Easy to understand Zi Wei Dou Shu ALEX ALPHA - CHU NHAT HUY,2023-07-07 This book is primarily intended for looking up Zi Wei Dou Shu terms by users who do not know about ZWDS and beginners rather than a ZWDS chart reading guide book. However, if you have a grasp of the book, you will naturally know how to read a ZWDS chart. It is because the book helps you understand each brick and general structure of a house. Once you have a solid understanding, you can naturally build the house. All learning subjects have static and dynamic aspects. The static part is temporarily acquired by the learner, usually consisting of prerequisites and conceptual definitions. The static part is inherited from previous scholars and classic texts. The dynamic part is the result of the user's experience and the consolidation of knowledge. There are exceptional users who have the ability to revisit and upgrade the static part, such as Albert Einstein. But for most of us, when we first learn, we have to absorb the classical knowledge first and then apply and transform it later. Within the framework of this book, the terms are only explained in the most basic way to give you an idea and visualization, rather than providing complete and perfect explanations.
