Aries Joanna Martine Woolfolk, 2011-11-16 Your Sun sign (often referred to simply as your sign) is the zodiac sign the Sun was traveling through at the time of your birth. Your Sun sign is the most important and pervasive influence in your horoscope and in many ways determines how others see you. It governs your individuality, your distinctive style, and your drive to fulfill your goals. It symbolizes the role you are given to play in this life. It's as if at the moment of your birth you were pushed onstage into a drama called *This Is My Life*. In this drama, you are the starring actor—and your sign is the character you play. This elegant little volume is packed with what your Sun sign tells you about you. You'll read about your many positive qualities as well as your negative issues and inclinations. You'll find insights into your power, potentials, and pitfalls; advice about relationships, love, and sex; clarification on erogenous zones and how you combine romantically with other signs; guidance regarding career, health, and diet; and information about myriads of objects, places, concepts, and things to which you're attached. Bad Birthdays Sarah Christensen Fu, 2014-04-01 *The Truth Behind Your Crappy Sun Sign* This is a book for anyone who is irritated by the disconnect between the perky promises and mindlessly cheerfully affirmations that apply to a specific sun sign and the crappy week that ensues. It is the ultimate corrective to the plethora of happy sappy horoscope books and inane astrology columns that appear in daily newspapers around the world. Revealing the truth (whether you like it or not) about your star sign, *Bad Birthdays* uncovers the true quirks, oddities, and unpleasanties that characterize your unlucky sign of the zodiac and rule your destiny. When it comes to love, do you think that watery Pisces are naturally romantic lovers? Think again—if you're unfortunate enough to have a relationship with a Plagued Pisces or a Contemptible Cancer, you're in trouble. Reference the relationship sections to rate your compatibility with other star signs, or at least highlight where the cracks are going to show. With

special sections detailing the unlucky personalities with whom you share your birthday, as well as unfortunate events that might have happened on your birthday, *Bad Birthdays* contains all you'll never need to know about your sign. So whether you're a Cursed Capricorn, a Tragic Taurus, or a Lousy Libra, we're all doomed to a destiny that is far less peachy than everyday astrologers would have us believe.

ahead of us editors, took it even further and delved into a variety of international zodiacs for their inspirations. They came back from the stars with hands full of pieces that far surpassed anything we could imagined, transforming the pages of this anthology into a fantastical referential journey into the occult. So open your mind and your palms, these pages long to show you the future.
