**Secrets of the Purple Star Astrology** Eugene Lee,2011-09-01 This would be the first and only book in English that reveals the secrets of the ancient Chinese Star astrology known as the Purple Star astrology. The Chinese royalty kept this knowledge secret and banned from being taught outside of the palace because of its uncanny accuracy. This powerful Purple Star astrology system which has been developed over a few thousand years and which the Chinese emperors relied in managing the state affairs was largely lost during the communist cultural revolution. But Eugene Lee meticulously has researched and brought back this guarded Chinese ancient knowledge to the English speakers. This would be the first complete book to teach readers to decipher not only their own fate but also to predict future events for others using the Purple Star astrology. This is the only book that explains the science behind the Purple Star astrology and I Ching. By studying this book meticulously, you can become a Chinese astrologer who can use the same knowledge that guided the Chinese dynasties. This book is a great text book for not only students of astrology but also for anyone who is interested in the Asian history and the ancient Chinese metaphysics.

**The Prosperity Sigma** Y. M. Lim,2014-02-22 The Prosperity Sigma is a “get rich self help” book, but of the metaphysical kind. Wealth and success are important aspects for most people. Many have worked hard for riches and fortune, but they always lead to variable outcomes, usually futile. Without knowledge of our destiny, we often fumble along in the darkness, believing that the future is but a mere figment of our mind and that by the sheer volition of our freewill, we can shape our own future. That is right to a certain extent if we do not place fate in the equation. Freewill does play a part in shaping our destiny, but fate is a predestined condition that is not apparent to most people. Using the most highly renowned and accurate system of astrology: Purple Star Astrology also known as Zi Wei Dou Shu, it will prove them otherwise; that fate is already cast in stone from the day that we are born, and that only with knowledge of fate can we then exercise our freewill effectively. This is a book that will help to improve your fiscal situation. The Prosperity Sigma is a treasure map that will help you identify the hidden pots of gold that you might pass by throughout the course of your life, as well as allowing one to navigate safely from potential pitfalls along the way. This book reveals the following:• 144 Types of Birth Template Profiles from Single Star, Double Stars and Empty Life Palaces for easy reference on financial strengths, weaknesses, career options, investment strategies and extensive insight of personality for individuals.• Identification of specific good and bad luck periods for important financial decisions and timings.• Detailed and thorough concepts of wealth in Zi Wei Dou Shu from stars to formations.• Special tools and techniques that can be used to test for affinity to wealth, perform assessment on potential partnership, and analysis of luck periods.•

Secret and effective remedies for wealth enhancement and luck improvement.

*Taoist Astrology* Susan Levitt,1997-06-01 This guide brings Chinese astrology back to its ancient roots, providing all the information you need for understanding one of the world's oldest systems of divination. The ancient Chinese people developed a sophisticated science of astrology that continues to have profound influence in China today. Rooted in the fundamentals of Taoism, it evolved into a system vastly different from Western astrology. Rather than determining personality by the time of the year in which you are born, in Taoist astrology it is the year itself that determines your character. The years form a twelve-year cycle of signs, each named after an animal. Additionally, your personality depends on which of the five traditional Taoist elements you are born under--water, wood, fire, earth, or metal. This makes for a cycle of sixty unique signs. Taoist Astrology includes information for each sign's personality, compatibility, child-parent relations, and rising and falling fortunes during the twelve-year cycle. Discussions of yin and yang, Confucianism and Buddhism, Taoist alchemy, and the connection between Taoist astrology and Western astrology give you all the background you need for understanding one of the oldest systems of divination known to humanity. Taoist Astrology differs from other books on the subject by grounding its concepts in the ancient traditions from which it originated.

**Postcolonial Astrology** Alice Sparkly Kat,2021-05-18 Tapping into the political power of magic and astrology for social, community, and personal transformation. In a cross-cultural approach to understanding astrology as a magical language, Alice Sparkly Kat unmask the political power of astrology, showing how it can be channeled as a force for collective healing and liberation. Too often, magic and astrology are divorced from their potency and cultural contexts: co-opted by neoliberalism, used as a force of oppression, or distilled beyond recognition into applications that belie their individual and collective power. By looking at the symbolic and etymological histories of the sun, moon, Saturn, Venus, Mercury, Mars, and Jupiter, we can trace and understand the politics of magic--and challenge our own practices, interrogate our truths, and reshape our institutions to build better frameworks for communities of care. Fearless, radical, and fresh, Sparkly Kat's Postcolonial Astrology ushers in a new wave of astrology revival, refusing to apologize for its magickism and connecting its power to the spirituality and politics we need now. Intersectional, inclusive, and geared towards queer and POC communities, it uses our historical and collective constructs of the planets, sun, and moon to re-chart our subconscious history, redefine the body in the world, and assert our politics of the personal, in astrology and all things.
