**Chinese Astrology** Shelly Wu, 2005-01-01 Draws on the archetypes of the 12 signs of the ancient Eastern zodiac to offer insight into astrologically influenced personalities, providing coverage of such related topics as how a birth element shapes one's destiny, Chinese love signs and the qualities of one's Chinese birth-hour companion.

**Chinese Astrology** Shelly Wu, 2005-06-15 "He who knows others is learned. He who knows himself is wise." –Lao-Tzu The quest for self-knowledge has been a universal human pursuit for millennia. Who are we? And could our destiny be written in the stars? Why do some commit their wings to life's flames, while others tiptoe through life so cautiously? In a quest for answers to these questions, there has been an explosion of renewed interest in Chinese astrology. Awareness of our essential nature provides insight into our most intimate relationships...and into ourselves. Chinese Astrology: Exploring the Eastern Zodiac/i> explains our "natural endowment" or "inner being"—our personality from the beginning. This 5,000-year-old art paints a remarkable picture of personality and potential using the archetypes of the 12 signs of the ancient Eastern zodiac. While each one of us possess some qualities of all 12 signs, we each have a dominant sign and birth element. Be prepared for some ah ha! moments as you explore this ancient art and gain insight into the characters of those you meet along life's path. You may notice interesting similarities to your friends and family, and you may never look at yourself

the same way again. This is a timeless system that is as pertinent today as it was many centuries ago. In a book that will fascinate both devotees of Western astrology and those who have never even checked their horoscopes in the newspaper, you'll learn – The twelve signs of the Eastern Zodiac and what they tell you about yourself and others. – The Five Elements, and how your birth element influences your destiny. – Chinese love signs, karmic connections, and the secrets of soul mates. – Your Chinese birth hour “companion”–your other self.

**Chinese Astrology** Kay Tom, 2023-11-08 People may be familiar with the celebrations around Chinese New Year (usually towards the end of January or beginning of February) and how the year is devoted to a particular animal. As with the more commonly known form of astrology, there are 12 signs (such as the ox, the rabbit, the dragon and the tiger), but these signs are also combined with a 60-year calendar and the five elements of metal, wood, water, fire and earth to form a fascinating and unique system that gives insight into people's characters and considers how they will be affected during different years of the calendar's cycle. Drawing on the principles of yin and yang and the Chinese philosophical theory of the three harmonies, this fascinating work is a wonderful introduction to the subject.

**Chinese Astrology, Plain & Simple** Jonathan Dee, 2017-01-19 Though perhaps less well-known here than its Western counterpart, Chinese astrology is every bit as illuminating and provides an equally valuable shortcut to self-

knowledge. Jonathan Dee, the well-respected author of several books on astrology, tarot, and fortune-telling, reveals all the mysteries of the art in this informative volume. Filled with legends, charts, and history, it contains all of the essentials for working out your Chinese horoscope including the animal signs for each birthday year, month, and hour. Each sign receives a richly detailed and enlightening explanation. Among the amusing and informative tidbits here: The rat is considered to be the sign of charm and is noted for its shrewdness, enterprise, and wealth. Rats are also prosperous, entrepreneurial, obsessive, anxious, bossy, and mean. The ox is the sign of tenacity and prosperity and a symbol of fertility and muscular strength. People born under the ox are patient, contemplative, eloquent, chauvinistic, petty, and grumpy. The monkey is lively, complex, charming, diplomatic, and agile. Monkeys are also dishonest, sarcastic, lacking respect, and restless. Chinese Astrology, Plain and Simple is an accessible introduction that enlightens, entertains, and informs.

**Simple Chinese Astrology** Damian Sharp,2007-01-01 A basic introduction to the ancient system of astrology based on the Chinese lunar calendar from the author of Simple Feng Shui. Introduced by the emperor Huang Ti between 2700 and 2600 B.C.E., Chinese astrology is based on the culture's lunar calendar, which is made up of five cycles of twelve years each, with a complete cycle taking sixty years. According to legend, Buddha summoned all the animals to come to him before he departed earth, but only twelve came to pay their respects. To honor them, he named a year after each animal in the order that they appeared: Rat, Ox, Tiger, Rabbit, Dragon, Snake, Horse, Sheep, Monkey, Rooster, Dog, and Boar. These became the twelve astrological signs that

determine your personality, behavior, and proclivities according to the year and time of day you were born. This age-old practice tells you what to expect—in life, career, and romance—in the coming years. Featuring illustrations and tables, this guide makes this exacting science and art of divination and personal analysis accessible to Western readers.

