The Trail Runner's Companion Sarah Lavender Smith,2017-06-01 The sport of trail running is booming as more runners seek more adventurous routes and a deeper connection with nature. Not only are runners taking to the trail, but a growing number are challenging themselves to go past the conventional 26.2-mile marathon point. The time is right for a book that covers everything a runner needs to safely and successfully run and race trails, from 5Ks to ultra distances. Like a trusted coach, The Trail Runner's Companion offers an inspiring, practical, and goal-oriented approach to trail running and racing. Whether readers are looking to up their distance or tackle new terrain, they'll find sophisticated, yet clear advice that boosts performance and enhances well-being. Along the way, they'll learn: Trail-specific techniques and must-have gear What to eat, drink, and think—before, during, and after any trail run How to develop mental tenacity and troubleshoot challenges on longer trail adventures Colorful commentary on the characters and culture that make the sport special With an engaging, encouraging voice, including tips and anecdotes from well-known names in the sport, The Trail Runner's Companion is the ultimate guide to achieving peak performance—and happiness—out on the trails. Sarah Lavender Smith has long been one of trail running's finest and most insightful writers, and her first book, The Trail Runner's Companion, ties everything together for all trail runners, from newbies to veterans and all abilities in between. She expertly and empathetically describes how one should train, eat, drink, and think while becoming a trail runner. But perhaps most importantly of all, she tells us what it means to be a trail runner—why this journey, in her words, 'all the way up to the summit and back down,' is worth the effort. If you already are a trail runner, The Trail Runner's Companion will make you want to become a better trail runner. If you aren't yet a trail runner, The Trail Runner's Companion will make you want to become one." - John Trent, longtime ultrarunner, race director, Western States 100-Mile Endurance Run board member, and award-winning sportswriter The Trail Runner's Companion is a must-have for all trail runners, both new and experienced. It brings a wealth of knowledge and entertaining stories to keep you engaged in the valuable content of the book. If only I had The Trail Runner's Companion to read before my first trail race, I could have avoided so many mistakes! I highly recommend it." - Kaci Lickteig, 2016 UltraRunning Magazine UltraRunner of the Year and Western States 100-Mile Endurance Run champion

Undead Ultra Camille Picott,2016-03-26 Undead: a reanimated corpse with a craving for human flesh. Ultramarathon: any footrace longer than a traditional marathon (26.2 miles). For ultrarunners Kate and Frederico, a typical Saturday morning is spent pounding out a twenty- to thirty-mile fun run. It's during one of their runs that an insidious illness descends upon northern California, turning humans into flesh-shredding zombies. When Kate receives a desperate call from her son, Carter, she and Frederico flee their hometown and set out to help him. The only problem? Carter attends college over two hundred miles away and the freeways-clogged with car wrecks, zombies, and government blockades-are impassable. Running back roads and railroad tracks becomes their only means of travel, but neither of them has ever run so far before. As pain, injuries, hunger, and fatigue plague them, getting to Carter and staying alive seem impossible. It's either outrun the undead or become one of them, and for Kate, death is not an option.

2012: the Zombie Apocalypse Ryan Tomasella,2010-05-03 2012: The Zombie Apocalypse is a riveting tale of survival in a post-apocalyptic world overrun with zombies. A group of unlikely survivors are forced to band together to find salvation in a horror-drenched world. Led by Ryan and surrounded by undead monsters, the survivors journey across the wastelands in search of a precious and increasingly rare commoditylife. But wait, I say. The zombies in I Am Legend were just infected and could be cured, not similar to these types of zombies. I sit down on my couch and scratch my head. I'm being so childish here; I'm comparing what is happening right now to movies. I need to figure out what needs to be done, I say before pushing myself off the couch and walking into my office. I grab a notepad from the desk as well as a pen before returning to the couch and sitting down. I push everything off the table and onto the floor before placing the notepad on the table. Alright first things first I need to hunker down and hold my position for the night. First thing tomorrow morning I need to get out of the city, it isn't safe here, the population is too high. I can easily get overwhelmed and eaten.
