A Mad Zombie Party Gena Showalter,2015-10-01 The battle rages on. Ali Bell and Cole Holland's crew of zombie slayers thought they'd won the war against Anima Industries, the evil company responsible for capturing and experimenting on zombies in an effort to discover the secret to immortality. In the last epic clash, the slayers lost many of their crew and closest friends. But Frosty, the ice man himself, has not recovered from one casualty in particular—the love of his life, Kat Parker. On the path to self-annihilation, Frosty receives a message from beyond—Kat's spirit returns, insisting he partner with rogue slayer Camilla Marks. Frosty will do anything for Kat. Except that. Camilla is the one who betrayed them all, leading to Kat's death. But when Anima rises from the grave to become a force the slayers may not have the strength to overcome, Frosty, Camilla and all the slayers will have to work together to survive. And one

broken slayer will learn that sometimes, the line between hate and attraction is blurred...and the road to redemption isn't through revenge, but in letting go of the past and grabbing hold of the future. Zombie Notes Laurie Rozakis,

Generation Zombie Stephanie Boluk, Wylie Lenz, 2011-07-25 Growing from their early roots in Caribbean voodoo to their popularity today, zombies are epidemic. Their presence is pervasive, whether they are found in video games, street signs, hard drives, or even international politics. These eighteen original essays by an interdisciplinary group of scholars examine how the zombie has evolved over time, its continually evolving manifestations in popular culture, and the unpredictable effects the zombie has had on late modernity. Topics covered include representations of zombies in films, the zombie as environmental critique, its role in mass psychology and how issues of race, class and gender are expressed through zombie narratives. Collectively, the work enhances our understanding of the popularity and purposes of horror in the modern era. Instructors considering this book for use in a course may request an examination copy [here](#).

Only Bruce and his brave clan of battle-hardened warriors will stand and fight for the future. But there is hope. Bruce and his clan have gathered an awesome array of weaponry on the ground and in the air. They commandeered most of the country's satellite assets. And they have a bold plan for wiping out the traitorous Presidential forces. What's more, they have an advantage that the corrupt POTUS doesn't even suspect: a man on the inside who's willing to risk everything to save the lives of the troops. Nothing less than the future of the human race is at stake. And Bruce is ready for the fight. Clifton Falls - Part 1 Lee Andrew Taylor,2023-05-16 Funny! Horrific! Zombie madness! A hell of a book. A nightmare seemingly without end... What more could you ask for? What would you do if someone you knew had turned into a zombie? This story came to me many years after watching the 1974 zombie movie - The living dead at the Manchester Morgue - That movie was the first horror movie that left me too scared to move growing up... When a local farming company becomes a guinea pig for a newly tested chemical fertilizer, no one knew it was capable of bringing the dead back to life. But it did, and it brought the town of Clifton Falls to its knees. The first person to rise from the dead was the local homeless man, but the infection spread quickly as more people fell from the power of the undead. But still, no one thought zombies were real until police officers were called to a domestic, leaving them scared after seeing a grotesque beast inside the home that it lived in before it died a few months earlier. Now, the local hospital was piling up with the dead, with some returning to life to attack the living. None of the officers had signed up for this, to fight the Undead, but could they control the virus before it reached the CEMETERY? Packed with extreme horror moments and traces of humour, and with characters that may remind you of people you know, this story will take

your imagination on a ride to the town of Clifton Falls, where you will want to save the residents from a new enemy that wants to eat them.

Rane has been captured and taken to the heart of the Draond Empire, where she is placed under the control of the High Overlord Cailenn. Unwilling to hurt the dragons to which she is Bonded, Rane willingly undergoes torture and manipulation as Cailenn attempts to turn her into another draond. Rane finds her very essence torn asunder as she struggles between dragonforce and the darkness she has always felt pulling inside her. But in order to give in to the Overlord and end her torment, she must betray the dragons and the essence of who she has struggled to become. The battle rages within her, spilling over until the dragons themselves and an army of allies confront the draond forces for a final time. Horrifyingly outnumbered, the dragons must wait as Rane and Cailenn face off in a far subtler war - one which will end in either the death of the dragons, or the defeat of the draonds. Yet either choice results in the greatest sacrifice Rane has ever had to make... **PSYCH 101: ZOMBIE** - Twelve MORE stories. Twelve MORE accounts of pain and acceptance. Of rejection and hope. Of brains and hunger. Of trying, failing, and mostly succeeding. Twelve MORE tales. Twelve MORE insights into the shallow depths of simple minds grappling to understand their new natures. Twelve MORE. Of THEM. Of their struggles against the monster inside, their fight for control, their unceasing appetite. Twelve. MORE. Zombies. Their stories. Here. In this book. Right now. Twelve. MORE. (you sure you wanna end on more? well, uh, I guess... oh. okay then.) Twelve. MORE. (are we mentioning the new doctor? not here. oh. um... can I finish? oh, of course. sorry.) Twelve MORE - Ah, forget it. I can't believe this happened again. Look, twelve MORE stories... zombies... with problems... yeah. You get it.

An Anthology of Perception Volume 3 Kurt Philip Behm, 2019-06-03 Once acknowledging this truth within himself and accepting its presence, he started an inward journey that time and its deceptive handmaidens, the past and the future, would have only denied. His message is to live not only for today but for this very moment, knowing that this moment is all that we have, have had, or will ever have again. Living within the magic of its perpetual present will then free our souls, guiding us on a path toward becoming all that we are truly meant to be.

The Paranormal and Popular Culture Darryl Catherine, John W. Morehead, 2019-02-18 Interest in preternatural and supernatural themes has revitalized the Gothic tale, renewed explorations of psychic powers and given rise to a host of social and religious movements based upon claims of the fantastical. And yet, in spite of this widespread enthusiasm, the academic world has been slow to study this development. This volume rectifies this gap in current scholarship by serving as an interdisciplinary overview of the relationship of the paranormal to the artefacts of mass media (e.g. novels, comic books, and films) as well as the cultural practices they inspire. After an introduction analyzing the paranormal's relationship to religion and entertainment, the book presents essays exploring its spiritual significance in a postmodern society; its (post)modern representation in literature and film; and its embodiment in a number of contemporary cultural practices. Contributors from a number of disciplines and cultural contexts address issues such as the shamanistic aspects of Batman and lesbianism in vampire mythology. Covering many aspects of the paranormal and its effect on popular culture, this book is an important statement in the field. As such, it will

be of utmost interest to scholars of religious studies as well as media, communication, and cultural studies.
