Paul Weller: Sounds From the Studio Ian Snowball,2017-07-01 2017 is the 40th anniversary of the start of Paul Weller’s recording career. His first album, In The City, which he recorded with The Jam, was released in 1977. He then went on to record a further 22 albums with The Jam, The Style Council and his solo career. Sounds from the Studio starts in 2015 with the release of his most recent album Saturn’s Pattern then works backwards to the groundbreaking debut from The Jam - In the City. The book includes interviews with artists who have worked with Paul including Noel Gallagher, Steve Cradock, Sir Peter Blake, Mick Talbot, and both Rick Buckler and Bruce Foxton from The Jam as well as many of the studio hands, sleeve designers and interviews with members from Paul’s family.

White Sky, Black Ice Stan Jones,2003-07-01 The first Nathan Active mystery Born to a poor Inupiat girl in Chukchi, Alaska, north of the Arctic Circle, State Trooper Nathan Active was adopted and raised by a white family in Anchorage. Now, an unwelcome job reassignment has returned him to the stark, beautiful landscape of poverty-stricken Chukchi. Two suspicious suicides in the span of a week and rumors of trouble in the village and at the local copper mine lead Active to believe there is a killer at large. As a nalauqmiiyaaq, or someone regarded by the community as “halfwhite,” he must fight for every clue before the killer strikes again.

Studio Thinking from the Start Jillian Hogan,Lois Hetland,Diane B. Jaquith,Ellen Winner,2018 Students of all ages can learn to think like artists! Studio Thinking: The Real Benefits of Visual Arts Education changed the conversation about quality arts education. Now this new publication shows how the eight Studio Habits of Mind and four Studio Structures can be used successfully with younger students in a range of school environments. The book includes classroom examples, visual artist exemplars, templates for talking about works of art, mini-posters, and more. “If we want our students to think, if we want them to learn, we must engage them in habits of the mind that cultivate their innate abilities.” —From the Foreword by David P. Nelson, president, MassArt “Studio Thinking from the Start is a needed addition to teacher resources for improving the quality of elementary art education.” —Olivia Gude, School of the Art Institute of Chicago “Starting young with studio thinking is a fabulous idea supported by this fine resource. After all, studio thinking thrives on art but applies to everything.”

Under a White Sky Elizabeth Kolbert,2022-04-05 NATIONAL BESTSELLER • The Pulitzer Prize–winning author of The Sixth Extinction returns to humanity’s transformative impact on the environment, now asking: After doing so much damage, can we change nature, this time to save it? RECOMMENDED BY PRESIDENT OBAMA AND BILL GATES • SHORTLISTED FOR THE WAINWRIGHT PRIZE FOR WRITING • ONE OF THE TEN BEST BOOKS OF THE YEAR: The Washington Post • ONE OF THE BEST BOOKS OF THE YEAR: Time, Esquire, Publishers Weekly, Kirkus Reviews • “Beautifully and insistently, Kolbert shows us that it is time to think radically about the ways we manage the environment.”—Helen Macdonald, The New York Times With a new afterword by the author That man should have dominion “over all the earth, and over every creeping thing that creepeth upon the earth” is a prophecy that has hardened into fact. So pervasive are human impacts on the planet that it’s said we live in a new geological epoch: the Anthropocene. In Under a White Sky, Elizabeth Kolbert takes a hard look at the new world we are creating. Along the way, she meets biologists who are trying to preserve the world’s rarest fish, which lives in a single tiny pool in the middle of the Mojave; engineers who are turning carbon emissions to stone in Iceland; Australian researchers who are trying to develop a “super coral” that can survive on a hotter globe; and physicists who are contemplating shooting tiny diamonds into the stratosphere to cool the earth. One way to look at human civilization, says Kolbert, is as a ten-thousand-year exercise in defying nature. In The Sixth Extinction, she explored the ways in which our capacity for destruction has reshaped the natural world. Now she examines how the very sorts of interventions that have imperiled our planet are increasingly seen as the only hope for its salvation. By turns inspiring, terrifying, and darkly comic, Under a White Sky is an utterly original examination of the challenges we face.

