Under the Black Ensign L. Ron Hubbard, 2008-09-08

Long before Captain Jack Sparrow raised hell with the Pirates of the Caribbean, Tom Bristol sailed to hell and back Under the Black Ensign. That's where the real adventure begins. Bristol's had plenty of bad luck in his life. Press-ganged into serving aboard a British vessel, he's felt the cruel captain's lash on his back. Then, freed from his servitude by pirates, his good fortune immediately takes a bad turn ... the buccaneers accuse him of murder and leave him to die on a deserted island. Now all he has left are a few drops of water, a gun and just enough bullets to put himself out of his misery. But Bristol's luck is about to change. Finding himself in the unexpected company of a fiery woman, he rescues a slave ship, unsheathes his sword, raises a pirate flag of his own and sets off to make love and war on the open seas in this nautical adventure. In his early twenties, Hubbard led the two-and-a-half-month, five-thousand-mile Caribbean Motion Picture Expedition. He followed that with the West Indies Mineralogical Expedition near San Juan, Puerto Rico, in which he completed the island's first mineralogical survey as an American territory. It was during these two journeys that Hubbard became an expert on the Caribbean's colorful history—an expertise he drew on to write stories like Under the Black Ensign. “A riveting tale of sailing ships, piracy and the high seas.” —Midwest Book Review * A National Indie Excellence Award Winner

Hubbard,2011-03-24 Before Jack Sparrow there was Tom Bristol and the heroes of the Golden Age! Taste the salt in the air as you board pirate ships and set sail throughout the Caribbean to fight for justice. His stories also give the feel of experience and firsthand knowledge of the subject matter. This is a well done adventure that reminds us of other days when war was fought differently and adventure writing took us to places we could only dream of.--Baryon Review The Thrilling Adventure Collection includes 5 stories: Cargo of Coffins, Orders is Orders, Sea Fangs, Under the Black Ensign & Hostage to Death.

To the Stars L. Ron Hubbard,2004-08-15 Space is deep, Man is small and Time is his relentless enemy.... How far is too far? Alan Corday is about to find out. The Dive Bomber L. Ron Hubbard,2013 Lucky Martin is a daredevil of the skies--a test pilot who lives to break the rules and push the envelope. He's a trailblazer--flying higher and faster than any pilot out there. His latest invention could change the face of air warfare and alter the balance of world power. It's The Dive Bomber--a perfectly designed aircraft for the US Navy. There's only one problem--up to now every test flight has ended in disaster. The reason: sabotage. America's enemies will go to any length to get

their hands on his design--from savage attacks to kidnapping his fianc e. Lucky'll have to push his luck to the very limit to save his plane, save his girl ... and save his country. Fasten your seat-belt and hold on to your crash helmet as The Dive Bomber takes you on the high-flying ride of your life. Under the Black Ensign (Stories from the Golden Age) L. Ron Hubbard,2011-10 Tom Bristol's career as first mate of the Maryland bark Randolph abruptly ends during shore leave when he is press-ganged into serving aboard the British HMS Terror. Toil under the cruel whip of England is merciless: Crew members are treated as little more than chattel barely fed, made to work past the brink of exhaustion and kept in line with a cat-o'-nine-tails. Fate finally smiles on young Bristol when the vessel is overtaken by pirates and he gladly turns coat and joins them. Yet Tom's new pirate mates desert him quickly after he's found guilty of killing a mutinous pirate and unwittingly harboring a woman on board. Marooned on a deserted island, Tom has nothing but a small supply of water, a gun and just enough bullets to kill himself. But Tom dreams up a devious plan that will return him to the high seas and make his past adventures pale compared to what he has in store for his many enemies. . . .

futuristic military adventure a recruit goes through the roughest boot camp in the universe and into battle with the Terran Mobile Infantry in what historians would come to call the First Interstellar War

Death Waits at Sundown L. Ron Hubbard, 2012 Lynn Taylor and his kid brother Frank may not be angels, but they're not devils, either. They're just a couple of men--two-fisted Texans who have landed on the wrong side of a corrupt lawman. Young Frank's been framed for robbery, rustling and murder, and if Lynn doesn't think fast, his brother's going to end up the guest of dishonor at a hanging party. Lynn cooks up a daring plan to clear his brother's name and rope in the real outlaw. But it means Lynn will have to turn outlaw himself, and if he's caught, it'll be his neck on the line--and in the noose. Also includes the Western adventures, *Ride 'Em, Cowboy*, the story of a man and woman's rodeo rivalry that leads to romance; and *Boss of the Lazy B*, in which a lady gets swindled--and the swindler ultimately gets justice. Catch the snap of a whip and the crack of a Colt .45 as *Death Waits at Sundown* delivers non-stop Wild West action. Rough and tumble action with a twist, and all are a great read. --True West magazine * International Book Awards Finalist for Best Western Fiction 2012

