Presidents and Presidencies in American History [4 volumes] Jolyon P. Girard,2019-10-07 This innovative encyclopedia explores the life and times of America's forty-five presidents—from the first administration to that of Donald Trump. Forty-five men have served as President of the United States since George Washington swore the oath of office in 1789 in New York City. Some have proved exceptional leaders, and others have not. Some have faced serious crises, both foreign and domestic. Franklin Roosevelt was elected to four terms, leading the country through a major economic depression and a world war, while one held the office for only a single month. Each, however, played a key role in the evolution of United States history. Each of their histories therefore remains a critical civics lesson to consider. This four-volume encyclopedia provides an expansive analysis of the life and times of each United States president in chronological order from George Washington to Donald Trump. Each chapter includes a timeline, a biographical sketch, a historical overview, and an analytical essay concerning the president and his presidency. Each also includes a substantial selection of related primary documents presenting important presidential speeches and correspondence. A suggested reading list for further study of each president rounds out each entry.

American Presidents - A Curious Look at a Unique Cohort V.S. Dharmakumar,2019-09-05 Believe it or not, an American president was arrested for running over a woman with his horse. He was not the only one to be arrested (two more were). George Washington preferred fox hunting with his dogs than going to church. Young Abraham Lincoln fell into a deep ditch and was saved by his dog. And after he was assassinated, his dog 'Fido' also was assassinated. Who was the President who worked as a bartender? And the one who once officially served as an executioner? The President of the United States is considered one of the world's most powerful people, leading the world's only current superpower. His role includes being the commander-in-chief of the world's most expensive military with the largest nuclear arsenal with the nuclear button on his desk. This book is the result of over a decade of research and writing. It is a comprehensive compendium - a single-volume book, about the 44 men the entire world looked upon as the most powerful men in the world. 44 men who formed the 45 presidencies of the United States of America through 58 quadrennial presidential elections in the 230 years from 1789. This book covers the presidency of the successful liquor distributor and owner of a distillery George Washington, to the presidency of Donald Trump, the oldest, wealthiest man without any prior military or government service experience to ever assume the presidency.
