The Chinese Astrology Bible Derek Walters,2009 Written by a leading authority on the history and practice of Chinese astrology, this comprehensive new entry in the continuing Bible series brings together all the basics on this ancient form of divination. Filled with color photographs and beautiful illustrations, it covers everything from the 12 animals of the zodiac to calculating your sign to creating a detailed analysis of your chart based on the exact time of your birth. There's also advice on developing your horoscope further, as well as using Chinese astrology in conjunction with Eastern medicine and feng shui.

Chinese Astrology Shelly Wu,2005-01-01 Draws on the archetypes of the 12 signs of the ancient Eastern zodiac to offer insight into astrologically influenced personalities, providing coverage of such related topics as how a birth element shapes one's destiny, Chinese love signs and the qualities of one's Chinese birth-hour companion.

Chinese Astrology Paula Delsol,1986-02 Now! Use the Oriental horoscope that has become the newest guide to self-understanding. It's a twelve year cycle of personality differences. You locate your animal sign - from the inventive Rat to the generous-hearted Pig-according to the year, not the month, of your birth and

Chinese Astrology Shelly Wu,2005-06-15 “He who knows others is learned. He who knows himself is wise.” —Lao-Tzu The quest for self-knowledge has been a universal human pursuit for millennia. Who are we? And could our destiny be written in the stars? Why do some commit their wings to life's flames, while others tiptoe through life so cautiously? In a quest for answers to these questions, there has been an explosion of renewed interest in Chinese astrology. Awareness of our essential nature provides insight into our most intimate relationships...and into ourselves. Chinese Astrology: Exploring the Eastern Zodiac/i> explains our “natural endowment” or “inner being”—our personality from the beginning. This 5,000-year-old art paints a remarkable picture of personality and potential using the archetypes of the 12 signs of the ancient Eastern zodiac. While each one of us possess some qualities of all 12 signs, we each have a dominant sign and birth element. Be prepared for some ah ha! moments as you explore this ancient art and gain insight into the characters of those you meet along life's path. You may notice interesting similarities to your friends and family, and you may never look at yourself the same way again. This is a timeless system that is as pertinent today as it was many centuries ago. In a book that will fascinate both devotees of Western astrology and those who have never even checked their horoscopes in the newspaper, you'll learn — The twelve signs of the Eastern Zodiac and what they tell you about yourself and others. — The Five Elements, and how your birth element influences your destiny. — Chinese love signs, karmic connections, and the secrets of soul mates. — Your Chinese birth hour “companion”—your other self.

Chinese Astrology Kay Tom,2023-11-08 People may be familiar with the celebrations around Chinese New Year (usually towards the end of January or beginning of February) and how the year is devoted to a particular animal. As with the more commonly known form of astrology, there are 12 signs (such as the ox, the rabbit, the dragon and the tiger), but these signs are also combined with a 60-year calendar and the five elements of metal, wood, water, fire and earth to form a fascinating and unique system that gives insight into people's characters and considers how they will be affected during different years of the calendar's cycle. Drawing on the principles of yin and yang and the Chinese philosophical theory of the three harmonies, this fascinating work is a wonderful introduction to the subject.

Chinese Astrology, Plain & Simple Jonathan Dee,2017-01-19 Though perhaps less well-known here than its Western counterpart, Chinese astrology is every bit as illuminating and provides an equally valuable shortcut to self-knowledge. Jonathan Dee, the well-respected author of several books on astrology, tarot, and fortune-telling, reveals all the mysteries of the art in this informative volume. Filled with legends, charts, and history, it contains all of the essentials for working out your Chinese horoscope including the animal signs for each birthday year, month, and hour. Each sign receives a richly detailed and enlightening explanation. Among the amusing and informative tidbits here: The rat is considered to be the sign of charm and is noted for its shrewdness, enterprise, and wealth. Rats are also prosperous, entrepreneurial, obsessive, anxious, bossy, and mean. The ox is the sign of tenacity and prosperity and a symbol of fertility and muscular strength. People born under the ox are patient, contemplative, eloquent, chauvinistic, petty, and grumpy. The monkey is lively, complex, charming, diplomatic, and agile. Monkeys are also dishonest, sarcastic, lacking respect, and restless. Chinese Astrology, Plain and Simple is an accessible introduction that enlightens, entertains, and informs.

Chinese Astrology Paul Carus,1974 Chinese Astrology contains a lucid account of the major systems of Chinese mysticism. Paul Carus' unique work pictures Chinese astrology and Western astrology side by side. Tables of symbols handily compare Chinese, Indian, Roman and Egyptian astrological symbols. Astrology's aficionados and sceptics will be fascinated by the puzzling similarities of symbols, and will be drawn to wonder if there was more exchange between the East and West at the dawn of civilization than has been documented to date. Chinese Astrology is a scholarly work that can take a proud place in the history of archaeology and Oriental studies. Most books on Oriental thought concentrate on either Confucius or Lao Tze. Paul Carus traces an historical continuum of ideas: the Yih System, P'an-Ku, Feng-Shu Lo-Pan are all part of the history of Chinese thought.

