Wells's alien invasion narrative The War of the Worlds was a landmark work of science fiction and one that continues to be adapted and referenced in the 21st century. Chronicling the novel's contexts, its origins and its many multi-media adaptations, this book is a complete biography of the life – and the afterlives – of The War of the Worlds. Exploring the original text's compelling sense of place and vivid recreation of Wells's Woking home and the concerns of fin-de-siècle Britain, the book goes on to chart the novel's immediate international impact. Starting with the initial serialisations in US newspapers, Peter Beck goes on to examine Orson Welles's legendary 1938 radio adaptation, TV and film adaptations from George Pal to Steven Spielberg, Jeff Wayne's rock opera and the numerous other works that have taken their inspiration from Wells's original. Drawing on new archival research, this is a comprehensive account of the continuing impact of The War of the Worlds.

The War of the Worlds H. G. Wells, 2017-02-25 Though highly debated as to whether War of the Worlds is a true dystopian novel, several scholars agree that this classic science fiction novel by Wells makes the cut for the genre based upon its presentation of a worst-case scenario for a less than idyllic society. In the story Wells draws upon a common fear of that modern-day society. It was known at the time as the fin de siècle or the 'end of the age' that anticipated an apocalypse at the dawn of the new century. In fact in 1938 Orson Welles caused a nationwide panic with his broadcast of War of the Worlds - a realistic radio dramatization of Wells' Martian invasion of Earth. Dystopian Classic Editions publishes works of dystopian and utopian literature that have survived through the generations and been recognized as classics. A dystopian society is an imagined society in which the people are oppressed, however the government propagandizes the society as being a utopia or a perfect society. Typical themes in dystopian literature include public mistrust, police states, and overall unpleasantness for the citizens. Authors of dystopian works strive to present a worst-case scenario and negative depiction of the way things are in the story so as to make a criticism about a current situation in society and to call for a change. Each Dystopian Classic Edition selected for publication presents such a story.

The Complete War of the Worlds H. G. Wells, 2021-03-10 From the father of science fiction, the nineteenth-century British classic novel of alien invasion, along with two sequels. Together in one volume for the first time—H. G. Wells's seminal science fiction classic The War of the Worlds, with the contemporaneous, unauthorized, but extremely popular sequel Edison's Conquest of Mars, as well as Wells's own, much later conceptual sequel, Star

Begotten. How often do you watch the sky at night? Ever see bright streaks of light exploding from the red planet? Get ready for adventurous reading as you embark on a journey to find out just how these alien invasions play out! In *The War of the Worlds*, how will woefully unprepared Earthlings respond to towering three-legged “fighting machines” armed with heat-rays and chemical weapons that far exceed the capabilities of the nineteenth-century English military? In Edison’s *Conquest of Mars*, Earth’s leaders fear that the Martians will return to invade once more. US President William McKinley, Queen Victoria, Kaiser Wilhelm II and Emperor Mutsuhito unite to plan an attack on Mars. Led by American inventor Thomas Edison, a group of scientists develop new technologies based on what earlier Martian visitors left behind. They design and build a fleet of space ships for the pre-emptive move. What will happen when the two opposing forces meet? The protagonist of *Star Begotten*, Joseph Davis, is an author of popular histories, who becomes suspicious that he and his family have been exposed to a Martian influence of another sort and are in the process of being changed. What might that influence be? Three classics of Martian invasion in one volume.
