Wallet Activism Tanja Hester, 2021-11-16 2022 NATIONAL INDIE EXCELLENCE AWARDS FINALIST — SOCIAL/POLITICAL CHANGE • 2022 ASJA ANNUAL WRITING AWARD WINNER — SERVICE • 2022 NAUTILUS BOOK AWARDS GOLD MEDALIST — SOCIAL CHANGE & SOCIAL JUSTICE • 2022 AXIOM BUSINESS BOOK AWARD GOLD MEDALIST — PHILANTHROPY/NONPROFIT/SUSTAINABILITY How do we vote with our dollars, not just to make ourselves feel good, but to make a real difference? *Wallet Activism* challenges you to rethink your financial power so can feel confident spending, earning, and saving money in ways that align with your values. While we call the American system a democracy, capitalism is the far more powerful force in our lives. The greatest power we have—especially when political leaders won't move quickly enough—is how we use our money: where we shop, what we buy, where we live, what institutions we entrust with our money, who we work for, and where we donate determines the trajectory of our society and our planet. While our votes and voices are essential, too, *Wallet Activism* helps you use your money for real impact. It can feel overwhelming to determine “the right way” to spend: a choice that might seem beneficial to the environment may have unintended consequences that hurt people. And marketers are constantly lying to you, making it hard to know what choice is best. *Wallet Activism* empowers us to vote with our wallets by making sense of all the information coming at us, and teaching us to cultivate a more holistic mindset that considers the complex, interrelated ecosystems of people and the planet together, not as opposing forces. From Tanja Hester, Our Next Life blogger and author of *Work Optional*, comes the mindset-shifting guide to help you put your money where your values are. *Wallet Activism* is not a list of dos and don'ts that will soon become outdated, nor does it call for anti-consumerist perfection. Instead, it goes beyond simple purchasing decisions to explore: The impacts a financial decision can have across society and the environment How to create a personal spending philosophy based on your values Practical questions to quickly assess the “goodness” of a product or an entity you may buy from The ethics of earning money, choosing what foods to eat, employing others, investing responsibly, choosing where to live, and giving money away For anyone interested in leaving the world better than you found it, *Wallet Activism* helps you build habits that will make your money matter.

It has gone from gold to coins, paper money to plastic cards and now with Google's venture into the mobile payment industry, we are at the threshold of the next big shift. Google Wallet is a mobile payment Android app that transforms a phone into a wallet. This app utilizes the Near Field Communication (NFC) technology that allows its users to pay for purchased items and redeem offers. At this initial stage of business, there are many features and factors that Google needs to change in order to bring about the mass adoption of this service. As the Business Technology Analysts at Google, we - Kritika Maheshwari, Malvika Saraf and Rohan Handa aim at addressing the hurdles for this technology and the methods to bring it to fruition. In the process we evaluate Google's profit motivation and the bigger strategy behind this service. First, we explain the business approach which describes the

importance of the adopted business model. We use Porter's Five Force analysis to determine the competitive intensity in the market followed by SWOT analysis to give recommendations that will help in the mass adoption. Finally, we focus our paper on formulating a strategy canvas in order to study the existing payment methods in comparison to our service. The paper concludes with recommendations to Google for promoting wide customer acceptance.

The Wallet Allocation Rule Timothy L. Keiningham, Lerzan Aksoy, Luke Williams, Alexander J. Buoye, 2015-02-02 Customer Loyalty Isn't Enough—Grow Your Share of Wallet The Wallet Allocation Rule is a revolutionary, definitive guide for winning the battle for share of customers' hearts, minds, and wallets. Backed by rock-solid science published in the Harvard Business Review and MIT Sloan Management Review, this landmark book introduces a new and rigorously tested approach—the Wallet Allocation Rule—that is proven to link to the most important measure of customer loyalty: share of wallet. Companies currently spend billions of dollars each year measuring and managing metrics like customer satisfaction and Net Promoter Score (NPS) to improve customer loyalty. These metrics, however, have almost no correlation to share of wallet. As a result, the returns on investments designed to improve the customer experience are frequently near zero, even negative. With The Wallet Allocation Rule, managers finally have the missing link to business growth within their grasp—the ability to link their existing metrics to the share of spending that customers allocate to their brands. Learn why improving satisfaction (or NPS) does not improve share. Apply the Wallet Allocation Rule to discover what really drives customer spending. Uncover new metrics that really matter to achieve growth. By applying the Wallet Allocation Rule, managers get real insight into the money they currently get from their customers, the money available to be earned by them, and what it takes to get it. The Wallet Allocation Rule provides managers with a blueprint for sustainable long-term growth.

