Margaret L. Sussman

Wings of Haiku Alvin G. Cash, 2008-03-28 Through the travels and the discerning eye of the author, you are about to witness two incredible journeys across the United States and beyond. The first is an exquisite foray into the lush wilderness and the undersea worlds of this great planet. See flowers, wildlife, and our material selves in vivid high-resolution photography. The second journey is a delicious verbal adventure into the messages and inspirations that can be found in every flower, every animal, and every circumstance of our daily lives. Absorb messages filled with powerful advice, unique observations, and just plain common sense. So, does a picture have to be worth a thousand words? No - not if it's described in the Japanese form of poetry known as haiku, an art form in which a vision or thought is completely expressed in seventeen syllables. This ancient style of poetry is the epitome of verbal efficiency due to its brevity, subtlety and diversity. You will find more thought and inspiration in these seventeen syllables than in any thousand-word description anywhere. As a result, here we have a wonderful marriage of photography and poetry - two incredible journeys to take you to the far corners of the western hemisphere, as well as to the far reaches of inspiration. Be prepared to use and enjoy the beauty of high quality photography with its accompanying inspirational messages for many of the ups and downs of our everyday lives.

When Wings Become Sound Bunny McBride, 2021-01-10 This almanac - a collection of haiku and full-color pictures penned and photographed in Maine - tracks the weather, along with observations and insights that bring meaning to every day of the year. It serves as a perpetual calendar and daily devotional. Wide margins make it usable as a birthday calendar, a place to jot down brief musings or even as a concise day planner/agenda. The almanac grew out of a decision to venture outside daily for a full year to photograph whatever most seized my attention and to reflect upon it through haiku, a form of poetry that originated in Japan in the 1600s. I vowed to do this in every sort of weather - no matter how cold, hot, wet or windy it might be. The poems and images came into focus during kayak or canoe outings in tidal waters and hikes through forests, fields and shorelands on and just beyond the small peninsula where I live. No fancy equipment - just my iPhone8 and a desire to inhabit nature and drink in what she had to say every day for an entire year. Soon after I began these daily pilgrimages, covid-19 upended the world and urged many of my haiku toward prayer -- yearnings, affirmations, devotions and moments of sacred seeing and holy humor set within a classic format of seventeen syllables in lines of 5-7-5. I fell in love with the brevity of haiku, with the demand to distill meaningful observations and insights into a small handful of words. And I relished formatting my camera on square to record in one small photograph whatever most moved me on a particular day. Working within the confines of these structures forced me to see and think in new ways. It grew my species vocabulary, even as it shrank my word count. It pushed me to reach deep when I couldn't go wide. It diminished distraction and fostered focus. Perhaps more than anything, it gave me a sense of being utterly present within a greater Presence. With each haiku I experienced a kind of reorientation of being, as if the center were shifting from myself or whatever I was observing to the Life force that connects everything and everyone. I offer it to readers in the hope that it inspires you to go haiku gathering wherever you abide, be it on the edge of wilderness, in the countryside, suburbia or among city pigeons and sparrows.

Cold Mountain Poems Han Shan,2019-05-07 The incomparable poetry of Han Shan (Cold Mountain) and his sidekick Shih Te, the rebel poets who became icons of Chinese poetry and Zen, has long captured the imagination of poetry lovers and Zen aficionados. Popularized in the West by Beat Generation writers Gary Snyder and Jack Kerouac, these legendary T'ang era (618-907) figures are portrayed as the laughing, ragged pair who left their poetry on stones, trees, farmhouses, and the walls of the monasteries they visited. Their poetry expressed in the simplest verse but in a completely new tone, the voice of ordinary people. Here premier translator J. P. Seaton takes a fresh look at these captivating poets, along with Wang Fan-chih, another "outsider" poet who lived a couple centuries later and who captured the poverty and gritty day-to-day reality of the common people of his time. Seaton's comprehensive introduction and notes throughout give a fascinating context to this vibrant collection.

Fogbank and Fox-Call Steven Nightingale,2023-10-03 The haiku is an intense, concentrated form, ideal for portraying the atrocious darkness of our times, and also the

exaltations of life possible when love and understanding come into unity. In this book of poems, which moves the haiku form towards incantation, we are shown the ferocity of danger before us; and also a way forward--a jailbreak, a healing, the recognition of a place of safety. It's where we know a concord of souls, erotic communion, raw blessing, and rebellion.
