**Egypt Travel Guide** Jesse Russell, 2019-11-18 Egypt Travel Guide. Tourist Book. Pyramids have always been the main symbol of Egypt. There are more than a hundred of pyramids in the country. Giza is the location of the most famous landmark of Egypt the Great Pyramid of Giza. The complex consists of three pyramids that are named after pharaohs Khafre, Cheops and Menkaure. These magnificent buildings

are surrounded by tombs of other noble people famous politicians, priests, pharaoh wives and other important figures of those days. The Great Sphinx of Giza is the most unusual statue in whole Egypt. The sphinx was made from a solid rock. Unfortunately, during its long history the statue was damaged during attacks of Mamlukes and Napoleon army. Nowadays, visitors can see an interesting laser show that takes place near the pyramids every evening. Saqqara necropolis is one more interesting archaeological site in Egypt. This place is famous for numerous temple ruins, some of which are several thousand years old, several pyramids and tombs. Saqqara is also the location of the Pyramid of Djoser, which is one of the oldest pyramids in Egypt. The beautiful Egyptian city of Memphis attracts travellers who come to see the statue of Ramesses II. The height of the statue is 20 metres. This unique statue is exhibited in a special pavilion; there is also a statue of a smaller sphinx (the Sphinx of Memphis) nearby. Cairo, the capital of the country, remains the most popular tourist destination. The city is rich in various places of interest and numerous museums. A visit to Cairo is also a great way to get acquainted with Egyptian culture. The list of most famous architect objects includes the Saladin Citadel of Cairo, Luxor temples and Al Azar University. When it comes to museums, the most famous and frequently visited one is the Museum of Egypt that exhibits large collections of archaeological and historical findings. The newest artefacts exhibited are at least two thousand years old. Fans of shopping will never be bored in Egypt as the city is home to the biggest market of the East Khan el Khalili Bazaar. The total square of the market is 5 sq. km., and it's possible to buy nearly everything there from exotic fruit to magnificent jewellery. The Lighthouse of Alexandria is one more landmark of international level. The lighthouse was destroyed by an earthquake in the 14th

century. One hundred years later a beautiful castle named the Citadel of Qaitbay was built on its site. The Valley of Mummies is one of most mysterious and unusual places in Egypt. It was discovered by archaeologists in 1997

*A Visit to the Holy Land, Egypt and Italy* Ida Pfeiffer, 1852

Egypt 1950 Bernard V. Bothmer, 2003 Bernard V. Bothmer was a leading Egyptologist and art historian of the mid-twentieth century. Born in Berlin, he emigrated to America in 1941, and soon become an assistant curator of Ancient Art at the Museum of Fine Arts in Boston. In 1950 Bothmer received a small grant to go to Egypt, to familiarize himself with the Cairo Museum and the archaeological sites, and to visit and study the places where the Harvard University-Museum of Fine Arts Egyptian Expedition had done its fieldwork before the War. It was his first visit to Egypt. In this book, his diary of the trip, Bothmer details all the places he visited, from Aswan in the south to Saqqara in the north, and the people he met along the way. He describes the events and experiences of everyday life, from trains and donkeys to the Hotel Luxor, and alludes to the political and social circumstances surrounding the practice of archaeology in Egypt in the middle of the 20th century.

**Visit to the Holy Land, Egypt, and Italy** Ida Pfeiffer, 1852 Book Excerpt: ice. It appeared he owed the gentleman 1300 florins, and had wished to abscond, but was luckily overtaken before the departure of the boat. This affair was hardly concluded when the bell rang, the wheels began to revolve, and too soon, alas, my dear ones were out of sight! I had but few fellow-passengers. The weather was indeed fine and mild; but the season was not far enough advanced to lure travellers into the wide world, excepting men of business, and those who had cosmopolitan ideas, like myself. Most of those on board were going only to Presburg, or at farthest to Pesth. The captain having mentioned that a woman was on board who intended travelling to Constantinople, I was immediately surrounded by curious gazers. A gentleman who was bound to the same port stepped forward, and offered his services in case I should ever stand in need of them; he afterwards frequently took me under his protection. The fine mild weather changed to cold and wind as we got fairly out into the great Danube. I wraRead More

**We Visit Egypt** Kathleen Tracy, 2012-10-30 Imagine living in a country covered almost entirely by an ocean of desert, much of it filled with sand dunes carved into artistic swirls and patterns by the desert winds, with some dunes rising 400 feet high. Most of Egypt is made up of the Sahara, the world's largest hot desert. If not for the Nile, Egypt would not be habitable and its civilization, one of the oldest on earth dating back more than 5,000 years, would have never developed. Best known for its ancient pyramids, mummies, and other archaeological treasures, modern Egypt is one of the most popular tourist destinations on earth. It is a modern country with strong cultural, social, and religious ties to its rich historic past. In this book you will travel through time, from the days of the pharaohs to present day, and meet the people, experience the places, and learn the history of this unique country.

**A Cairo Anthology** Deborah Manley, 2013 Cairo has for centuries been recognized as one of the great cities of the world, and this anthology brings together travelers' descriptions of it over the centuries—from the comments of Herodotus to those of Julian Huxley. Perhaps more than anything else in the city, the

wonderful mosques with their tall minarets have been admired and written about over the centuries by such travelers as the Frenchman Pierre Loti, the economist Harriet Martineau, and the travel writer Michael Haag. This anthology gathers together the excitement of arriving in the great city either up the Nile or across the desert, the experience of the crowded-but courteous-streets and colorful bazaars with their passing processions. With the travelers we enter the hotels, climb to the historic Citadel, and look out towards-and then visit-the Pyramids and Sphinx on the other side the Nile. Cairo, like all cities, has changed. One is now more likely to be pushed aside by a motorbike or taxi than by a donkey or camel, but the beauty of history is still there. One can visit a hammam, buy crafts in the bazaars, and, with this book in hand, more fully appreciate the experience. The travelers went beyond the city too, to Heliopolis, and the Pyramids and Sphinx-those vast monuments that are in reality always larger and more extraordinary than one can believe. We can no longer clamber up the Pyramids, so the descriptions of Edward Lane and other travelers doing just that in a bygone age are even more precious.

The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he

seems to be manipulating the students for his own purposes. As the students become more involved with *Morrow*, they begin to commit increasingly dangerous acts. *The Secret History* is a masterful and thrilling novel that will keep you guessing until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