**Chinese Astrology** James Trapp, 2015-06-19 Chinese Astrology is a beautifully illustrated guide with easy-to-use instructions to help you understand the fundamental ideas and determine the more advanced aspects accompanied by an explanation of each character and its significance within Chinese astrology: the perfect guide to your inner and outer life.

**The Definitive Book of Chinese Astrology** Shelly Wu, 2010-01-21 This is the only Chinese astrology book you'll ever need! You may be familiar with the Chinese birth-year animals, but did you know you actually have four of them? Each year, each month, each day, and each two-hour period of the day is distinct and denoted by a particular animal sign (branch) and one of the five elements (stems). In *The Definitive Book of Chinese Astrology*, you will learn how to forecast your love- and life-cycles; understand the indicators of health, wealth, and happiness in your chart; and identify balances and cures. You will also discover Zi Wei Dou Shu, the best-kept astrological secret for millennia and formerly accessible only to royalty. The most accurate and profound divination tool ever discovered—a sort of Dewey decimal system of the universe—this system of astrology will help you identify your inborn

capabilities, achievement potential, and life path. Finally, you will learn about the Eastern astrological subspecialties, including the I-Ching, feng shui, 9 Star Ki, and Chinese palmistry. The included interactive CD-Rom makes it easy to create Chinese astrological charts for yourself, your friends, and family members. \*The CD contains 1391 KB of information in total so it is not blank. If the customer's operating system is not any of the following (Windows 7, 98se, 2000, XP, or Vista), he or she will not be able to install the program and hence will not be able to view the instructional text.

**Chinese Astrology and Fortune Telling** U.C. Mahajan, 2009-09-03 The Yi Jing, I Ching, or Book of Change or Fortune Telling, is an ancient Chinese oracle that has been consulted in times of trouble for thousands of years. It was used as a guide and source of wisdom by the emperors, helping them decide the difficult issues of statecraft; and later on by Sages and Philosophers. It

was both a source and repository of philosophical insight for the Chinese, even as a part of Chinese Astrology or Zi Wei Dou Shu. Both of the major Chinese philosophical traditions, Taoist and Confucians alike, have contributed to its development. A few centuries ago, it became popular among the mass and its popularity is growing fast in many countries. Future is always dark and unknown, and man has always been eager to know the future beforehand. “Chinese Astrology and Fortune Telling” is a great and unique way of knowing and predicting future. This book fulfills the need and demand. It will make simple: both the subject and knowledge of the future, that look complex and uncommon.

**Chinese Astrology** Chung Li, 2022-04-26 This introductory guide reveals the ancient philosophical and spiritual wisdom of the Chinese Zodiac. One of the oldest forms of spiritual wisdom, Chinese astrology remains one of the most popular and powerful zodiac systems. Following a twelve-part cycle of years represented by different animals, the system is further divided by month, day, and hour of birth—revealing one’s inner, true, and secret animals. Focusing more on the person than on events, it offers more philosophical and introspective insights than its western counterpart. This introductory guide covers the basic concepts and principles of Chinese astrology, as well as its history and origins. It also features detailed synopses of personality traits associated with each sign, as well as traditional Chinese artwork.

**The Secrets of Chinese Astrology** Derek Walters, 2005

**Handbook of Chinese Astrology** Richard Craze, 2013 The system of Chinese horoscopes has been in use for thousands of years, and there was a time when no Chinese person would contemplate changing their job or getting married without consulting their astrologer. We may no longer run our lives this way, but there is much that we can learn about ourselves from this ancient Eastern astrological system. The Chinese horoscope is made up of 12 animal signs but while most people know which sign they are, the system is more complex than that. You also need to know which of the five elements you are: fire, earth, water, metal or wood, and whether you are yin or yang. This accessible book guides you through finding your own particular sign and how it influences your personality, family, love life and future choices.
