This publication is an essential resource for those who work or have an interest in the energy sector.

2014 Energy Balances United Nations Department of Economic and Social Affairs,2017-02-09 The 2014 Energy Balances publication presents energy data for over 200 countries and areas in a format which shows the overall picture of the yearly production, trade, transformation and

consumption of energy products utilized in each country or area shown, for the years 2013 and 2014.
