This all-encompassing reference features all types of jazz issued on 33 1/3 rpm long-playing records, including Dixieland, bebop, big band, swing, West Coast, fusion, modern

and many others. It includes over 40,000 albums released between 1948 and today, valued in three grades of condition, as well as a thoroughly illustrated label guide for easy distinction between first editions and later pressings. Collectors will discover thousands of records not listed in any other price guide.

Surfing Uncertainty Andy Clark, 2016 This title brings together work on embodiment, action, and the predictive mind. At the core is the vision of human minds as prediction machines - devices that constantly try to stay one step ahead of the breaking waves of sensory stimulation, by actively predicting the incoming flow. In every situation we encounter, that complex prediction machinery is already buzzing, proactively trying to anticipate the sensory barrage. The book shows in detail how this strange but potent strategy of self-anticipation ushers perception, understanding, and imagination simultaneously onto the cognitive stage.

Slave to Sensation Nalini Singh, 2006-09-05 THE FIRST PSY/CHANGELING NOVEL from the New York Times bestselling author of *Shards of Hope*, *Shield of Winter*, and *Heart of Obsidian*... The book that Christine Feehan called a must-read for all of my fans. In a world that denies emotions, where the ruling Psy punish any sign of desire, Sascha Duncan must conceal the feelings that brand her as flawed. To reveal them would be to sentence herself to the horror of “rehabilitation”—the complete psychic erasure of everything she ever was... Both human and animal, Lucas Hunter is a Changeling hungry for the very sensations the Psy disdain. After centuries of uneasy coexistence, these two races are now on the verge of war over the brutal murders of several Changeling women. Lucas is determined to find the Psy killer who butchered his packmate, and Sascha is his ticket into their closely guarded society. But he soon discovers that this ice-cold Psy is very capable of passion—and that the animal in him is fascinated by her. Caught between their conflicting worlds, Lucas and Sascha must remain bound to their identities—or sacrifice everything for a taste of darkest temptation...

Worth Returning Veronica Lang, 2021-02-16 Rob had not been in love with her when he'd married her. This, Maria concluded, was why he had not been able to keep his marriage vows. When he betrayed her just a few years into their marriage, she wanted to leave him immediately, despite the fact that she still loved him. But knowing how their separation would devastate their children,

she decided to stay, at least until both children were old enough. Later, she would learn about Rob's greater betrayal, committed before they'd even been married. Maria finally found the courage to leave Rob when their children were grown and married. Her leaving came as a great shock to him, who'd assumed his wife would stay forever. She hadn't left him when she had first learned of his betrayals, had she? So why did she have to leave at all? It was only after she was gone that Rob realized how much he needed her. Her absence was almost unbearable. He'd tried to win her back, but it was too late. She had fallen in love with another man. Now, nearly a decade after their estrangement, Rob and Maria find themselves in the same tour group doing the Camino de Santiago. She'd joined the tour, hoping it would help assuage her grief over her partner's death; Rob had joined because he thought it would be 'fun'. Neither of them could have predicted how much the Camino tour would transform their lives. The lives of Nina and Joy, friends and neighbors of Maria who did the Camino with them, and those of the other pilgrims in their group are transformed as well. This is their story too.

Whether its bridal posies, anniversary bouquets or surprise deliveries from secret admirers, Lara arranges the flowers for all manner of life-changing moments. No stranger to heartbreak herself, Lara knows flowers say more than words ever can. But can the flowers that heal the customers work their magic on Lara? The perfect feel-good escapist read for fans of Erica James, Roisin Meaney and Lucy Dillon.

Communion bell hooks, 2021-10-12 "When truth teller and careful writer bell hooks offers a book, I like to be standing at the bookshop when it opens." -Maya Angelou Renowned visionary bell hooks explored the meaning of love in American culture with the critically acclaimed bestseller *All About Love: New Visions*. She continued her national dialogue with the bestselling *Salvation: Black People and Love*. Now hooks culminates her triumphant trilogy of love with *Communion: The Female Search for Love*. Intimate, revealing, provocative, *Communion* challenges every woman to courageously claim the search for love as the heroic journey we must all choose to be truly free. In her trademark commanding and lucid language, hooks explores the ways ideas about women and love were changed by the feminist movement, by women's full participation in the workforce, and by the culture of self-help, and reveals how women of all ages can bring love into every aspect of their lives, for all the years of their lives. *Communion* is the heart-to-heart talk every woman -- mother, daughter, friend, and lover -- needs to have.

Analytical methods alone are unable to solve many complex problems engineering students and professionals confront. *Introduction to MATLAB® Programming for Engineers and Scientists* examines the basic elements of code writing, and describes MATLAB® methods for solving common engineering problems and applications across the range of engineering disciplines. The text uses a class-tested learning approach and accessible two-color page design to guide students from basic programming to the skills needed for future coursework and engineering practice.

Light of the Veil Richard Fox, 2023-12-05 A YOUNG HERO JOURNEYS BEYOND THE EDGE OF THE KNOWN UNIVERSE IN A DESPERATE BID TO SAVE THE GALAXY FROM THE POWERS OF EVIL ADVENTURE BEYOND THE STARS David Artan is a dock rat on a poor fringe world where he takes every job he can and prize-fights to earn enough money to get off world. When he's hired to guide a boat crewed by an interstellar mafia, he comes face to face with an ancient power—the Veil—that was pivotal to a civil war that ended decades ago. David is “Attuned” to this power and was almost killed by agents of the dead and defeated Tyrant who nearly enslaved the galaxy. He's rescued by an Adept of the Paragon order, warrior scholars that study the power and seek to keep any from upsetting the balance that keeps all life in order. David is given the chance to journey beyond the Veil and into another dimension where he can claim a stone of immense power and return it to base reality and wield it as a weapon against the Tyrant. The world beyond the Veil is nothing like what David knows, and he'll be opposed by insidious evil, self-doubt, and sabotage from the very people who are supposed to help him. While beyond the Veil, David learns that a Conjunction is nigh, an event that could sunder the galaxy if evil forces succeed. David must claim a Veil stone deep in the other dimension before the Tyrant's agents can beat him to the prize. At the publisher's request, this title is sold without DRM (Digital Rights Management). Praise for Governor by David Weber and Richard Fox: “The authors pack the story with both the specs of far-future fighting machines . . . and the hypercompetent, duty-driven warriors who crew them. Fans of old-school military sci-fi should check this out.” —Publishers Weekly

The Star-Crossed Sisters of Tuscany Lori Nelson

Spielman, 2020-11-17 An International Bestseller! A LibraryReads and Indie Next Pick! A trio of second-born daughters sets out on a whirlwind journey through the lush Italian countryside to break the family curse that says they'll never find love, by New York Times bestseller Lori Nelson Spielman, author of *The Life List*. Since the day Filomena Fontana cast a curse upon her sister more than two hundred years ago, not one second-born Fontana daughter has found lasting love. Some, like second-born Emilia, the happily-single baker at her grandfather's Brooklyn deli, claim it's an odd coincidence. Others, like her sexy, desperate-for-love cousin Lucy, insist it's a true hex. But both are bewildered when their great-aunt calls with an astounding proposition: If they accompany her to her homeland of Italy, Aunt Poppy vows she'll meet the love of her life on the steps of the Ravello Cathedral on her eightieth birthday, and break the Fontana Second-Daughter Curse once and for all. Against the backdrop of wandering Venetian canals, rolling Tuscan fields, and enchanting Amalfi Coast villages, romance blooms, destinies are found, and family secrets are unearthed—secrets that could threaten the family far more than a centuries-old curse.
