*American Zombie Gothic* Kyle William Bishop, 2010-03-08 Zombie stories are peculiarly American, as the creature was born in the New World and functions as a reminder of the atrocities of colonialism and slavery. The voodoo-based zombie films of the 1930s and '40s reveal deep-seated racist attitudes and imperialist paranoia, but the contagious, cannibalistic zombie horde invasion narrative established by George A. Romero has even greater singularity. This book provides a cultural and critical analysis of the cinematic zombie tradition, starting with its origins in Haitian folklore and tracking the development of the subgenre into the twenty-first century. Closely examining such influential works as Victor Halperin's *White Zombie*, Jacques Tourneur's *I Walked with a Zombie*, Lucio Fulci's *Zombi 2*, Dan O'Bannon's *The Return of the Living Dead*, Danny Boyle's *28 Days Later*, and, of course, Romero's entire *Dead* series, it establishes the place of zombies in the Gothic tradition. Instructors considering this book for use in a course may request an examination copy [here](#).

*Zombie Winter* Jason Strange, 2011 Kane has to decide which is worse, a long cold winter or a town full of zombies.

*Zombie, Illinois* Scott Kenemore, 2012-10-01 The sequel to the bestselling *Zombie, Ohio*, this explosive supernatural thriller from Scott Kenemore tells the story of three Chicagoans who have been thrown together by a bizarre, interconnected series of events during the first twenty-four hours of a zombie outbreak in the Midwest's largest city. A partnership is crafted between a pastor from Chicago's rough South Side, an intrepid newspaper reporter, and a young female musician, all of whom are fighting for survival as they struggle to protect themselves and their communities in a city overrun with the walking dead. Between the barricaded neighborhoods and violent zombie hunters, the trio encounters many mysterious occurrences that leave them shaken and disturbed. When the mayor of Chicago is eaten by zombies on live television, and a group of shady aldermen attempt to seize power in the vacuum, these unlikely friends realize that they have stumbled upon a conspiracy to overthrow the city . . . and that they alone may be qualified to combine their talents to stop it. *Zombie, Illinois* will delight devoted zombie fans and put readers in mind of some of the best recent works of supernatural horror. You will be left shocked, horrified, and craving brains! This novel will grab you from the first page and not let go until the riveting finale.

*The Zombie Book* Nick Redfern, Brad Steiger, 2014-08-18 Rampaging, driven, killing machines. Soulless and dead. Infected and infectious. Zombies. The epidemic of the living dead is stronger than ever in today's pop-culture, but long before exotic viruses, biological warfare, and sinister military experiments brought the dead back to life in our cinemas and on our television screens, there were the dark spells and incantations of the ancient Egyptians, the Sumerians, and the Babylonians. Blending the historical with the modern, the biographical with the literary, the plants and animals with bacteria and viruses, the mythological with the horrifying true tales, *The Zombie Book: The Encyclopedia of the Living Dead* is a comprehensive resource to understanding, combating, and avoiding zombies. More than 250 entries cover everything from hit television shows, books, and movies, including *The Walking Dead*, *World War Z* and *Pride and Prejudice and Zombies*, to zombies' ignominious role in folklore and mythology, such as the Greek god Asclepius, ancient Voodoo religion, and the Native American Wendigo legend. *The Zombie Book: The Encyclopedia of the Living Dead* examines mad cow disease, the Spanish flu pandemic of 1918, the Centers for Disease Control preparing for the end of the world, and much, much more.

*My Big Fat Zombie Goldfish* Mo O'Hara, 2013-07-09 A first entry in a new chapter book series finds Tom's goldfish horrifically transformed after his evil scientist big brother's experiment goes wrong, an

accident that imbues the goldfish with hypnotic powers and a thirst for revenge.

*Encyclopedia of the Zombie* June Michele Pulliam, Anthony J. Fonseca, 2014-06-19 A fascinating read for anyone from general readers to hardcore fans and scholars, this encyclopedia covers virtually every aspect of the zombie as cultural phenomenon, including film, literature, folklore, music, video games, and events. The proliferation of zombie-related fiction, film, games, events, and other media in the last decade would seem to indicate that zombies are the new vampires in popular culture. The editors and contributors of *Encyclopedia of the Zombie: The Walking Dead in Popular Culture and Myth* took on the prodigious task of covering all aspects of the phenomenon, from the less-known historical and cultural origins of the zombie myth to the significant works of film and literature as well as video games in the modern day that feature the insatiable, relentless zombie character. The encyclopedia examines a wide range of significant topics pertaining to zombies, such as zombies in the pulp magazines; the creation of the figure of the zuvembie to subvert decades of censorship by the Comics Code of Authority; *Humans vs. Zombies*, a popular zombie-themed game played on college campuses across the country; and annual Halloween zombie walks. Organized alphabetically to facilitate use of the encyclopedia as a research tool, it also includes entries on important scholarly works in the expanding field of zombie studies.

