Recent international developments pose potentially sizable downside risks to the Czech Republic's economy. The main downside risks revolve around Brexit, trade tensions between the United States and China, and weakening demand in the euro area. These developments could reduce the demand for Czech exports and increase the price of imports. *Reshaping the U.S.-China Economic Relationship* Stephen ... 3 Equally significant, China has lost the battle in the arena of public opinion – chastised by Western policymakers, a few high-profile academics⁵, and others for having failed to live up to the grand bargain struck in 2001, when the country was admitted to the World Trade Organization. **World Trade Statistical Review 2017** – **World Trade Organization** World Trade Statistical Review 2017 4 Acknowledgements T his publication
