1001 Top Spanish Words in Context Diego Banos, 2018-11-22 Have you been desperately trying to learn Spanish but simply can't find the way to take the first steps? Do you dislike overly

grammatical learning material and just want to learn in a natural, fun fashion? Are you looking for the most sensible, quickest and most reliable way to learn Spanish where the whole method is backed by reliable scientific research? If you answered yes to at least one of the questions above, then this guide is exactly for you. For those who've despaired of ever learning a foreign language, here, finally, is a book that will make the words stick long-term. Possibly the most feared challenge to learning Spanish is the challenge of memory; there are just too many words and too many rules to remember. For every new word we learn, we seem to forget two old ones, and as a result, fluency can seem out of reach. That is exactly why *1001 Top Spanish Words In Context* was written. According to Professor Elfrieda H. Hieber from the University of California, Berkeley, The 100 most frequent words account for about 50% of the words in a typical text and the 1000 most frequent words for about 70%. Therefore it is evident that the first 1000 words of learning a language can provide you with an immense boost on your journey to master the language. In '*1001 Top Spanish Words In Context*' you'll discover: The 7 most common contexts to INSTANTLY kickstart your learning process (even if you barely know a word at the moment!) The exact formula to use expressions, proverbs, and sayings like a native speaker The latest scientific research about language learning combined with a practical guide you will not find on your average online learning website The single best way to increase your reading and listening comprehension, and enable you to communicate with little or no grammar How a simple grouping of thematic vocabulary lists can take tremendous fear from getting started and make everything suddenly seem 10x easier The absolute basic 4 areas of phrases you HAVE to know to communicate in Spanish as quickly as possible (You might be missing out tremendously if you don't know these!) ...and much, much more! Even if you have already tried everything else without success, the beginner friendly and systematic choice of words and phrases are based on both practical experience as a native speaker and the latest scientific research. Thus, '*1001 Top Spanish Words in Context*' is your shortcut to master the hard beginning in the easiest way possible. So if you want to finally turn into a Spanish speaker nearly overnight with just one single concept, click Add to Cart now! ★★ Buy the Paperback version and get the Kindle eBook version included for FREE! ★★

Learn Spanish Garcia Ammons,2016-12-28 Are you ready to learn 1000+ spanish words in the next 60 minutes? You've probably been wasting time studying. If you've been using traditional language learning tools like classes or software to teach you Spanish - I can almost guarantee it. These classes focus on memorization, basic vocabulary, routine phrases and conversations. And, naturally, these are all important. But, here's the thing - Most traditional Spanish classes are missing critical information that could save you hours of time and effort. It's what these courses DON'T teach you that leads to hours of unnecessary time wasted studying. They don't teach you the critical principles that allow you to master the knowledge in minutes - NOT hours. (by the way, if you've had difficulty learning, it's probably because you didn't have the right methods to make it easy). You might not believe this, but: You can significantly improve your Spanish vocabulary, right now. Instead of wasting time studying using traditional methods, you could be using effective techniques to increase your vocabulary TODAY. These methods will show you how you can learn hundreds of new Spanish words in less time than it takes you to eat lunch, AND know them forever, not just for a few minutes or long enough to take the test. How is this possible? Let me explain. I've found proven strategies for increasing your learning speed - habits, techniques, and tactics that will put the jet fuel in your language learning. These strategies were not easy to find. And guess what? I'm a native bilingual speaker! I personally use these to make connections between large sets of words, and learn new ones without hours of memorization (even in other languages like French and Italian). I can promise you that these high-leverage techniques will save you time and put you on the fast-track towards fluency in Spanish. But know this - This is not a 'How to Learn Spanish from Scratch' book. Not even close. What it is: a condensed guide that shows you the best practices for rapidly increasing your vocabulary and becoming fluent in Spanish. I've kept the book short and easy to understand, so that you can get started using these as soon as possible! (I'm trying to save you time after all, not

make you read another 300+ page book). So, I've laid out the overlooked principles, common pitfalls, and language shortcuts in a way that anyone can understand and start using immediately. What's inside Introduction Tip # 1: Latin Is Your Friend Tip # 2: The Dialect Dilemma Tip # 3: The Components of Language Learning Tip # 4: Ditch the Dictionary! Tip # 5: Avoid Programmed Conversations Tip # 6: Practice Conversing with a Conversation Swap Tip # 7: Invest in an App Tip # 8: Word Endings Are Your Friend The 7 simple Language Shortcuts to learn 1000+ words quickly Language Shortcuts The core of this book is the list of what I call language shortcuts that are consequences of the similarities between English and Spanish. For example: English words that end in -ant stem from a certain group of words that also exist in most other romance languages. In particular, these words also exist in Spanish, but the suffix of the words in Spanish is -ante instead of -ant. So the English word arrogant translates to arrogante in Spanish. The word brilliant translates to brillante, and so on. So, don't waste anymore time. Change your strategy, and take yourself to the next level - get yourself a copy of this book right now.
