Just One Vote Ian Stewart,2009-04-30 On January 12, 1986, Jim Walding was nominated as the New Democratic Party candidate for the Manitoba constituency of St. Vital. Although Walding had been an MLA for fifteen years, he had fallen out of favour with key elements in his party, and won the nomination by only a single vote. Walding went on, in turn, to bring down his own government by a single vote, marking the only time in the history of Canadian politics that a majority government was brought down from within. Combining data drawn from archives, interviews, and the media, Just One Vote is a vivid and exceptionally detailed study of the nomination process. Ian Stewart outlines the geographic, social, and political backdrop behind Walding’s contested party nomination, the unusual chain of events triggered by the contestation, including the fall of the Pawley government and the NDP’s defeat in the 1988 provincial election, and examines the fallout from these events on Manitobans and Canadians.

Manitoba's French-Language Crisis Raymond Hébert,2004 Raymond Hebert analyses Manitoba's French-language crisis in detail and considers its local and national implications. For nine months in 1983 and early 1984, beginning with a protest by French-speaking Manitobans, who had received parking tickets written only in English and ending with a legal compromise that made Manitoba all but officially bilingual, Manitoba endured charged demonstrations, grimly fought plebiscites, and legislative filibustering. Towards the end of the crisis, legislative paralysis set in and the government itself ground to a halt. Hebert argues that, far from being a spontaneous populist movement, the crisis was largely manufactured by a few individuals, some of whom were in the Legislative Assembly itself. Hebert considers various theoretical models to explain aspects of the crisis and concludes that the authoritarian personality model is the most relevant. Right-wing authoritarianism exists everywhere and, he argues, under proper conditions, especially demagogic leadership, can provoke populist explosions of racist and prejudiced sentiment; and hence the cautionary nature of this Canadian tale.

The Idea of a Human Rights Museum Karen Busby,Adam Muller,Andrew Woolford,2015-09-25 The Idea of a Human Rights Museum is the first book to examine the formation of the Canadian Museum for Human Rights and to situate the museum within the context of the international proliferation of such institutions. Sixteen essays consider the wider political, cultural and architectural contexts within which the museum physically and conceptually evolved drawing comparisons between the CMHR and institutions elsewhere in the world that emphasize human rights and social justice. This collection brings together authors from diverse fields—law, cultural studies, museum studies, sociology, history, political science, and literature—to critically assess the potentials and pitfalls of human rights education through “ideas” museums. Accessible, engaging, and informative, the collection’s essays will encourage museum-goers to think more deeply about the content of human rights exhibits. The Idea of a Human Rights Museum is the first title in the University of Manitoba Press’s Human Rights and Social Justice Series. This series publishes work that explores the quest for social justice and the basic rights and freedoms to which all human beings are entitled, including civil, political, economic, social, collective, and cultural rights.

Transgender Identities in the Press Angela Zottola,2021-01-28 For many people, newspapers are a key source of information on many topics, including issues related to gender and sexuality. Applying a broad range of corpus linguistic methods, Transgender Identities in the Press critically explores the linguistic cues and patterns used by the print media in their representation of trans people. Through close analysis of a corpus of articles collected from English-language newspapers from the UK and Canada, Angela Zottola focuses on the semantic categories of representation associated with transgender identities. Exploring a set of key terms, this book examines the semantic prosody and the language choices that each term is invested with, using Critical Discourse Analysis to investigate how the way the press represents this topic influences readers and their understanding of the major debates. Using a mixture of quantitative and qualitative methods, Transgender Identities in the Press casts light on the complex picture of press language during a period of social change and increasing awareness. Highlighting both efforts to represent this community in an inclusive and non-discriminatory way and areas where there is need for improvement, this book illustrates a variety of issues from a critical and social perspective.

Thrashing Seasons C. Nathan Hatton,2016-05-03 Horseback wrestling, catch-as-catch-can, glima; long before the advent of today’s WWE, forms of wrestling were practised by virtually every cultural group. C. Nathan Hatton’s Thrashing Seasons tells the story of wrestling in Manitoba from its earliest documented origins in the eighteenth century, to the Great Depression. Wrestling was never merely a sport: residents of Manitoba found meaning beyond the simple act of two people struggling for physical advantage on a mat, in a ring, or on a grassy field. Frequently controversial and often divisive, wrestling was nevertheless a popular and resilient cultural practice that proved adaptable to the rapidly changing social conditions in western Canada during its early boom period. In addition to chronicling the colourful exploits of the many athletes who shaped wrestling’s early years, Hatton explores wrestling as a social phenomenon intimately bound up with debates around respectability, ethnicity, race, class, and idealized conceptions of masculinity. In doing so, Thrashing Seasons illuminates wrestling as a complex and socially significant cultural activity, one that has been virtually unexamined by Canadian historians looking at the nineteenth and early twentieth centuries.

