemorative speeches, interviews with policymakers and the observation of memory sites), the contributions highlight the interdependence of the international, national, regional and local dimensions of memory practices and history writing. Although they mostly focus on national case studies of foreign policy-making, they also reveal how representations of historical events evolve through interaction between political actors at the international level of analysis. The collection originated in the section entitled 'Exploring the Link between Historical Memory and Foreign Policy' at the annual Pan-European Conference of the European International Studies Association (EISA) 2018 held in Prague, the Czech Republic.

**The Use of Force against Ukraine and International Law** Sergey Sayapin, Evhen Tsybulenko, 2018-09-08 Written by a team of international lawyers from Europe, Asia, Africa, and the Caribbean, this book analyses some of the most significant aspects of the ongoing armed conflict between the Russian Federation and Ukraine. As challenging as this conflict is for the international legal order, it also offers lessons to be learned by the States concerned, and by other States alike. The book analyses the application of international law in this conflict, and suggests ways for this law's progressive development. It will be useful to practitioners of international law working at national Ministries of Defence, Justice, and Foreign Affairs, as well as in Parliaments, to lawyers of international organizations, and to national and international

judges dealing with matters of public international law, international humanitarian law and criminal law. It will also be of interest to scholars and students of international law, and to historians of international relations. Sergey Sayapin is Assistant Professor in International and Criminal Law at the School of Law of the KIMEP University in Almaty, Kazakhstan. Evhen Tsybulenko is Professor of Law at the Department of Law of the Tallinn University of Technology in Tallinn, Estonia.

*Miscommunicating Social Change* Olga Baysha, 2018-10-18 This book reveals contradictions between the supposed democratizing mission of the social movements in Russia and Ukraine and their actual conduct and its outcomes. It uses case studies of the "White Ribbons" movement for fair elections, the Ukrainian Euromaidan (2013-2014), and anti-corruption protests in Russia organized by Alexei Navalny.

*Understanding Central Europe* Marcin Moskalewicz, Wojciech Przybylski, 2017-11-20 "Central Europe" is a vague and ambiguous term, more to do with outlook and a state of mind than with a firmly defined geographical region. In the immediate aftermath of the collapse of the Iron Curtain, Central Europeans considered themselves to be culturally part of the West, which had been politically handicapped by the Eastern Soviet bloc. More recently, and with European Union membership, Central Europeans are increasingly thinking of themselves as politically part of the West, but culturally part of the East. This book, with contributions from a large number of scholars from the region, explores the concept of "Central Europe" and a number of other political concepts from an openly Central European perspective. It considers a wide range of issues including politics, nationalism, democracy, and the impact of culture, art and history. Overall, the book casts a great deal of light on the complex nature

of “Central Europe”.

*Mapping the Extreme Right in Contemporary Europe* Andrea Mammone, Emmanuel Godin, Brian Jenkins, 2012

In recent years the revival of the far right and anti-Semitic, racist and fascist organizations has posed a significant threat throughout Europe. This title provides a broad geographical overview of the dominant strands within the contemporary radical right in both Western and Eastern Europe.

**Memory Crash** Georgiy Kasianov, 2022-01-09 This account of historical politics in Ukraine, framed in a broader European context, shows how social, political, and cultural groups have used and misused the past from the final years of the Soviet Union to 2020. Georgiy Kasianov details practices relating to history and memory by a variety of actors, including state institutions, non-governmental organizations, political parties, historians, and local governments. He identifies the main political purposes of these practices in the construction of nation and identity, struggles for power, warfare, and international relations. Kasianov considers the Ukrainian case in the context of a global increase in the politics of history and memory, with particular emphasis on a distinctive East-European variety. He pays special attention to the use and abuse of history in relations between Ukraine, Russia, and Poland.

AIR CRASH INVESTIGATIONS – SHOT DOWN OVER UKRAINE? – The Crash of Malaysia Airlines Flight MH17 Dirk Jan Barreveld, editor, 2019-08-23 On 17 July 2014, at 13.20 a Boeing 777-200 with the Malaysia Airlines nationality and registration mark 9M-MRD disappeared to the west of the TAMAK air navigation waypoint in Ukraine. The aeroplane impacted the ground in the eastern part of Ukraine, near the villages of Hrabove, Rozsypne and Petropavlivka. All 298 persons on board lost their lives. The in-flight disintegration of the aeroplane near the Ukrainian/ Russian border was

the result of the detonation of a warhead. The weapon used was a 9N314M-model warhead carried on the 9M38-series of missiles, as installed on the Buk surface-to-air missile system. But was MH17 really hit by a 9N314M model war head mounted on a 9M38 series missile? Careful examination of the available facts show that the conclusion of the Dutch Safety Board (DSB) are questionable to say the least. The report is a mixture of an air crash investigation and a criminal investigation.

**Minerals Yearbook** ,2013

**Minerals Yearbook** Mines Bureau, Geological Survey, Interior Department, 2013-12-09 NOTE: NO FURTHER DISCOUNT FOR THIS PRODUCT- OVERSTOCK SALE - Significantly reduced list price Provides available minerals data on countries in Europe and Central Eurasia. Discusses the importance of minerals to the economies of these countries and to the United States.

**Regionalism without Regions** Ulrich Schmid, Oksana Myshlovska, 2019-08-14 This collective volume shows how Ukraine can best be understood through its regions and how the regions must be considered against the background of the nation. The overarching objective of the book is to challenge the dominance of the nation-state paradigm in the analyses of Ukraine by illustrating the interrelationship between national and regional dynamics of change. The authors—historians, sociologists, anthropologists, economists, literary critics and linguists from Ukraine, Poland, Switzerland, Germany and the USA—explicitly go beyond the perspective of an entity defined by traditional political borders and cultural, economic, historical or religious stereotypes. The research project that led to the composition of the book combined quantitative (statistical surveys conducted across Ukraine) and qualitative (in-depth interviews and focus-group discussion) methods. The authors came to the

conclusion that regionalism as a defining phenomenon of Ukraine is more prominent than the regions themselves. This approach regards Ukraine as a construct in flux where different discourses intersect, concur and eventually merge through the lenses of various disciplines and methodologies.

Immerse yourself in heartwarming tales of love and emotion with Explore Love with is touching creation, Tender Moments: **Uanews** . This emotionally charged ebook, available for download in a PDF format ( Download in PDF: \*), is a celebration of love in all its forms. ## Uanews Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In todays fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing

knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Uanews PDF books and manuals is the internets largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free

PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling

readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Uanews PDF books and manuals is

convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Uanews free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the

advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

### **FAQs About Uanews Books**

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that

allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Uanews is one of the best book in our library for free trial. We provide copy of Uanews in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Uanews. Where to download Uanews online for free? Are you looking for Uanews PDF? This is definitely going to save you time and cash in something you should think about.