**The Zombie Autopsies** Steven C. Schlozman, 2011-03-25 As the walking dead rise up throughout the world, a few brave doctors attempt to find a cure by applying forensic techniques to captured zombies. On a remote island a crack medical team has been sent to explore a radical theory that could uncover a cure for the epidemic. Based on the team's research and the observations of renowned zombie expert Dr. Stanley Blum, *The Zombie Autopsies* documents for the first time the unique biology of zombie organisms. Detailed drawings of the internal organs of actual zombies provide an accurate anatomy of these horrifying creatures. Zombie brains, hearts, lungs, skin, and digestive system are shown, while Dr. Blum's notes reveal shocking insights into how they function--even as Blum and his colleagues themselves begin to succumb to the plague. No one knows the ultimate fate of Dr. Blum or his researchers. But now that his notebook, *The Zombie Autopsies*, has been made available to the UN, the World Health Organization, and the general public, his scientific discoveries may be the last hope for humans on earth. Humanity has a new weapon against the living dead and that weapon is Steven Schlozman! -- New York Times bestselling author Max Brooks I've written and made films about zombies for over forty years. In all that time, I've never been able to convince my audience that zombies actually exist. On page one of *The Zombie Autopsies*, Steven Schlozman takes away any doubt. **Zombie CSU** Jonathan Maberry, 2008 Since Night of the Living Dead, zombies have been a frightening fixture on the pop culture landscape, lumbering after hapless humans and slurping up their brains. But what if they were real? What would happen if, tomorrow, the dead rose from their graves in search of brains for breakfast? Employing hard science, solid police work and a hefty dose of humour, ZOMBIE CSU is the only guide available to staying alive and avoiding the undead.

Erdelac, and David James Keaton as they unleash the carnage while breathing new life, and death, into the zombie genre. FANGORIA MAGAZINE REVIEW As the book’s title indicates, DEADCORE achieves

all extremes. Violent, perverse, depraved—and, as such, quite recommended. **THE STORIES DEAD JUJU BY RANDY CHANDLER** He's the mystery man on the news. Where he shows up, the shit goes down. The dead are rising, the immigration issue has reached the boiling point, the living are screwed, and unspeakable acts are being performed upon all involved. In this tale of *Zombies Gone Wild*, yes the dead walk but just where the hell are they going and why? **Dead Juju** gives you the hardcore truth, if you're ghoulish enough to handle it. **NIGHT OF THE JIKININKI BY EDWARD M. ERDELAC** After a comet is observed in the western sky of feudal Japan, a murdered inmate rises from the dead and attacks his fellow prisoners. PROPELLER HATS FOR THE DEAD) BY DAVID JAMES KEATON** At a *Zombie Bed & Breakfast* tourist trap, guests pay for the thrill of a staged zombie assault during an apocalyptic scenario, acted out by sluggish hotel workers who are well-versed in the zombie genre. But things start to go wrong. Zombies don't die as they should. Hunters go missing. A trip that's supposed to be fun turns into a struggle for survival as four men make a discovery that causes them to question not only what it means to be a zombie, but what it means to be human.

Sam and his teammates have tried to find a cure for the zombie virus, but now Sam is infected with a strain of the virus that allows him to telepathically communicate with the other zombies. Can Sam prove to his teammates that he's still trustworthy? Or will he betray them to the CEO of Zombii Co? If Sam and his team can't find a way to trust each other and work together, Sam could lose more than his humanity. **Breathers** S.G. Browne, 2009-03-03 For fans of Max Brooks's *The Zombie Survival Guide* and zombie aficionados everywhere, a hilarious debut novel about life (and love) after death. Meet Andy Warner, a recently deceased everyman and newly minted zombie. Resented by his parents, abandoned by his friends, and reviled by a society that no longer considers him human, Andy is having a bit of trouble adjusting to his new existence. But all that changes when he goes to an Undead Anonymous meeting and finds kindred souls in Rita, an impossibly sexy recent suicide with a taste for the formaldehyde in cosmetic products, and Jerry, a twenty-one-year-old car-crash victim with an exposed brain and a penchant for Renaissance pornography. When the group meets a rogue zombie who teaches them the joys of human flesh, things start to get messy, and Andy embarks on a journey of self-discovery that will take him from his casket to the SPCA to a media-driven class-action lawsuit on behalf of the rights of zombies everywhere. Darkly funny, surprisingly touching, and gory enough to satisfy even the most discerning reader, *Breathers* is a romantic zombie comedy (rom-zom-com, for short) that will leave you laughing, squirming, and clamoring for more.

**Book of the Dead** Anthony Giangregorio, 2009-08 This is the most faithful, truest zombie anthology ever written, and we invite you along for the ride. Every single story in this book is filled with slack-jawed, eyes glazed, slow moving, shambling zombies set in a world where the dead have risen and only want to eat the flesh of the living. In these pages, the rules are sacrosanct. There is no deviation from what a

zombie should be or how they came about. The Dead Walk. There is no reason, though rumors and suppositions fill the radio and television stations. But the only thing that is fact is that the walking dead are here and they will not go away. So prepare yourself for the ultimate homage to the master of zombie legend. And remember... Aim for the head! Edited By Anthony Giangregorio 2nd Edition.