mmm... Manitoba Kimberley Moore,Janis Thiessen,2024-04-05 A tasty oral history In 2018, Janis Thiessen, Kimberley Moore, and collaborator Kent Davies refashioned a used food truck into a mobile oral history lab. Together they embarked on a journey around Manitoba, gathering stories about the province’s food and the people who make, sell, and eat it. Along the way, they visited restaurant owners, beer brewers, grocers, farmers, scholars, and chefs in their kitchens and businesses, online, and on board the food truck. The team conducted nearly seventy interviews and indulged in a bounty of prairie delicacies, from Winnipeg’s “Fat Boys” to Steinbach’s perogies to Churchill’s cloudberry jam. Thiessen and Moore serve up the results of this research in mmm... Manitoba. Mixing recipes, maps, archival records, biographies, and full-colour photographs with fascinating stories, they showcase the province’s diverse food histories. Through the sharing and preparing of food, the authors investigate food security and regulation, Indigenous foodways and agriculture, capitalism’s impact on the agri-food industry, and the networks between Manitoban food producers and retailers. The book also explores the roles of gender, ethnicity, migration, and colonialism in

Empowered By The Uniform Ismon Marroquin,2023-08-22 A critical and timely commentary on police activity and the scourge of racism in society, Empowered by the Uniform is a shocking, heartbreaking, yet hopeful examination of the justice system as often experienced by new and Indigenous Canadians. Ismon Marroquin draws on personal experience and documented cases to develop an argument for change in Canada’s police forces and courts of justice. Mr. Marroquin chronicles examples of police brutality, wrongful conviction, and the exoneration of criminal activities against the backdrop of a multicultural society. Far from a general condemnation of law enforcement, however, his purpose is to restore respect and dignity, which many police officers bring to their work, to Canada’s justice system overall. His optimism and love for his adopted country are contagious as readers see his heart throughout the narrative. Through the voices of real Canadians who have suffered under their country’s system of justice, readers will gain new insight and understanding of an issue that can no longer be ignored. This honest and transparent look at the discrimination faced by many Canadians will be a catalyst for conversation and eventual change, as together citizens and police officers alike demand true equality under the law for all people.

Le messianisme de Louis Riel Gilles Martel,1984-10-02 Le premier mai 1876 Louis Riel écrivait à Mgr Courget: Le Saint-Espirt m'a dit: Tu es le Messie de Gloire humaine que la Maison de Jacob s'attendait à trouver dans le Verbe incarné. A la suite de quel cheminement psychologique et sous la pression de quels facteurs sociaux Louis Riel en arriva-t-il à cette convition? Quelle fut l'évolution de cette idéologie messianique et millénariste tout ou long de sa vie? Enfin quel rôle joua cette idéologie dans ses actions politiques entre 1869 et 1885? Utilisant abondamment des sources manuscrites souvent inédites, la présent analyse de sociologie historique entend situer la personne de Riel dans l'histoire collective du peuple métis. La description circonscanciée des bouleversements socioéconomiques du peuple métis et l'analyse détaillée des traumatismes psychologiques de Louis Riel se conjuguent pour éclairer d'un jour nouveau cette page controversée de l'histoire canadienne.

Femmes Et L'état Canadien Caroline Andrew,Sanda Rodgers,1997 A collection of essays presented at a conference to commemorate the twentieth anniversary of the release of the Report of the Royal Commission on the Status of Women, Women and the Canadian State both celebrates and critically assesses the Report. Women bureaucrats, activists, and academics consider the impact, successes, and failures of the Report from a variety of viewpoints and reflect on the experience of Canadian women since its publication in 1970.

Stalled Linda Trimble,Jane Arscott,Manon Tremblay,2013-05-31 Following significant increases in women's electoral representation in the 1980s and '90s, progress has stalled. Today, there are only a few more women in Canada's parliament and legislatures than a decade ago. What has happened to the representational gains for women and why does gender parity remain so elusive? To answer these questions, Stalled provides a detailed road map of women's political representation as candidates, office-holders, cabinet ministers, party leaders, and as representatives of the Crown at all levels of government across Canada. Comprehensive and accessible, this volume makes clear that women are far from achieving equality in sites of formal political power.