Paris Salons, Cafés, Studios Sisley Huddleston,1928

Against a White Sky Laurie Stapleton,2004 In Against a White Sky, Laurie Stapleton reveals her experiences as a gay high school teacher in an All-American city with honesty and humor. Having spent most of her young adult life in Santa Cruz, California-a beach town accepting of its large lesbian community-Laurie relocates to the more conservative San Joaquin Valley to enroll in an accelerated teacher credentialing program. There, Laurie discovers she is the only woman who regularly wears slacks. She decides she'd better change the way she dresses, walks and talks to feel socially comfortable-and maybe even safe. Laurie becomes certified to teach public high school within a year. Mindful of recent bouts with poverty and low self-esteem, she accepts the first teaching offer she receives-a public high school deeper in the heart of the valley, in a city voted All-American. Despite her struggle to sway students' and teachers' attention from her sexual identity, they seem to know anyway, as evidenced by homophobic slurs she hears in the school halls, and snickers from the student-athletes she coaches. Eventually she asks herself the hard questions: why she choose to live and teach in a town in which she is at best ignored, and at worse harassed, because of her sexual orientation? What is the meaning behind the irony that, as she helps her students discover their voices, she is silencing her own? Through honest self-reflection, Laurie discovers that her experiences ten years earlier as both a high school dropout and an emancipated minor presented some difficult obstacles-and helped her to see into the hearts of her own students. Through her challenging teaching experiences and personal reflections, Laurie begins to cultivate asense of home within while simultaneously discovering new directions educators might take towards fostering more inclusive values and respectful attitudes.

The Hasselblad Manual Ernst Wildi,2012-09-10 Discover the great advantages and benefits of working in the medium film format or with the large digital sensor units in Hasselblad digital cameras and digital backs. Presented in an easily accessible format, this book shows the working and manipulation of the various cameras. Detailed illustrations dissect the equipment and provide insight into the ways in which these superb cameras and lenses are best utilized to create professional quality images. This edition of the Manual will bring you up to date with the latest features available within the popular Hasselblad camera systems emphasizing that camera and lens are the most important tools for creating exciting images whether you work digitally or with film. The complete Hasselblad camera system is discussed by renowned author and Hasselblad insider, Ernst Wildi, who provides a solid foundation of both traditional photography and digital capture techniques. Inside you'll also find inspiring photographs from well-known photographers, illustrating a variety of photographic techniques using a Hasselblad camera.

We're Gainin' Jacob Watson,2019-08-08 We’re Gainin’ By: Jacob Watson We’re Gainin’: Collins Brook, A Maine Free School - A Memoir is set in Maine during the turbulent 1960 and ’70s. It chronicles a man whose traditional public and private schooling focused on the intellectual and physical, and how he discovered in Summerhill schools his emotional and spiritual life. At age 27, Jacob (then Dick) Watson and his wife Sharon founded Collins Brook School and, with volunteer help, built classrooms and dormitories. Democratic school meetings tackled challenges of optional classes, ‘magic meadow’, organic gardening, stealing, bullying, food, and animals: Freya the Newfoundland,

Randolph the beef steer, Priscilla the pig, and Washington the mallard duck. When a fateful plan to merge Collins Brook with another Summerhill school collapsed and his marriage ended, Watson found solace sailing the Maine coast and islands. Learning to listen to his still small voice within, he became an interfaith minister and started another Maine school. This book includes photographs, student writing, newspaper articles, bedtime stories, and transcripts of school meetings.