The New Chinese Astrology Suzanne White,1996-12-15 The definitive encyclopedia on Chinese astrology, this easy-to-read reference guide describes each animal sign's individual characteristics, special capabilities, particular health problems, and explains how the five Chinese elements--wood, fire, metal, earth, and water--affect it. Best of all, The New Chinese Astrology predicts what the next 12 years bode for readers, their friends, and even their enemies!

Simple Chinese Astrology Damian Sharp,2007-01-01 A basic introduction to the ancient system of astrology based on the Chinese lunar calendar from the author of Simple Feng Shui. Introduced by the emperor Huang Ti between 2700 and 2600 B.C.E., Chinese astrology is based on the culture's lunar calendar, which is made up of five cycles of twelve years each, with a complete cycle taking sixty years. According to legend, Buddha summoned all the animals to come to him before he departed earth, but only twelve came to pay their respects. To honor them, he named a year after each animal in the order that they appeared: Rat, Ox, Tiger, Rabbit, Dragon, Snake, Horse, Sheep, Monkey, Rooster, Dog, and Boar. These became the twelve astrological signs that determine your personality, behavior, and proclivities according to the year and time of day you were born. This age-old practice tells you what to expect—in life, career, and romance—in the coming years. Featuring illustrations and tables, this guide makes this exacting science and art of divination and personal analysis accessible to Western readers.

The Chinese Astrology Handbook Richard Craze,1998 Craze introduces the 12 signs of the Chinese horoscope, explaining how the year in which you were born influences your personality, your ambitions and your relationships. '

Chinese Astrology James Trapp,2015-06-19 Chinese Astrology is a beautifully illustrated guide with easy-to-use instructions to help you understand the fundamental ideas and determine the more advanced aspects accompanied by an explanation of each character and its significance within Chinese astrology: the perfect guide to your inner and outer life.

The Definitive Book of Chinese Astrology Shelly Wu,2010-01-21 This is the only Chinese astrology book you'll ever need! You may be familiar with the Chinese birth-year animals, but did you know you actually have four of them? Each year, each month, each day, and each two-hour period of the day is distinct and denoted by a particular animal sign (branch) and one of the five

elements (stems). In The Definitive Book of Chinese Astrology, you will learn how to forecast your love- and life-cycles; understand the indicators of health, wealth, and happiness in your chart; and identify balances and cures. You will also discover Zi Wei Dou Shu, the best-kept astrological secret for millennia and formerly accessible only to royalty. The most accurate and profound divination tool ever discovered—a sort of Dewey decimal system of the universe—this system of astrology will help you identify your inborn capabilities, achievement potential, and life path. Finally, you will learn about the Eastern astrological subspecialties, including the I-Ching, feng shui, 9 Star Ki, and Chinese palmistry. The included interactive CD-Rom makes it easy to create Chinese astrological charts for yourself, your friends, and family members. *The CD contains 1391 KB of information in total so it is not blank. If the customer's operating system is not any of the following (Windows 7, 98se, 2000, XP, or Vista), he or she will not be able to install the program and hence will not be able to view the instructional text.

Chinese Astrology and Fortune Telling U.C. Mahajan,2009-09-03 The Yi Jing, I Ching, or Book of Change or Fortune Telling, is an ancient Chinese oracle that has been consulted in times of trouble for thousands of years. It was used as a guide and source of wisdom by the emperors, helping them decide the difficult issues of statecraft; and later on by Sages and Philosophers. It was both a source and repository of philosophical insight for the Chinese, even as a part of Chinese Astrology or Zi Wei Dou Shu. Both of the major Chinese philosophical traditions, Taoist and Confucians alike, have contributed to its development. A few centuries ago, it became popular among the mass and its popularity is growing fast in many countries. Future is always dark and unknown, and man has always been eager to know the future beforehand. ~Chinese Astrology and Fortune Telling™ is a great and unique way of knowing and predicting future. This book fulfills the need and demand. It will make simple: both the subject and knowledge of the future, that look complex and uncommon.

Chinese Astrology ... Harry Titterton Morgan,1941

Handbook of Chinese Astrology Richard Craze,2013 The system of Chinese horoscopes has been in use for thousands of years, and there was a time when no Chinese person would contemplate changing their job or getting married without consulting their astrologer. We may no longer run our lives this way, but there is much that we can learn about ourselves from this ancient Eastern astrological system. The Chinese horoscope is made up of 12 animal signs but while most people know which sign they are, the system is more complex than that. You also need to know which of the five elements you are: fire, earth, water, metal or wood, and whether you are yin or yang. This accessible book guides you through finding your own particular sign and how it influences your personality, family, love life and future choices.