Angelmass Timothy Zahn, 2018-03-27 "Fast-paced action . . . first-rate sf space adventure" (Library Journal) from the #1 New York Times--bestselling author of *Star Wars: Thrawn*. Deep in space lies the black hole known as Angelmass, so called because it emits enigmatic particles with the unusual ability to render humans calm, reasonable, and incapable of lying—which would normally be seen as a good thing. But not by everyone. For while Empyrean human colonies on the edge of the galaxy utilize the power of the "angels," the Earth-based Pax empire views the

emissions as a threat that could be used to subvert humanity. Academic Jereko Kosta is pressed into service by the Pax to spy on the Empyrean, joining the crew of a ship actively hunting the particles. But what he learns turns out to be both scientifically fascinating and morally frightening. When the Pax make an aggressive move that may lead to all-out war with the Empyrean, Kosta is the only one who can stop the conflict between the human powers and force them to see that the angels they're about to fight over are far from holy . . . Timothy Zahn combines provocative ethical questions with the same level of vivid sci-fi action that made his *Star Wars: Thrawn* a New York Times bestseller to deliver "a serious SF novel sneakily posing as an enormous golden-age thrill ride" (Locus).

The Great Secret L. Ron Hubbard, 2008
Women. Liquor. Power. Women. Liquor. Power. That is Fanner Marston's mantra--his reason for being--and while he knows a little about the first and a lot about the second, he may well be on the verge of learning everything there is to know about the third. Power. He may, in fact, be about to uncover the key to gaining absolute control over the entire universe. The only problem is, Fanner is certifiably insane.... His starship has crash-landed, and he's the sole survivor, which doesn't matter to him. Driven by greed and lust for power, wracked by thirst, hunger and pain, all he cares about is reaching the ancient city of Parva and making himself at home. Because there lies The Great Secret to universal domination--and what's a little suffering on the road to becoming God? Does Fanner have a prayer? The writing's on the walls of Parva--and you won't believe what it says.... Also includes the science fiction adventures, *The Space Can*, in which a decrepit space battleship is a civilian fleet's only defense; *The Beast*, the tale of a hunter in the jungles of Venus, chasing an immoral beast; and *The Slaver*, in

which an alien race has enslaved the human race, but can't repress the power of human love. Blast off on a head-trip you'll never forget as *The Great Secret* takes you inside the mind of a man who is crazy with lust for power. Serves as a wonderful introduction to the breadth of Hubbard's output. -

A Galaxy Unknown Thomas DePrima,2011 A young ensign, recently graduated from the Northern Hemisphere Space Academy, is awakened abruptly in the middle of the night by alarms, flashing lights, and dire messages to abandon ship. The petite blonde pulls on some clothes and races through the spaceship in a desperate search for an available life pod-- but it appears all have already departed. So begins the epic story of Jenetta Carver. Get a tight grip on your book and prepare for an exciting adventure like few others because Jenetta is ready to take names and kick butts from one end of the galaxy to the other. She may be small, but she has an intellect as large as Colossus of Rhodes and makes General Sun-Tzu look like an amateur military enthusiast.

Until it all comes apart. Their commander and Master Chief are both retiring. Which means Jenks is getting promoted, a new commander is joining them, and a fresh-faced spacer is arriving to shake up their perfect dynamics. And while not being able to threepeat is on their minds, the more important thing is how they're going to fulfill their mission in the black. But there's more to Chae that the crew doesn't know, and they must hide a secret that could endanger everyone they love—as well as their new teammates—if it got out. At the same time, a seemingly untouchable coalition is attempting to take over trade with the Trappist colonies and start a war with the NeoG. When the crew of Zuma's Ghost gets involved, they end up as targets of this ruthless enemy. With new members aboard, will the team grow stronger this time around? Will they be able to win the games? And, more important, will they be able to surmount threats from both without and within?