The Print Box – ARAI, Black & White Designs Book in Layered Editable Format Cristina Design Studio,2023-08-26 This pattern design book has 60 unique prints & patterns in black and white. In a world filled with vibrant palettes, the timeless allure of black and white patterns remains unparalleled. These minimalist masterpieces encapsulate sophistication and everlasting appeal. From architectural mosaics to contemporary fashion, the interplay of black and white creates a visual symphony that resonates with subtlety and boldness. In this dance of contrasts, the absence of color invites us to appreciate the essence of form and composition. With each stroke, black and white patterns weave stories of elegance, reminding us that sometimes, in the realm of design, whispers leave the most profound impressions. Contents: 60 Designs NO REPEATS Editable/Design files are represented in TIFF & JPEG In the realm of design, the interplay of colors has always been a powerful tool to evoke emotions and convey meanings. Among the various color schemes, the classic duo of black and white stands out for its timeless elegance and versatility. When merged with intricate patterns inspired by flowers, paisleys, and ethnic designs, the result is a captivating visual narrative that transcends cultural boundaries. This article delves into the captivating world of black and white patterns, exploring their significance and impact within the context of floral, paisley, and ethnic motifs. The Allure of Black and White Prints Black and white are not merely colors; they are symbols of contrast, balance, and clarity. The stark opposition between these two shades allows for dynamic design compositions that are visually striking and emotionally evocative. In the realm of patterns, black and white harmonize to create a captivating dance of light and shadow, drawing the viewer’s gaze with their sheer contrast. The Timeless Charm of Floral Patterns Floral print patterns have an ageless appeal that transcends trends and cultures. When rendered in black and white, the delicate contours of petals and leaves take on a new dimension. The absence of color directs attention towards the intricacy of the design, allowing the viewer to appreciate the nuances of each element. Black and white floral patterns evoke a sense of nostalgia, reminiscent of vintage wallpapers and fabrics, while also offering a contemporary edge when applied to modern designs. Paisley: A Fusion of History and Artistry Paisley patterns, with their origin in Persia, have traveled across cultures and time periods, becoming synonymous with a fusion of history and artistry. These intricate droplet-shaped motifs are renowned for their ornate and mesmerizing layouts. In black and white, paisley patterns exude a sense of opulence and refinement. The absence of color shifts the focus towards the intricacy of the swirls and curves, allowing the patterns to speak volumes without the need for a vibrant palette. Ethnic Designs: A Tapestry of Cultures Ethnic designs encompass a rich tapestry of cultures, traditions, and stories. The black and white palette lends a modern and sophisticated twist to these traditional motifs, making them adaptable for various applications. From African tribal prints to intricate Asian motifs, the monochromatic approach accentuates the symbolic significance of each element. It allows these patterns to communicate cross-cultural messages, fostering a sense of unity and appreciation for global diversity. Embracing Minimalism and Maximalism The beauty of black and white patterns lies in their adaptability to both minimalistic and maximalistic aesthetics. A minimalistic approach emphasizes clean lines and understated elegance, allowing the patterns to take center stage without overwhelming the senses. On the other hand, a maximalistic approach revels in the intricate details and abundance of elements, creating a visual feast that captivates and enthralls. Conclusion Black and white patterns, when intertwined with floral, paisley, and ethnic designs, form a compelling visual narrative that transcends time and cultural boundaries. They evoke a sense of nostalgia while maintaining a contemporary edge, offering a versatile canvas for artistic expression. The interplay between light and shadow, intricacy and simplicity, allows these patterns to resonate with a diverse audience, uniting them through the universal language of design. As trends come and go, the elegance and allure of black and white patterns continue to stand the test of time.

Felix Romsey’s Afterparty Tim Thornton,2018-06-14 Felix Romsey’s Afterparty is a rock festival with a big difference. Put it this way: this year’s lineup includes Elliott Smith, Minnie Riperton, Serge Gainsbourg, Kurt Cobain, Whitney Houston, Michael Hutchence and, making only his second live appearance since his death: John Lennon. It’s the Glastonbury of the Afterlife; the place where dearly departed music fans can let off steam to the sounds that soundtracked their lives, and where late rock stars can be rock stars again. Flamboyant, acerbic promoter Felix Romsey and his amiable assistant Adrian “Podge” Jones frantically ride the anticipation among the capacity crowd and a backstage area chockful of celebs; with the stakes this high, they’d be anxious even if everything were running smoothly. But lately, things have most definitely NOT been running smoothly. The recently-arrived David Bowie has been snagged by a rival promoter, and Felix has reason to believe that a plot to oust him as the Afterlife’s preeminent rock impresario is afoot. And when headliner John Lennon, just as he’s drawing breath to sing his first note onstage, vanishes - no, I mean really vanishes - Felix and Podge have no choice but to find out who’s behind the sabotage, and to try and rescue their star attraction – and their festival’s reputation – before it’s too late. Early in their search they run into the inscrutable Jane Brown, who at first encounter seems little more than a Lennon superfan, but proves to be invaluable, introducing Felix and Podge to the chilling possibility that their quarry mightn’t be up here, but in fact, down there... Felix Romsey’s Afterparty is a novel for anyone who’s ever heard the cliché “the great rock festival in the sky” and spent a few fleeting moments wondering what said celestial festival – and indeed, the reality it inhabits – might really be like

Garrets and Pretenders Albert Parry,2013-06-17 Fascinating study recaptures the vibrantly eccentric lifestyles of American hipsters and outsider artists. Accurate, well-illustrated narrative profiles the lives and manners of nonconformists from the early 19th century through the Beat Generation.

Night Studio Musa Mayer,2016 Philip Guston (1913-1980) is one of the outstanding figures in twentieth century American art. Beginning as a muralist in the thirties, Guston embraced the lyrical vocabulary of Abstract Expressionism in his paintings and drawings after his move to the East Coast. Following an artistic crisis in the mid-sixties, his return to figuration focusing first on simple things of ordinary life, later evolving to the enigmatic and iconic cartoonlike forms for which he is now best known shook the art world. Night Studio is a deeply personal account of growing up in the shadow of a great artist, a daughter's quest to better understand her father, based on letters and notes by the artist, and interviews with those who knew him. First published to critical acclaim in 1988, this beautifully designed new edition is richly illustrated with a new selection of photographs and paintings, many in color.