The War for China's Wallet Shaun Rein, 2017-12-04 With Chinese-led initiatives such as One Belt One Road (OBOR) and the Asian Infrastructure Investment Bank (AIIB) combined with uncertainty due to US shifts in policy and apparent commitments over the past decade, the stakes are high for companies looking to profit from the world's newest superpower. Post-financial crisis, China has emerged as the largest or second largest trading partner for most countries. It has become the second largest market for Fortune 500 companies like Starbucks, Apple, and Nike and drives growth for Hollywood and commodity products. Yet the profits come at a price for countries and companies alike—they must adhere to the political goals of Beijing or else face economic

punishment or outright banishment. Using primary research from interviews with hundreds of business executives and government officials, *The War for China's Wallet* will help companies understand how to profit from China's outbound economic plans as well as a shifting consumer base that is increasingly nationalistic. The countries and companies that get it right will benefit from China's wallet but those that do not will lose out on the world's largest growth engine for the next two decades. The Wallet of Kai Lung Ernest Bramah Smith, 2017-08-15 *The Wallet of Kai Lung* is a collection of fantasy stories by Ernest Bramah, all but the last of which feature Kai Lung, an itinerant storyteller of ancient China. It was first published in hardcover in London by Grant Richards in 1900, and there have been numerous editions since. Its initial tale, *The Transmutation of Ling*, was also issued by the same publisher as a separate chapbook in 1911. The collection's importance in the history of fantasy literature was recognized by the anthologization of two of its tales in the celebrated Ballantine Adult Fantasy Series, edited by Lin Carter and published by Ballantine Books; *The Vision of Yin* in *Discoveries in Fantasy* (March, 1972), and *The Transmutation of Ling* in *Great Short Novels of Adult Fantasy Volume II* (March, 1973). Although the collection is presented in the fashion of a novel, with each of its component stories designated chapters, there is no overall plot aside from each of the first eight tales being presented as narratives told by Kai Lung at various points in his itinerant career. The final tale is represented as being from a manuscript left by its own separate

first-person narrator, Kin Yen. The Transmutation of Ling (excerpt) The sun had dipped behind the western mountains before Kai Lung, with twenty li or more still between him and the city of Knei Yang, entered the camphor-laurel forest which stretched almost to his destination. No person of consequence ever made the journey unattended; but Kai Lung professed to have no fear, remarking with extempore wisdom, when warned at the previous village, that a worthless garment covered one with better protection than that afforded by an army of bowmen. Nevertheless, when within the gloomy aisles, Kai Lung more than once wished himself back at the village, or safely behind the mud walls of Knei Yang; and, making many vows concerning the amount of prayer-paper which he would assuredly burn when he was actually through the gates, he stepped out more quickly, until suddenly, at a turn in the glade, he stopped altogether, while the watchful expression into which he had unguardedly dropped at once changed into a mask of impassiveness and extreme unconcern. From behind the next tree projected a long straight rod, not unlike a slender bamboo at a distance, but, to Kai Lung's all-seeing eye, in reality the barrel of a matchlock, which would come into line with his breast if he took another step. Being a prudent man, more accustomed to guile and subservience to destiny than to force, he therefore waited, spreading out his hands in proof of his peaceful acquiescence, and smiling cheerfully until it should please the owner of the weapon to step forth. This the unseen did a moment later, still keeping his gun in an easy and convenient attitude, revealing a stout body and a scarred face, which in conjunction made it plain to Kai Lung that he was in the power of Lin Yi, a noted brigand of whom he had heard much in the villages. "O illustrious person," said Kai Lung very earnestly, "this is evidently an unfortunate mistake. Doubtless you were expecting some exalted Mandarin to come and render you homage, and were preparing to overwhelm him with gratified confusion by escorting him yourself to your well-appointed abode. Indeed, I passed such a one on the road, very richly apparelled, who inquired of me the way to the mansion of the dignified and upright Lin Yi. By this time he is perhaps two or three li towards the east."... - - - Ernest Bramah (20 March 1868- 27 June 1942), born Ernest Brammah Smith, was an English author. He published 21 books and numerous short stories and features. His humorous works were ranked with Jerome K Jerome and W. W. Jacobs, his detective stories with Conan Doyle, his politico-science fiction with H. G. Wells and his supernatural stories with Algernon Blackwood. George Orwell acknowledged that Bramah's book, What Might Have Been, influenced his Nineteen Eighty-Four. Bramah created the characters Kai Lung and Max Carrados. Bramah was a recluse who did not give the public details of his personal life. He died at age 74 in London. Bramah attained commercial and critical success with his creation of Kai Lung, an itinerant storyteller. He first appears in The Wallet of Kai Lung which was rejected by eight publishers before Grant Richards published it in 1900. It was still in print a hundred years later. The Kai Lung stories are humorous tales set in China, often with fantasy elements such as dragons and gods. (from Wikipedia)
