In this book you will also find my recommendations for some of the latest products and technology that improves our standard of living. The best way I can summarize IT all is to just call the book, LIFE Wisdom. The following pages share my efforts to organize and shed light on the most useful information in my life. This book categorizes the knowledge based on whether IT involves helping, simplifying, making, stretching, spending, living or sharing something. The main objectives of this book are: 1. Educate the reader. 2. Connect with sponsors and increase funding for the Helping Hands Network volunteer and emergency cause programs. 3. Connect with global connections to help establish international programs. Please submit any product or other helpful information you would like to see included in future editions. At times the line may be blurred between opinion and fact but I do the best I can. My definition of fact refers to a first encounter experience by myself or another credible source. Some of your experiences surrounding certain wisdoms may not hold up to my experiences I share in this book.
